**THE CAMINO BREWING COMPANY WAS BORN DURING OUR 1,900 MILE BICYCLE JOURNEY ALONG THE PILGRIMAGE TRAIL TO SANTIAGO DE COMPOSTELA, SPAIN.**

The Camino is a journey of connection and self-reflection. It's the kind of thing you do when you need to clear your head and heart, and to push yourself past the limits of ego and the daily grind.

After cycling many miles along this mythic trail, we finally landed in Santiago de Compostela. We had strained both muscles and the limits of our friendship, gotten lost and found. While Santiago was the destination, The Camino confirmed for us that life is really about the journey. Somewhere out in the middle of Spain we decided that we wanted our daily lives to reflect this truth.

At Camino Brewing Company, we love crafting high quality beer, and drinking it with friends old and new. Beer brings people together, it always has, and we love being a part of those connections. We are building a place where fellow travelers can congregate and revel in life's journey. We hope our taproom will draw beer lovers from both near and far to commune with one another.
