

# The Best Season Yet

1. Paul Van Ryan demonstrates his perfect Varsity form. 2. Mark Allen concentrates before the gun. 3. Bill Reiman proved to be a strong league contender in the butterfly. 4. Brent Clumpner demonstrates the proper position for a quick get-away. 5. Bill Reiman moves on.

The Swim Team experienced its best season in Warren's history. With many returning lettermen, the team not only had talent but experience. Its strongest point was the CIF ranked relay team. With determination and personal effort, the team proved to be one of Warren's best.

# Frosh-Soph are full of surprises

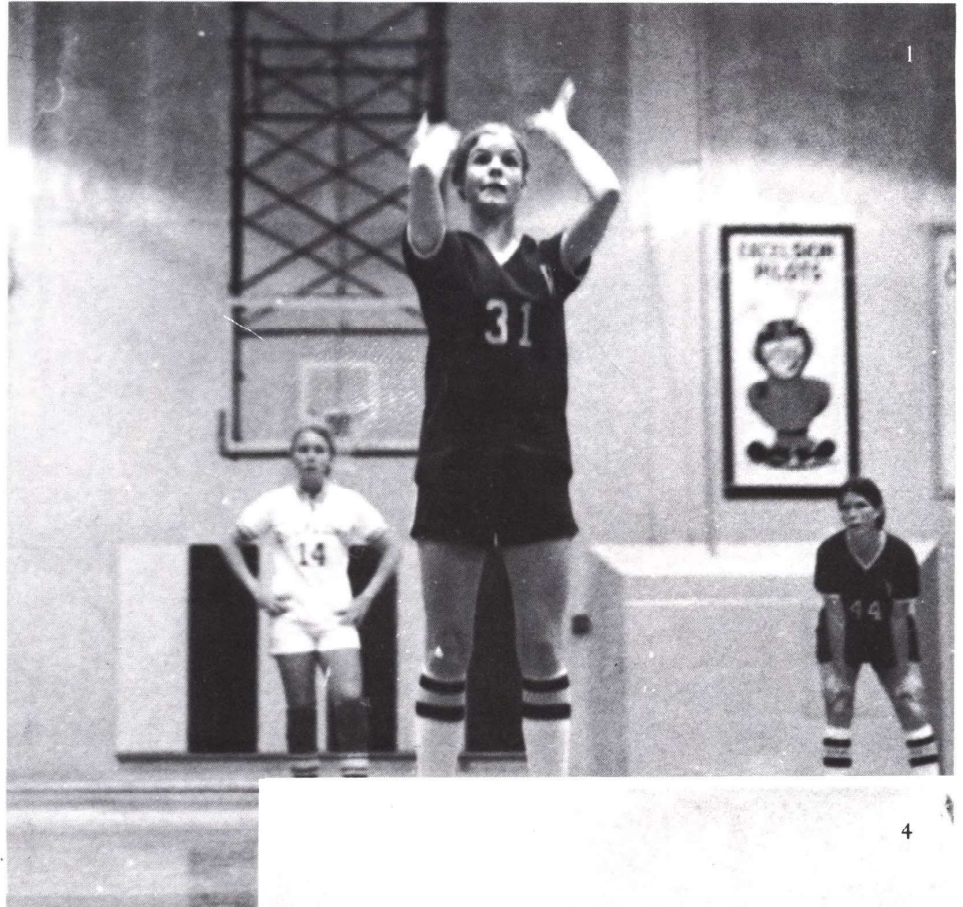

# Girls Have a Strong Second Try

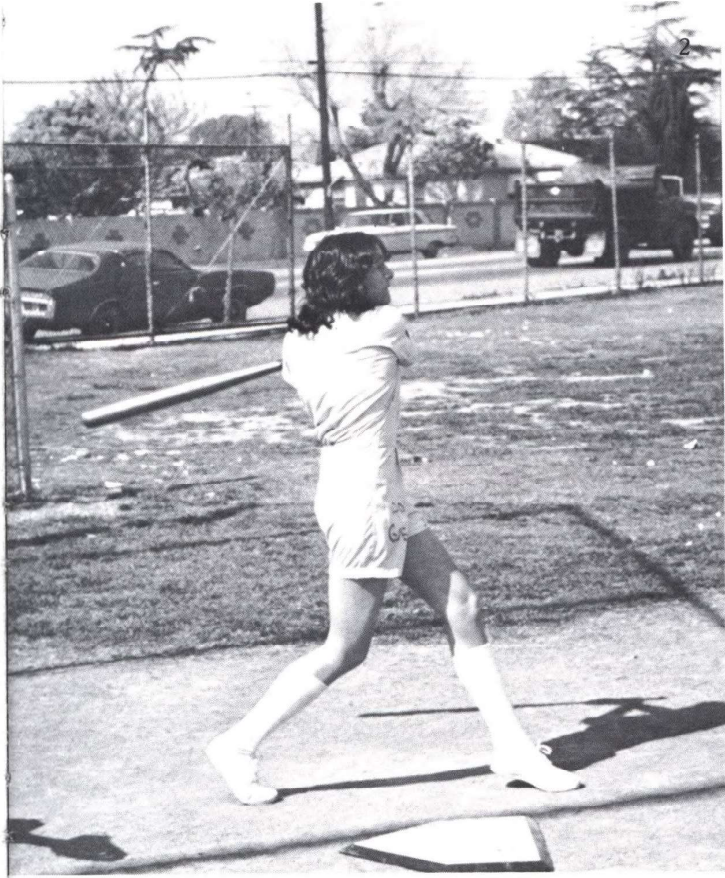

