

**ALWAYS
FORWARD**

We believe that a professional should be always in motion, without space and without time, he must seek quality, he must always be up to date and with his own style. Bar in Progress has made this its philosophy. This is why we collaborate every day with the world's best Bartenders.

Constantly studying, researching, planning and selecting accessories that gratify every professional.

Our search for quality, our observation of the market, our study of trends and new blending techniques leads to the birth of cutting edge products. Our accessories range from the Catering industry and the specialized Cocktail Bar, professional Bartender multi equipped Bag's, to all small and big objects used to mix cocktails and organize the bar station.

SINK UNIT
Lavello per Cocktail Catering Station (optional)
Sink for Cocktail Catering Station

Sistema acqua a circuito chiuso
2 Taniche carico/scarico acqua (5 lt cad)
Pompa 12 V
Misure 41*72*85 cm

Closed circuit water system
2 loading/ unloading tanks water (5 liters each)
12 V pump
Size 41 X 72 X H 85 CM

Perfetta per organizzare un banco in maniera economica ed efficiente. Con una capienza di oltre 15 kg di ghiaccio tra cubi e tritato, garantisce una lunga autonomia di lavoro sia grazie alla grande quantità di ghiaccio che può contenere ed al sistema di scolo che consente all'acqua in eccesso di defluire.

Suddivisa in settori da pannelli removibili; uno più grande per separare il ghiaccio in cubetti da quello tritato e tre più piccoli dove riporre tutti i succhi di frutta e i premix che servono al lavoro.

SP07002 SPEED RACK small
SP10002 SPEED RACK large
BOTTLE SPEED RACKS
Tasca Portabottiglie in ABS

Misure
Small: larghezza 58cm, capienza 7 bottiglie.
Large: larghezza 85cm, capienza 10 bottiglie

Lo speed rack è una tasca portabottiglie, un accessorio utile per ottimizzare, spazi, tempi di lavoro ed organizzazione. Da un lato elimina l'ingombro delle bottiglie che altrimenti avrebbero occupato il piano di lavoro, dall'altro gli stessi prodotti nella stessa posizione aiutano il barman a velocizzare il servizio. La rack è in plastica rigida antiurto, flessibile, resistente e infrangibile alle collisioni con le bottiglie. Leggera e rimovibile, si può montare sia su una cocktail catering station che su un qualsiasi banco bar grazie a due semplici supporti a vite.

The speed rack is a bottle pocket, a useful accessory to optimize space, working time and barman organization. The rack is made of flexible abs plastic resistant and unbreakable to collisions with bottles. Light and removable, it can be assembled with 2 screw on a cocktail catering station or any bar counter.

DESIGNED by
Bar Progress

SPBL001
BLENDER SPEED RACKS
Portablender
in ABS nero

Lo speed rack in ABS nero antiurto è un piano per appoggiare gli strumenti elettrici come blender, mixere ice crusher. In dotazione con la cocktail catering station o acquistabile singolarmente è applicabile a qualsiasi banco bar con due viti di sostegno.

The speed rack black ABS it's a plan for support the electric tools. Supplied with the cocktail catering station or separately. Applicable to any bar station with 2 screws.

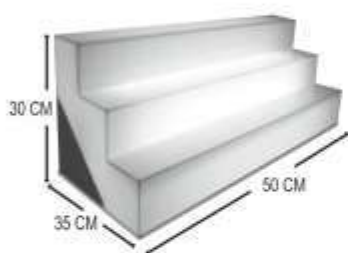

BOTTLE DISPLAYS

Gli espositori per bottiglie, sono un ottimo modo per mettere in mostra i diversi tipi di marche di spirits. Attirano l'attenzione dei clienti, creano atmosfera e senso di organizzazione del bar.

Liquor Bottle Display shelves are a great way to showcase the different types of liquor brands. It grabs the attention the guests while creating a relax ambiance and good organization of bar, efficiency, practicality and style.
