Dear Parents:

Thank you for choosing Spirit Life Academy.

During the month of April/May we are offering pre-registration for the 2026-2027 school year. The fee is \$25 for each family. We want to give first opportunity and priority for re-enrollment to our current students. Area is limited. Registration in June will return to being \$75.

There are a number of upgrades to the facilities and things needing to be repaired that students broke. And we need to repaint several of the areas where students work. This fee will help us to make these repairs during the summer and enable us to best plan for the 2026-2027 school year.

**Please check which applies to you.**

\_\_\_\_\_ I have applied for the Texas School Voucher and will be using it this coming school year

\_\_\_\_\_ I didn't apply for the Texas School Voucher and would like the scholarship that will bring our families school tuition to what we paid in the 2025-2026 school year.

Thank You
