

Horsemanship Student Scholarship Policy

StirrUp Purpose's scholarship program exists to provide lesson fee assistance for Horsemanship students in financial need. The goal of the program is to remove financial barriers for students that would benefit from our services.

Final determination of tuition assistance is based on the demonstrated financial need and the funds available at that time. StirrUp Purpose puts significant effort into fundraising dollars for our scholarship account and fund availability may vary from year to year.

Scholarship Levels

Assistance Level	Weekly Lesson Fee	Student Co-Pay	Scholarship Amount
¼ Scholarship	\$45.00	\$34.00	\$11.00
½ Scholarship	\$45.00	\$23.00	\$22.00
¾ Scholarship	\$45.00	\$11.00	\$34.00

Guidelines

- 🏆 A completed scholarship application must be submitted to StirrUp Purpose on an annual basis.
- 🏆 Monthly tuition varies depending on month length. Co-Pay will be charged for the number of lessons in the month.
- 🏆 Student co-pays are due on the first day of the month.
- 🏆 Funds should be requested and used only when other sources of funding have been exhausted.
- 🏆 Funding may be discontinued if 2 or more no-shows occur within the 12-month scholarship period or 3 or more lessons are missed (planned or unplanned) during the 12-month scholarship period. Unexpected hospitalization terms or physician prescribed absences that result in 2 or more lessons missed will not be counted as reasons for discontinuing funding. Students whose funding has been discontinued may re-apply after a 12-month period.

Scholarship winners are encouraged to communicate their appreciation through testimonials, letters and thank you notes.
