ACME

EAST LONDON ARCHITECTURAL STUDIO

We were tasked with creating a lively, chic and minimalist party for 250 guests.

We kept the cocktails and canapés flowing and the dance floor full well into the night.

TESTIMONIAL

"A huge thank you for all your meticulous arrangements and delicious canapés yesterday! The evening was a huge success and we received many compliments on the excellent quality of the canapés. Even our Italians confirmed that your arancini were better than those one can get in Italy. Thank you for going above and beyond! We could not be more pleased. Your staff were lovely and cheerful, thank you so much again for making sure all the arrangements ran seamlessly."

RALPH LAUREN

FABRIC

ONE OF OUR FAVOURITE VENUE PARTNERS

From a rave style canapé and bowl event for 500 to a formal charity gala with silver service, flowers and set design - this space is unique, exciting and versatile.

TESTIMONIAL

"We were extremely happy with Salsa Rose's service. The incredible variety of appetisers and bowl food they served us during our Christmas party beat all our expectations. Hesper was very helpful from beginning to end and took away all the burden of having to deal with the venue owners. If you are looking for incredible food, friendly staff members and unbeatable prices, Salsa Rose is the one!"

BERLUTI

FOOD STATIONS

Berluti tasked us with creating an evening to celebrate their Italian roots.

As well as sourcing the finest prosciutto di parma and Italian cheeses we set up a live fresh pasta station. Homemade tagliatelle cooked to order in a half wheel of parmigiana and finished with fresh truffles. Guests sipped on classic Italian aperol spritz and negronis.

TESTIMONIAL

"Salsa Rose are way more than a catering company! They are a group of fantastic people passionate about their work in delivering excellence and doing so with great style, energy, attention to details and always with a wonderful smile on their faces! Passion attracts passionate people I guess, and ultimately passion always delivers and so do you!!"
