FOR CHESAPEAKE

“Vote for a fighter that will advocate for the people and for a better future for Chesapeake.”

- Les Smith

What I Stand For:

Affordable Housing: Advocate for affordable options for middle- and low-income families, seniors, disabled, and homeless individuals. Focus on scaling down the size and cost of homes, and increase the availability of apartments, townhomes, and condos to meet the growing need for financially attainable housing.

Convocation Center & Sportsplex: Push for a center that can host high school graduations, fine arts events, concerts, and sports, creating a space for both family and adult recreational activities. This would keep local dollars in our community.

Single Member Voting District: Support a shift to a voting system that offers better representation for all citizens and holds city council members more accountable. This would promote diversity in leadership and make elections more accessible.

Youth & Community Programs: Create and promote programs for youth summer jobs, homebuying assistance, job training, and after-school support. Encourage business startups and skilled trade development, all while strengthening public safety and community resources.

Fighting for You:

Economic Growth for Local Stability

Education & Awareness to Build for the Future

Employment Opportunities to Support Our Families

Embrace the positive energy that is in this season to make Chesapeake, our communities, and our families all they can be!

Vote for Les Smith for Chesapeake City Council

Say #Yes2Les on November 5th!

Please visit www.yes2les.com to volunteer and/or donate to the campaign!
