I'm a classic and a beauty. I've got just the kind of hop you're looking for, smooth and a little spicy with an American twist. They say, "A kiss is just a kiss," unless it's from me. One sip and you'll fall hard for my rich, full flavor. I'm complex in all the right ways, yet still light enough to leave you wishing you had more and it's a good thing you do. This could be the beginning of a beautiful friendship so let's not wait to find out!

INDIA PALE ALE

The IPA is complicated. Misunderstood by some, loved by many. Big in herbal and citric character, our Towne IPA also carries a degree of bitterness that is common in what is considered the flagship flavor of the craft beer movement. If you're looking for something full flavored with a nice malty backbone, the Towne IPA is for you.

Quick to call me a "bitter bitch?" I don't think you know me very well. Sure, it's true what they say, I've got a lot of hops; but nothing that will ever leave you with a bad taste. I'm just a little complicated is all. What some call, "Irritable Pain in your Ass", I say, "Irresistibly Perfect with Attitude." Too bitter? Oh please, you wuss, more like sweet and spicy. Call me what you will, but everyone can agree...I am unique.

WHITE ALE BEER

Leave it to the Belgians to create what we consider as one of the most versatile beers in our Towne. The Towne Tiger, our White Ale, has a pale yet cloudy appearance due to being unfiltered with a high level of wheat that's present in the mash. It's sweet, yet complex, an ideal mate on a sunny Sunday afternoon.

ALCOHOL: 4.5% by volume

"All things in good measure" is my motto. You can take me anywhere and I'll promise to behave. With just the right balance of wheat and barley malts, I'm smooth with a platinum personality that shines. Other girls might need to be forward, but I let my taste speak for itself... and it'll keep you purring all day long. Don't be fooled by my easy going attitude, with the perfect amount of Perle and Magnum hops, I've got bite where you want it.

PALE ALE BEER

If you want full-flavored and malty, you need to meet the Towne Hippie, our Pale Ale. Made with predominantly pale malt, (hence the lighter color like its close-relative, the IPA) our Pale Ale is a fitting friend to complement a protein-rich meal or unwind after a long day. Loaded with Magnum, Perle and Cascade hops, the Towne Hippie will, without a doubt, lighten the mood and provide good vibes for all who partake.

It's no secret I'm a free spirit, but don't worry, I'll never leave you hanging. I'm an all-American girl, well-traveled and full of adventure. I'm brewed with Magnum, Perle and Cascade hops, and wanderlust has taken me every-where in between. My Maris Otter malts bring all the flavor your palette needs. The essence of a true Pale Ale is in the aroma and I've got what it takes to tickle your nose. Tap my inner flower-child so we can jam at all the festivals and dance around bonfires on the beach. No matter where you're going, when you have me, you've arrived.

AMBER ALE BEER

While its cousin, the Towne Hippiie, gets much of the mainstream acclaim, the Towne Belle also provides its fair share of notable adventure. I'm a cultivation of beauty and genuine hospitality. When y'all come to my door I won't ever leave you parched. My Crystal and Munich malts are perfectly balanced for that friendly, familiar flavor that'll make you feel right at home. I've got a sweet disposition with the help of my Willamette and Perle hops and darlin', you know I'm a true Southern Belle, I wear my pearls well.