The Girls' Athletics Program is just getting into its second year of C.I.F. competition. In its second year, the Varsity Girls' Softball Team went on the win league and enter CIF. The softball teams are coached by Miss Carmen. She is a strong-minded and hard-working coach who devotes much of her own time and effort to work with these girls who haven't had much experience in organized sports.

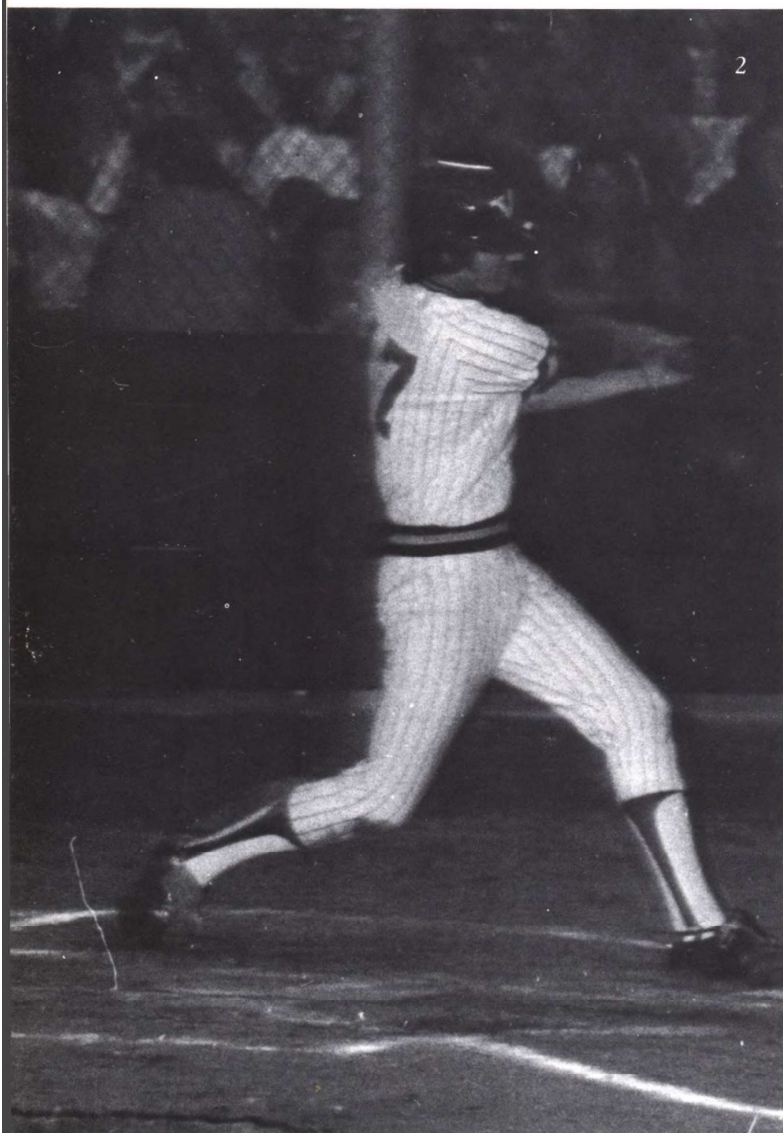

Although they work as hard, the basketball teams have not had the luck that the softball teams has had. These hard working girls are led by the two new additions to the girls coaching staff, Mrs. Roache and Miss Cairns.

