Do You Have a Chapter Charter and Constitution? If Not, It's Not Too Late

Make the 2019-2020 school year *the* year for creating a SkillsUSA chapter that's built on a rock-solid foundation. Whether you've had an active chapter for years or your chapter is just developing, now is the time to ensure success!

To do that, take a look at the steps below to apply for a chapter charter and create a chapter constitution. Even if you have been operating as a chapter for a number of years, it's not too late to create your constitution and formalize your structure. Don't delay on this step, and be sure to get your members involved in the process. It is a great way to learn about the organization.

- If you are a new chapter, it is imperative that you submit a local constitution and chapter charter to your state SkillsUSA director. Once the state SkillsUSA director has accepted your local constitution and chapter charter, your school will be included among the registered users on the SkillsUSA registration site.
- Complete the SkillsUSA [Application for a Chapter Charter](#). The charter requires an administrator's signature. You may want to have students share their excitement about the new chapter by delivering the charter to the administrator for his or her signature.
- Along with the charter, the chapter must submit a constitution. Use the [Suggested Local Constitution](#) as a guideline, and ensure that you update it with school-specific information. Your chapter can always amend the constitution in the future if there is ever a need.
- Your chapter is official once your state SkillsUSA director has accepted your charter and constitution. You are ready to move forward to take advantage of local, state and national opportunities that await you and your students.

Become a SkillsUSA Career Essentials Certified Teacher

Are you using or planning to use *SkillsUSA Career Essentials: Experiences* courses and their associated assessments? If so, consider joining SkillsUSA's virtual opportunities for Career Essentials Certified Teacher training in September.

At present, there is one option for completing the training in one four-hour online session, and there are also several options for completing the training in four one-hour online sessions. In addition, there are opportunities to set your own date for on-site training of a teacher group (for groups of 12 or more) or your own date for virtual training of a teacher group (for groups of five to 20).

Virtual training sessions require a minimum of five registrants, and a maximum of 20 will be accepted for any one given date.

SkillsUSA Career Essentials Certified Teacher training is designed for teachers who are currently using the Experiences courses or who are planning to. Contextual information about the SkillsUSA Framework and basic resource information is assumed to be known by individuals participating in this training. If additional contextual information is needed for trainees prior to participating, our trainers will work with you as needed.

MyOptions Survey Packages Delivered

As another academic year begins, SkillsUSA has partnered with MyOptions to provide postsecondary planning for students. This free, voluntary program is conducted through a customized survey program. It has been developed to not only provide college and career planning resources to SkillsUSA students, but also provide customized reporting to instructors. Packages began shipping Aug. 29 to select classrooms. If your classroom was selected, you will receive a postcard a few days before the survey packages arrives. Once you have received your package, please take 20 minutes to pass a copy out to all students, have them complete the form and return it in the postage paid envelope provided. There is an educator survey form so SkillsUSA can also collect your valued feedback. Packages should be returned as soon as possible but within six weeks of receiving them.

If you do not receive a postcard or package and would like to participate, please request a package at: <https://myoptions.org/educators>. If you have any questions, please send an email to peggy@myoptions.org.

Plan Now to Participate in Manufacturing Day

SkillsUSA traditionally participates in Manufacturing Day, a celebration of modern manufacturing meant to inspire the next generation. While Manufacturing Day is officially the first Friday in October — this year, **Oct. 4** — SkillsUSA chapters can hold events on any date in October that works best. Events for students can include a plant tour, a virtual tour or an event on your campus that highlights manufacturing.

SkillsUSA chapters are asked to share their Manufacturing Day photos and stories with national communications specialist Hayley Uffelman at huffelman@skillsusa.org. For resources, or to find events in your area, go to: www.mfgday.com
