

# Connected Kids and Families

## A six-week program for kids and parents/carers

---

This is a group for families of Women, Children and/or Young People who have experienced Domestic and Family Violence (DFV). The aims of the group are

- To help families strengthen their relationships
- For family members to understand each other's experiences
- To provide a supportive environment for family members to talk and have fun together
- For families to connect with other families to share ideas and experiences