1. Karen Biedenbach takes a free throw. 2. A strong hitter takes a good swing. 3. A tip off always starts off the game. 4. Joanne Villa dribbles down the court. 5. Catcher covers home plate. 6. A good second baseman always has her base covered.

# Playing Hard is not just for guys

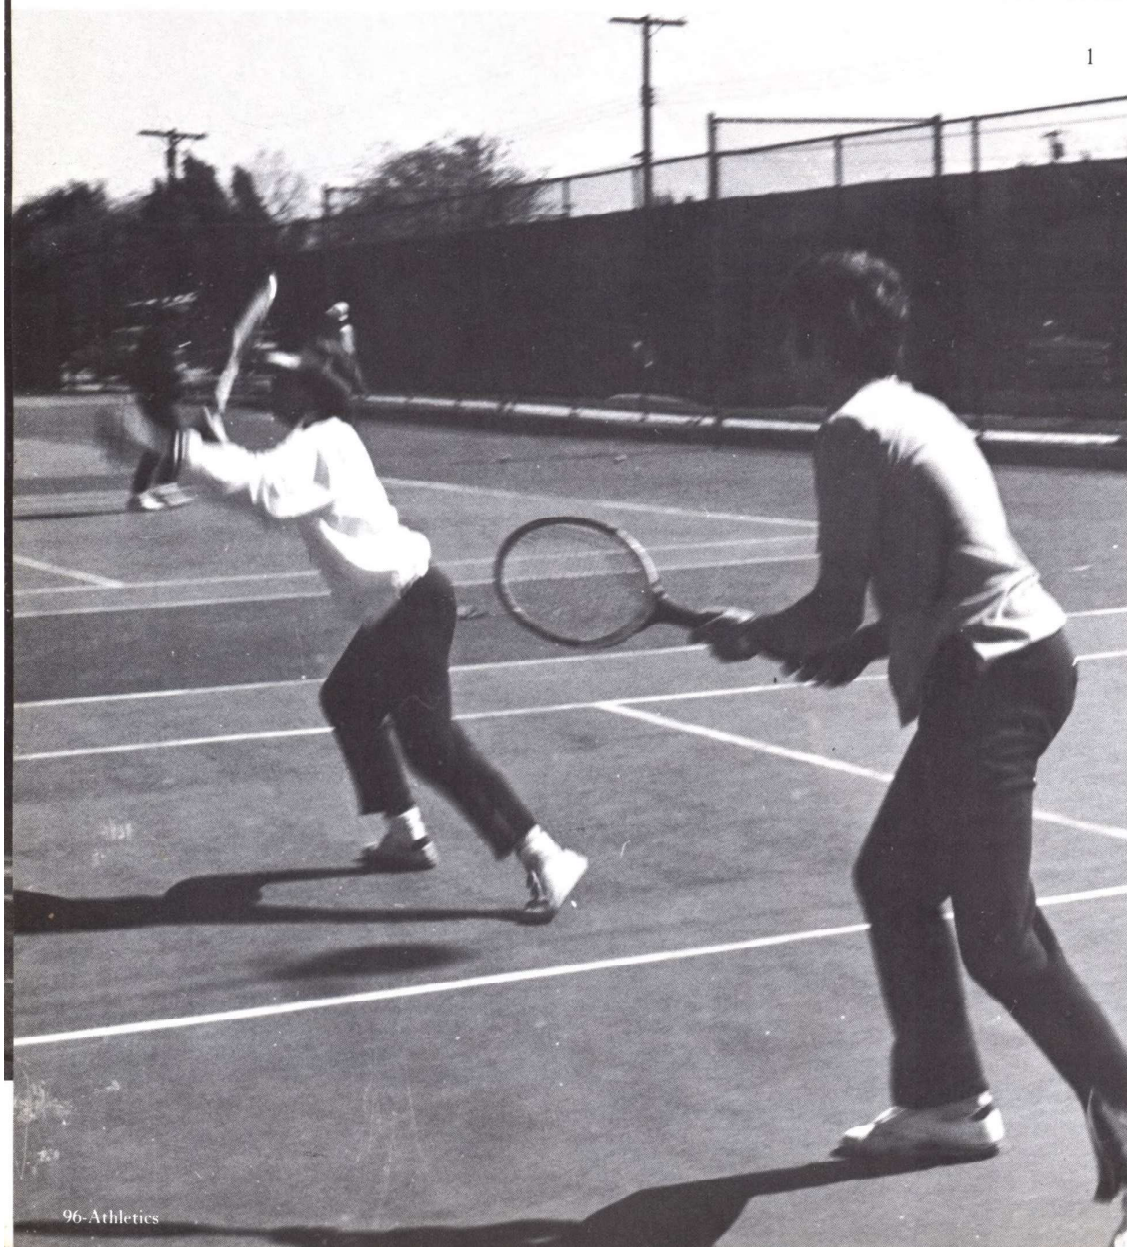

## Sometimes it's like trying to hit air

Long hours of practice were put into making the young inexperienced Varsity Bears the best team possible. Although they were not defending a title in the league, they may have surprised some people.

Working together as a team, their strongest point was their seven-man pitching staff with four returning lettermen. Although the offense was weak in hitting power, the strength of the defense should have carried them through.

1. Troy Hite hurtles one of his fast-balls to astound another baffled batter. 2. Dan McMillan shows the ability of the top hitter in the league. 3. A J.V. runner slides into second a little to late. 4. J.V. pitcher Tom Currie stretches for that last bit of speed.

Ran,

Well, just think if you and Sam didn't go out we probably wouldn't be such close and good friends. I'm really glad I got to know you because you are one of the the sweetest & cutest guys I've ever met & I don't think I'll ever forget all the good times we shared (at lunch & around campus) together, thank-you alot for being such a great friend. Well, you're going to go to college, huh? I wish you all the luck in the world # with everything you do and become in the future, I'm sure you will be a fantastic photographer (I can't spell to good). I just hope that just because we're out of school and you're going to Utah that we won't lose contact because I'll miss it so. Well, if or when I get married you're

## Tennis: A Game of the Mind

definitely have to be my picture taker (HA! You thought I was going to misspell ~~photographer~~ ~~photogapher~~ huh?). Well there not much

The experience of the Varsity Tennis team just may have been one of its strong points. Coach Wayne Wolfsberger is new to the team this year and striving for a strong and resourceful Varsity squad that can win the match mentally before the first serve.

1. Doubles is a game of working together and being able to depend on yourself when the going gets rough
2. Jim Beull volleys for match points.
3. Let's hope they lowered the net.
4. Frank Otto goes back for a long shot.

