Wednesday · June 3rd

Tokyo, originally 'Edo', has been the capital of Japan since 1600 AD. After 250 years of isolation from the rest of the world, Tokyo began to open its doors in the late 19th century. Tokyo's current cityscape is the result of the rebuilding that occurred after extensive bombing during World War II destroyed much of the city. While old and new coexist harmoniously, Tokyo has come to symbolize the modern Japan, manifesting economic prosperity and worldly sophistication.

Private Arrival Transfer

After completing immigration and custom formalities, you will be met outside the baggage claim area by your English Assistant who will escort you to a waiting vehicle for your transfer to your hotel. Your assistant will be holding a sign marked "KNITOPIA".

Today's touring will include the following sites and activities:

Asakusa & Sensoji Temple Tokyo, Japan

Observe the traditional city design of Asakusa. Centered around Asakusa Kannon Temple (Sensoji Temple) with a history of 1,400 years, the Asakusa district represents Tokyo's old downtown, steeped in the nostalgic atmosphere of Edo-period while retaining a variety of traditional arts and crafts.

The narrow streets leading to the temple are called 'Nakamise' and are lined with colorful shops and stalls.

Sensoji Temple is the main headquarters of the Sho-Kannon sect of Buddhism; it is a lively and active temple with worshippers praying for some sort of assistance.

Indigo Dying Workshop (in Asakusa)

Enjoy a hands-on Indigo Dying Workshop.

Delve into its rich history and global cultural significance, revealing the unique story of indigo: its origins, the skilled ethnic minority communities who craft it, and the fascinating processes involved.

Then, experience the magic firsthand during your hands-on dying workshop. You'll have the opportunity to tie-dye a Japanese tenugui (hand towel), creating your own unique pattern with guidance for all skill levels.

Enjoy Lunch at a Local Restaurant

Ginza District

Tokyo, Japan

Visit the Ginza District, a world-famous shopping district located in the center of Tokyo.

Boasting wide avenues and elegant stores, this was the first place in Japan to import Western-style cultures in earnest, introducing the nation to sophisticated store displays and the joys of window shopping.

A stroll through the area reveals a luxurious blending of old and new; a district where historic, Western-style buildings stand in unison with cutting-edge, flagship stores inspired by global culture. The seamless mixture of urban design and eternal opulence have transformed the Ginza District into a treasure trove of architectural feats.
