

SAABL Return To Play Guidelines – July 2020

The SAABL Return to Play Guidelines record and reflect SAABL's commitment to Members to safely facilitate the return of social basketball for a 2020 season. SAABL asks the League's players, officials and community to become familiar with and follow the Guidelines. They seek to adopt a common-sense approach to returning to basketball. The League acknowledges that some aspects will be more difficult to monitor and enforce than others, and, accordingly, asks all players, coaches, managers, spectators and officials exercise appropriate judgment and use common-sense when entering and exiting our stadiums. Specific guidelines about entry and exit of stadiums and cleaning will be enforced. If you do not adhere to these guidelines the Biosafety Officer/Umpire in Charge can restrict you from entering the stadium or playing in any game. Please also remember that players and spectators must adhere to and are bound by the relevant SAABL Codes of Conduct.

If you are feeling unwell, have any cold, respiratory or flu-like symptoms, or have an elevated temperature / fever, you must not attend and / or participate in the competition. Stay home.

If you are required to self-isolate or quarantine, you must not attend and / or participate in the competition. Stay home.