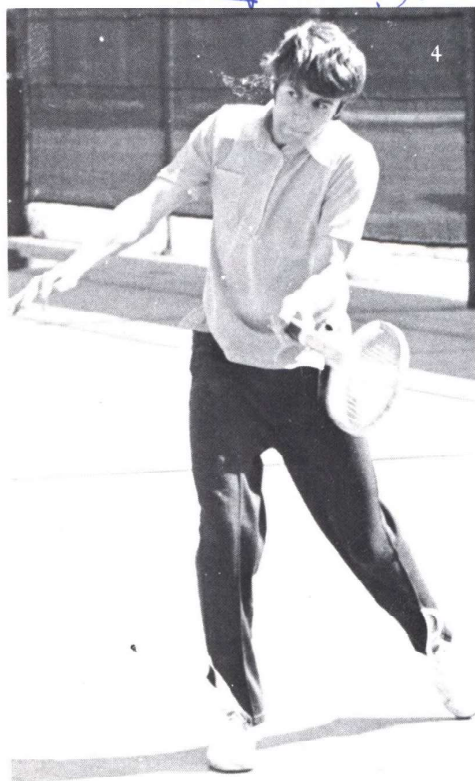

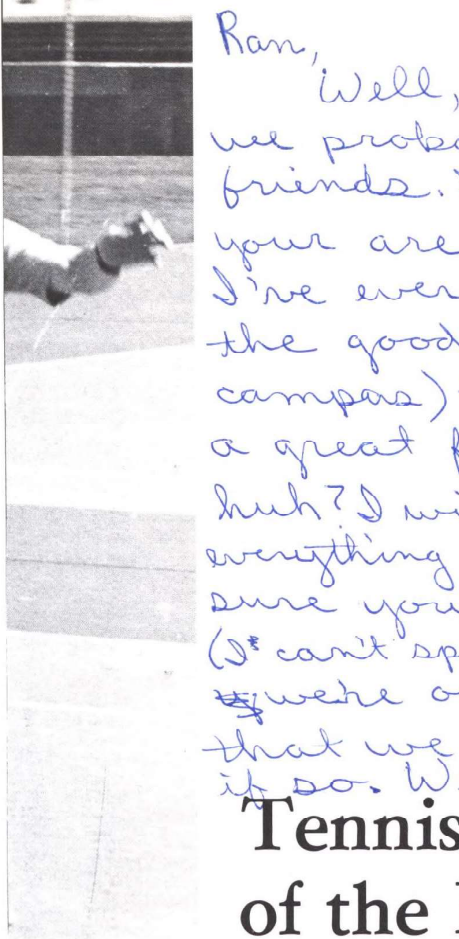

please call on me because I'll always be here.

# Volleyball:

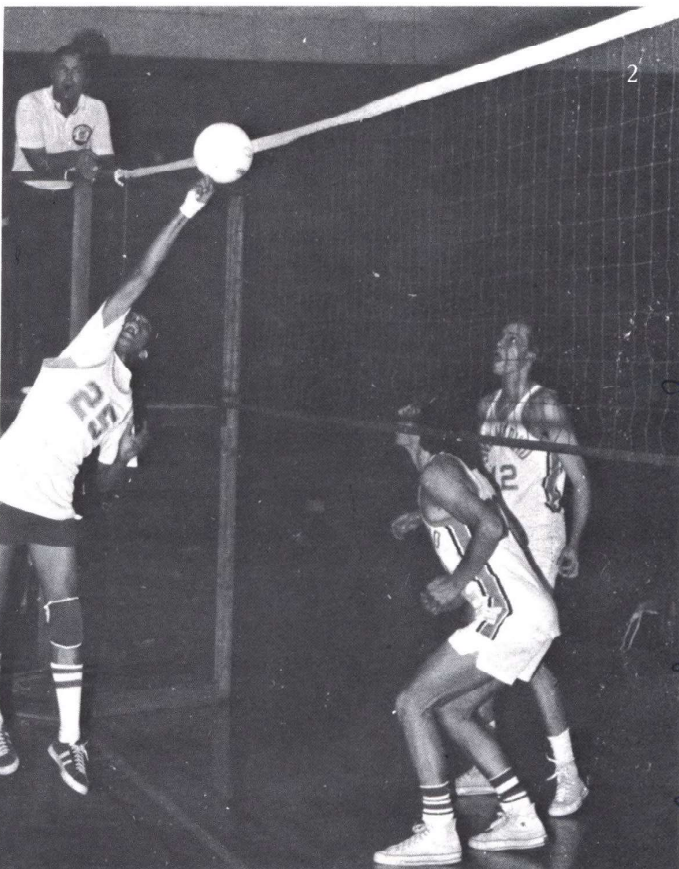

1. A proper spike set by Maggie Ford brings a good product from Dave Linheart. 2. Victor Cervantez plummets the Volleyball to the back court. 3. Victor's strong serves are essential to the team. 4. Another good set by Maggie Ford, this time to Robert Kelsh. 5. Maggie's good timing beats Dave Linheart to the spike block.

# It is rougher than you think

With the second year of any sport comes more interest by spectators and more experience of players and coaches. Coach Tom Stoner, a new Art teacher here at Warren, with a lot of enthusiasm and guts, took the nucleus of last year's team along with inexperienced new team members and made Volleyball one of the more popular non-league sports.

