BITTERMENS

Bitters are becoming increasingly influential in the world of cocktails, particularly in cities like New York, Boston, and San Francisco, where cocktail enthusiasts and bartenders are reviving old recipes and inventing new flavors. In 2010, Bittermens experienced a significant resurgence, including ending previous agreements, forming new partnerships, introducing fresh products, and securing a commercial kitchen.

BITTERS

BITTER TRUTH

The Bitter Truth Cocktail Bitters were created with the intention of faithfully reproducing classic drinks according to their original recipes, as well as for experimenting with contemporary cocktail concoctions. Their bitters are crafted in the traditional manner, utilizing the finest natural ingredients available. The Bitter Truth bitters have garnered numerous awards and are dedicated to pushing the boundaries of innovation within the realm of mixology.

PORTABLE BAR

- **Variety of Styles:** Portable bars come in different styles and materials, ranging from sleek and modern designs to rustic or classic aesthetics, allowing them to fit various event themes.
- **Mobility:** Most portable bars have wheels or handles, making them easy to move around the event space as needed.
- **Versatility:** Portable bars are suitable for indoor and outdoor use, catering to a wide range of event types and venues.

A portable bar is a compact, customizable solution for beverage service in various locations. Tailor-made options, including logos, are available, and some models are enclosed, providing versatility for events and gatherings.

ABS DRINK MACHINE

Perfect for setting up a cost-effective and efficient counter. With a capacity of over 15 kg of ice, both cubes and crushed, it ensures a long working autonomy due to the large amount of ice it can hold and the drainage system that allows excess water to flow out. Divided into sections by removable panels: one larger section to separate cubed ice from crushed ice, and three smaller sections to store all the fruit juices and premixes needed for the work.

The ABS built-in module, designed in sleek black, offers an efficient solution for creating a cocktail station. With a capacity of over 15 kg for ice cubes and crushed ice, it boasts an extended operational time.

The drainage system prevents water accumulation. The module is divided with removable panels: a larger section separates ice cubes from crushed ice, and three smaller sections store fruit juices and premixes.

- 7 removable condiment holders for organized storage.
- 2 juice bottle separators for quick access.
- 1 partition for separating ice cubes and crushed ice.
- 1 ice separator with drainage to prevent excess water.
- 1 drain with gasket for effective water management.

MOBILE BAR

The Screwless Assembly Modular System is a massive and robust solution for modern spaces. Each piece is meticulously crafted with sandwich panels featuring polyurethane foam interiors in an elegant white color, offering durability and contemporary aesthetics. This set provides unparalleled functionality with easy assembly and no need for screws.

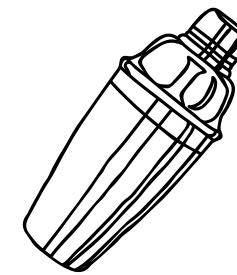

- **Material:** ABS and SBC
- **Color:** White
- **Dimensions:** 1600 x 720 mm (Width x Depth), Height: 1150 mm

The Massive and Solid Screwless Assembly Modular Set is a powerful and sturdy solution designed for easy assembly without the need for screws. Crafted entirely from sandwich panels with polyurethane foam interiors in a sleek white color, this set combines durability with a modern aesthetic.

- **Material:** ABS and SBC
- **Color:** White
- **Dimensions:** 1600 x 720 mm (Width x Depth), Height: 1150 mm

COCKTAIL TOOLS

The "Cocktail Tools" section of the catalog showcases a comprehensive range of essential tools designed to elevate the art of cocktail crafting. From shakers to strainers, muddlers to jiggers, this collection offers everything needed to create professional-grade cocktails. Each tool is crafted with precision and durability in mind, ensuring that bartenders and enthusiasts alike can achieve perfect concoctions with ease.
