Each rotation lasts approximately 2 hours and 15 minutes. Students will start at their first designated station. The station will begin with 2 minutes to read the directions, 15 minutes to complete the station, and 3 minutes to cleanup and reset the station. The student will then proceed to the next station in numerical order. Station #7 competitor will move to #1 and so on.

Rotation 1 should report at 7:45am to be briefed so the competition can start promptly at 8:00am.

Rotation 2 should report at 9:55am to allot time for the briefing and should the competition be ahead of schedule, the early reporting time would allow us to start the second rotation earlier.

Rotation 3 should report at 12:15.

Reporting times are not optional. The second or third rotations may begin earlier than scheduled but not before the reporting time. Please be there before the reporting time for your rotation. If the rotation begins and a competitor is not present they WILL NOT be able to make up missed stations. Competitors will report to the holding area.