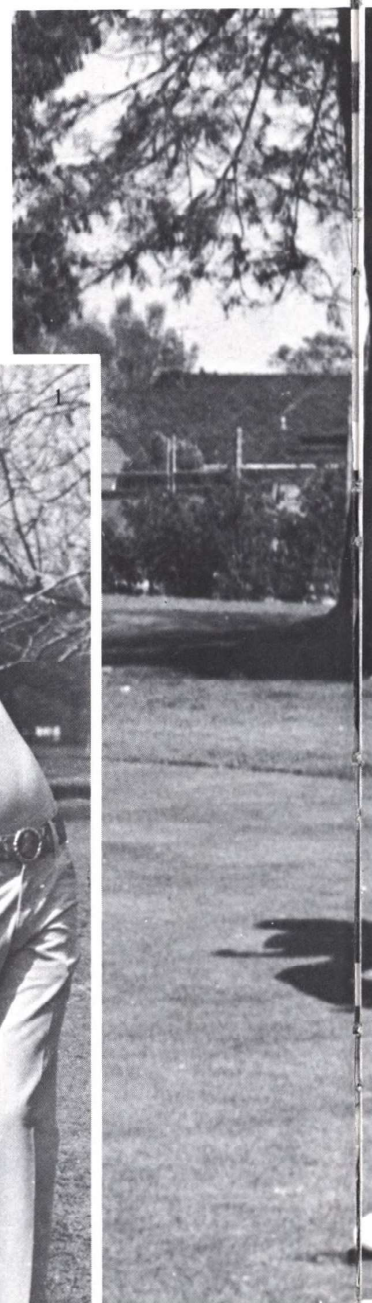

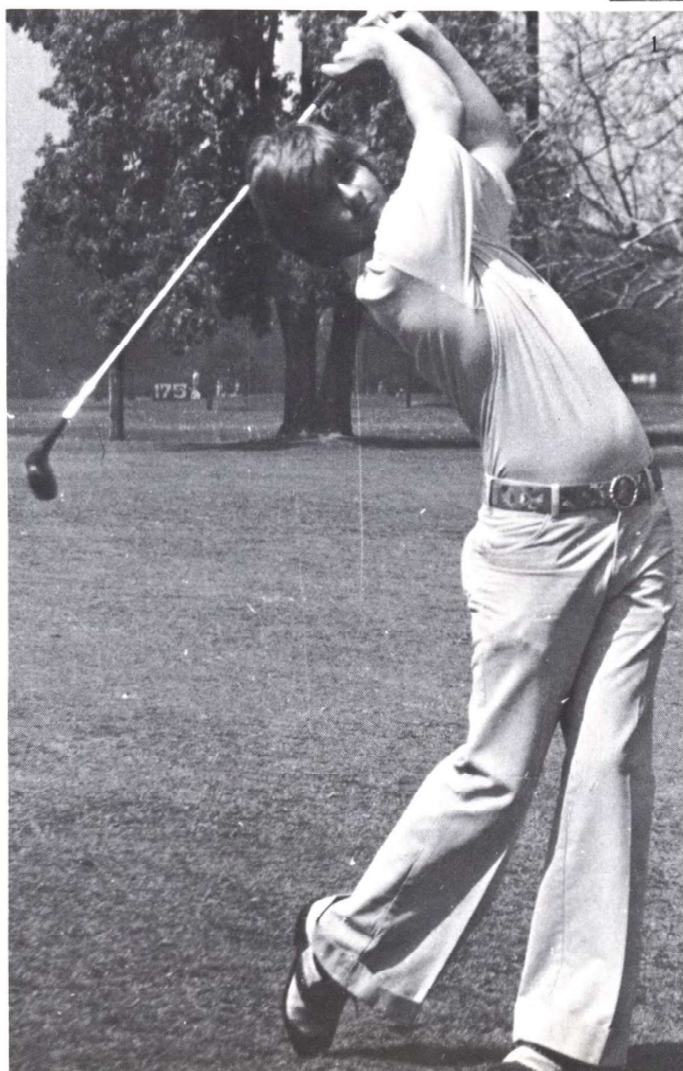

Handy,  
Well, one time when I was at Warren High & entered BYU, I'm sure I'll be seeing you next year on the "Big Campus" as I want to write my good bye. By the time you come up to that, I'll probably be an old college girl! Good luck with your photography, you really are pretty good, I know! I would let you be my photographer at these my reception but you'll be on your mission! Too bad! It's been fantastic getting to know you better this year. How could I not know you when I was seeing one of your lockers & right next to your locker. I was almost having someone next next door! I have a note in mine & I don't say too much when you say good bye to see in August. I wish you the best of luck throughout your entire lifetime. I know you'll always be strong in the church, which is great to know. Give your life pleasing in the eyes of our Heavenly Father & I

