

Crawlin' to a Cure Request for a Donation Form

This form is to request a donation for a person (adult or child) with any kind of cancer for up to \$2500. We require a doctor's letter with diagnoses on official medical office or hospital letterhead signed, dated and with doctor call back contact number. All requests are put to a vote by the CTAC board members. Donations can be used for whatever a family feels will help them best. We limit one donation pre-family pre-calendar year. These donations are separate from scholarships. Graduating seniors can still apply for a scholarship even if their family has already received a donation in that calendar year. The check can be written to the person with cancer, to the family (example; Smith Family) or name that is set up on a donation bank account. We are a small Colorado non-profit that donates to local families mostly in the Western Slope on the I-70 corridor but will consider other families with in Colorado.

Please email or mail your completed form with doctors' letter to; Vikki Hobbs at crawlintoacure@gmail.com or 1760 Gypsum Creek Rd, Gypsum, CO 81637

Name of person requesting donation: _____
