Turbo & Electric Sales & Service

F4 – Fire Apparatus Electrical Systems

F4 - Fire Apparatus Electrical Systems F3 Ambulance Electrical

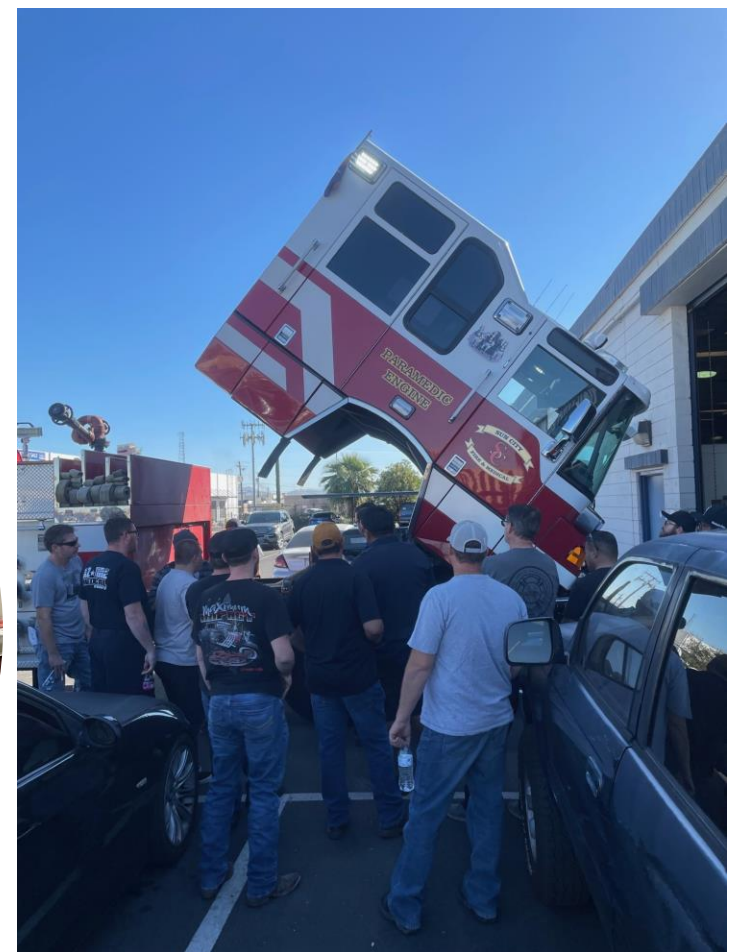

A special thanks to:

- Richard Gonzales from Delco Remy
- Scott Ives and Rick Safriet from Turbo & Electric
- Peter Sremac and James Moeller from
C.E Niehoff & Co.

For delivering an excellent training on electrical systems and alternators.

Thanks to Izacc Ramos and Sun City Fire for the use of a fire apparatus at the last minute.

Kudos to Rick Safriet for hosting the EVT testing until late in the afternoon.

Business Meeting

- Meeting called to order Oct 26,, 2024 at 8:27 a.m.
- Roll Call
- **Secretary's Report:**
- Review of minutes of last meeting.
Motion to Accept: Bill Pisani Second: Jonathan Sherwood Passed
- **Logistician's Report:**
Looking for a volunteer organization to move and house the pump box trailer.
Motion to Accept: Tony Newman Second: Phill Cantua Passed
- **Treasurer's Report:**
The association is in good financial standing. No large accruals of debt this quarter. Costs did include a plaque and dinner to honor EVT of the Year
Motion to Accept: Mike dulgar Second: Chris Russell Passed

Vice President's Report:

- January-Darley pump class to be provided by Mike Adams dates and location still to be set. Mike Adams' schedule may not accommodate a January class. May need to replace with alternate training.
- Goodyear has offered to host the training in January.
- The association has been in contact with Tony Martin who offers E3 and F8 classes that are 12 hours each and cover additional material for other EVT tests as well. This option may require the association to charge a tuition fee to cover all costs for the training.
- Additional training ideas: 1234 YF, Bauer Compressor class, Liquid Spring Class

Motion to Accept: Tony Newman Second: Mike Dulgar Passed

President's Report:

The association was able to honor Izacc Ramos at a ceremony hosted by his department in Sun City.

Arizona maintains its great national presence with EVT certifications. We are second only to Florida.

Motion to Accept: Mike Dulgar Second: Skip Grimes Passed

Old Business:

- Volunteers still needed for the Arizona Fire School Pump class. Please consider volunteering. Involvement offers the opportunity to work with engineers who need to know how fire pumps work. It's a fun and rewarding experience. There is some remuneration for time and travel, and in the long run firefighters are better prepared to operate the equipment. You may contact any board member for additional information.

New Business:

- Be on the look out for possible training providers as you deal with vendors.
- E3 has been identified as a need among our members and would make for a good training topic.
- Golder Ranch, Mesa, and Tempe continue to offer facilities for training sessions
- Meeting was recessed for Voting
