

FALL JUNIOR GOLF LESSONS!

Meet Steve Sanders ~ swjs1977@gmail.com ~ 636-515-0090 cell/text

Parents if you have a junior looking to get involved in golf, this might be for you. I've been around the game since the mid 70's. After 4 years of college golf I turn professional and started teaching in 1985. I've taught at golf schools in Wisconsin, Florida and the lead instructor for then the President of the PGA of America. I credit my teaching philosophy and understanding the learning process to my BSE from Northeast Missouri State University (now Truman State) My teaching methods are simple to understand. I'm a real stickler to the fundamentals, grip, posture alignment, ball position and set-up. I break the swing down in simple to understand terms. With the global pandemic changing the youth sports arena, this fall would be a great opportunity to introduce your child to golf. These clinics are designed to get your kids started to be prepared for High School or College golf. In my 35 years of instruction, I coached hundreds of High School Golfers, (1) All American @ Northwestern University (2) Division 1 golfers and 4 division II golfers. If your child is committed, good things can happen and will happen.

Fall Junior Golf Clinics

at The Wentzville Driving Range:

Open to current 3rd, 4th, 5th, 6th, 7th & 8th grade boys and girls

2020 FALL Golf clinics: DESIGNED FOR Beginner/novice/entry level kids.

- **Fall Clinics:** All clinics are designed to introduce the game that they can play the rest of their life and prepare these kids for High School golf teams.
- **All clinics are 55 minutes in length (Minimum of 4 students ~ Maximum of 6 students per session)**
- **I want (1) parent to be right there while I am teaching, the kids will leave with drills to work on the following week to be ready for the next session! Kids do better when parents understand my methodology of teaching and these drills that they will need to work on that week.**
- Currently the top 7 girls on the Holt Varsity team have participated in clinics or private lessons conducted by Steve Sanders
- All clinics are schedule for (4) sessions.
- Weather ~ we will not participate in steady rain, off & on drizzle, yes, lightning ~ **never** if I have your e-mail @ cell phone, I'll do the best I can to notify you. When in doubt, show up. Do not assume it's raining at the range
- Cost per clinic per person \$100
- Payment = registration. As soon as 6 pay, per class, that class is closed as soon as you pay you are registered. To pay and create a paper trail for registration e-mail Steve @ swjs1977@gmail.com
