

SAVARY ISLAND

BARGING SERVICES

We look forward to moving your cargo between Savary Island and Lund Harbour in 2020. We operate a 36 foot landing craft with a capacity of 7000 lbs. Our permit issued from Powell River District allows us to pickup and drop off from the Savary Island ramp area Wednesday through Sunday. We are a smaller barge and can accommodate one vehicle at a time.

2020 cost is \$175 a load one way. The regional District has rules on barging times and we will work with this request to protect the sea life and ocean floor. Please see our barging schedule starting in March 2020.

BARGE RULES

- No Smoking onboard
- Cargo and Passengers can't exceed 7300 pounds
- Follow the directions of your skipper

If you need to drop off cargo or a vehicle earlier then your booked date of transfer then contact our office to arrange drop off at our Finn Bay staging area for storage. Our crew will make arrangements to transfer your cargo over to Savary Island with or without you present.
