Frequently Asked Questions [FAQs] : Made to Order Clothing Manufacturers

01. What preparation do I need to have in order to begin with you?

All we need from you is - your design details. That's it. Rest we do everything!

If your design details are not ready, we will guide you how to get it done and the ownership will remain with you.

02. What is your minimum / MOQ and can it be negotiated?

We take pride to accept the lowest minimum order quantities and are passionate about helping to start your clothing line successfully at our small batch apparel manufacturing facility.

We prefer 100 pcs per style (mixed sizes) - for single or solid colour of styles

For printed / embroidered we accept 1000 pcs per styles per colour (mixed sizes)

Yes! This minimum can be further negotiated depending upon several factors. Please contact us and let us study your design details before we can make any promise to you.

03. Do you also do large mass production orders?

More than a decade ago, we started as small quantity clothing manufacturer and eventually we grown big. Today, we are equipped to do mass production orders with average monthly production capacity of 200,000 units per style per month. We have partnered with about 100 sewing contract units, about 15 printing and embroidery units, and about 10 Packing units to make the production further fast. We grown big due to our clients whom we worked while they were small. Hence as a mission, we love helping small and start up clothing business by accepting their small batch clothing manufacturing orders!

04. What is your price list?

We do not have a ready / fixed price list as such. Price varies based on your design / style detailing, and total quantity in the given style. The best if you send your requirement details. After proper study of your given design details only, we can provide you the prices. Being clothing manufacturers for small orders, we accept small quantity order as well. So nothing to worry!

05. What is your turn around time or lead time?

Being a small quantity custom clothing manufacturer for sampling we take 10 to 15 days. For production 90 days. However much depends on the total quantity and style detailing.
