

When I cruise around the other parts of town;

Once every year, Warren's Boys' League sponsors a car show, giving our "fancy car lovers" a chance both to show off their own, and to admire cars of different looks. The cars are put on display and scattered throughout the quad and Senior Circle for all to see as the day passes by. Chosen members of Boys' League judge the cars in each class on the basis of appearance and stability. Warren students and teachers own many various makes of cars and are proud to enter their pride-and-joys for competition, and that's what makes our Boys' League Car Show a success.

I got myself together
