

Introducing . . . . .

## *A New Community Resource*

Moving a community to a place where people are healthy, safe, and cared for takes a concerted effort. Community leaders know they can't do it alone. They understand that the ability to work collaboratively with other individuals, agencies and organizations, both inside and outside the community, is critical for building a healthy community.

The Alix Mirror Wellness Supports Society is committed to creating coordinated efforts that develop initiatives to meet the needs of individuals and families in the community. We are working with existing organizations and agencies to ensure our community is well served. Where gaps are identified, the team will work with partners and groups to develop those resources that are needed.

Check out [www.alixbriefs.com](http://www.alixbriefs.com), a website created to deliver the information and supports needed during this global pandemic. We have a 24/7 call line for community members in Alix, Mirror, Tees and the surrounding area to connect when needs arise. The Village of Alix has leased the Alix and Area Community Resource Centre space in the same building Alix FCSS and Alix Recreation resides, which gives us many opportunities to partner.

We are looking forward to working with our community.

**“People working together in a strong community with a shared goal and a common purpose can make the impossible possible.”**

– Tom Vilsack