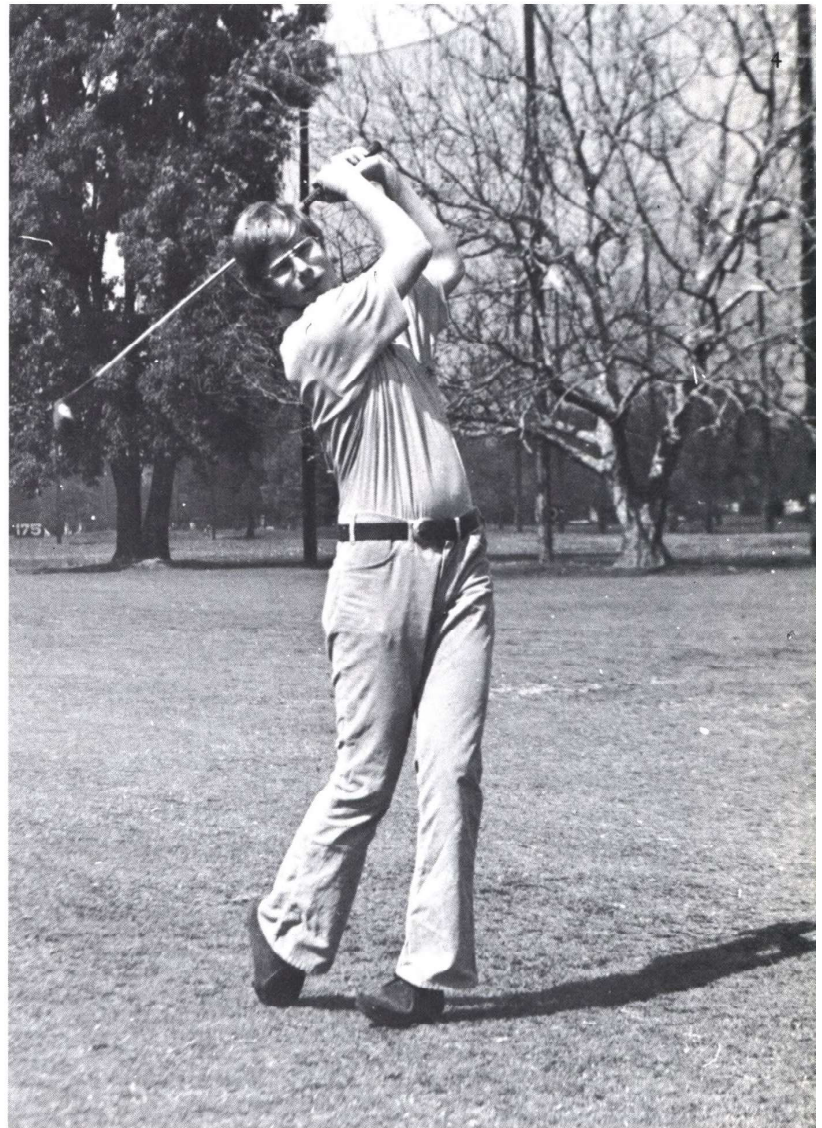

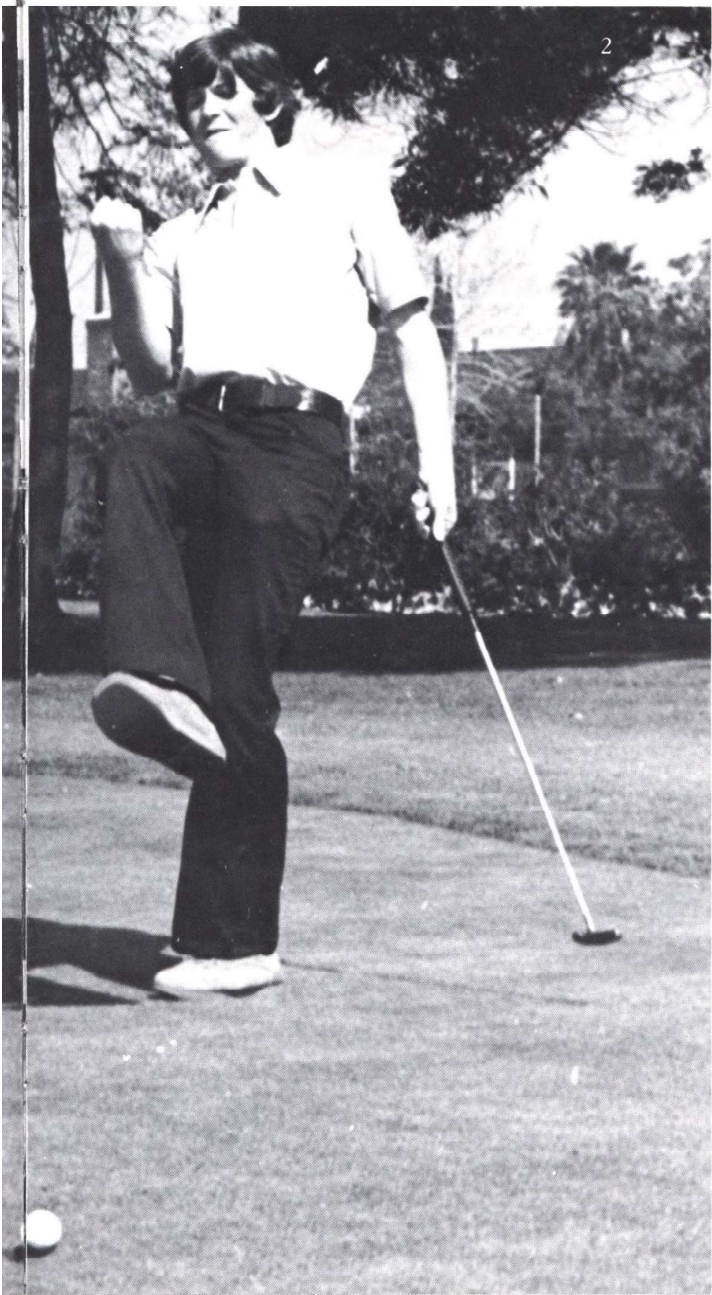

# The Sport of Concentration and Accuracy

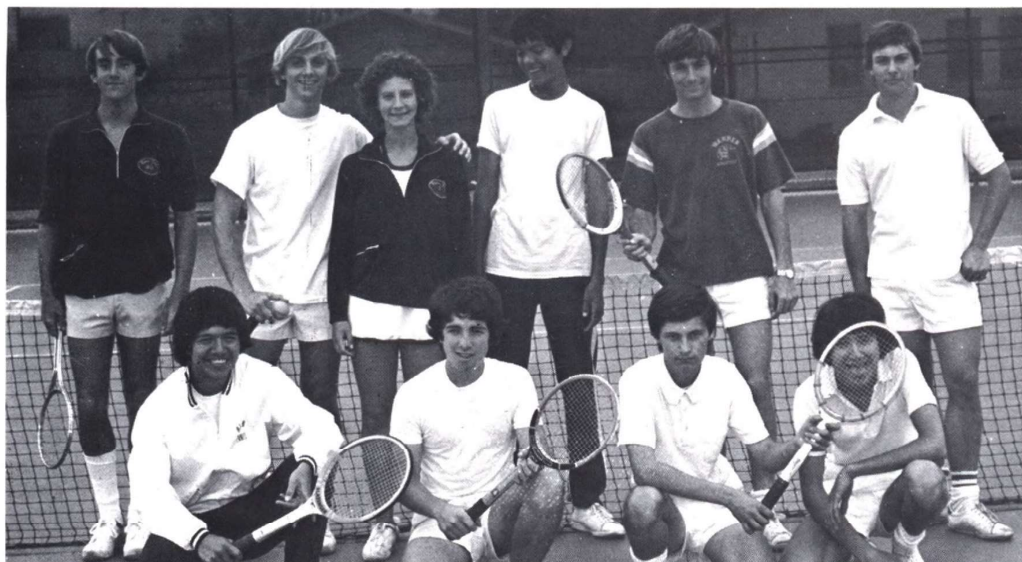

The golf team, swinging away on the golf course, was under the direction of Coach Speights. Though most of the sports at Warren are team oriented, golf is one of the few sports that relies solely on the individual for its success. The team aspect of golf is shown in the encouragement and positivity given by the teammates to each other. Being a strong team in the league for the past three years, one more certainly won't hurt.

1. Ray Dunn tees off as Warren's #1 golfer. 2. Mike Weyrick attempts a putt, did he or didn't he make it? 3. Ed Weatherford is stuck in the sand trap again. 4. The tee, of course, starts it all off.

# ENIOR SSENIORS

# SENIORS

A Senior's last year in high school may very well be the most important year in his life. Questions such as do I go to college, which college, do I work full time, or do I take off, fill Senior's minds the entire year.

In spite of all the questions, decisions, and panic, Seniors seem to have found moments for leisure. Some of the activities that Senior's participated in were repairing dented cars (as a result of our rivalries), celebration week, and leading the underclassman at pep assemblies.

Seniors now accepted as adults have learned to express themselves as people. Each person had the chance to express their individuality by responding to the following questions: birthplace, ambitions, and favorite saying or quote that means something to them. Their answers appear under their pictures.
