

SPECIFICATIONS

Model No. PHP-18

- Test Capabilities: 0-18,000 PSI
- High Pressure Pump, Low Volume
- This unit only needs air and water to operate
- Height 18", Length 24 1/2", Width 16"
- Heat Treated Aluminum all welded frame
- Total Unit Weight: 95 lbs.
- Unit Main Gauge: 0-20,000 PSI
- Extra Chart Recorder Port
- Air Drive Regulator: 0-300 PSI

Model No. PHP-18A

- Test Capabilities: 0-1,800 PSI
- Low Pressure Pump, High Volume
- This unit only needs air and water to operate
- Height 18", Length 24 1/2", Width 16"
- Heat Treated Aluminum all welded frame
- Total Unit Weight: 85 lbs.
- Unit Main Gauge: 0-2,000 PSI
- Extra Chart Recorder Port
- Air Drive Regulator: 0-300 PSI

- Water resistant construction
- Aluminum plates 3/16" #5052 H-32 Saltwater corrosion resistance
- All 316 Stainless Steel Hardware & Fasteners
- Two stainless heavy duty spring loaded handles
- Fittings low pressure, brass - water & air
- Stainless steel high pressure PSI rated fittings with 4-1 safety factor
- Adjustable air regulator to control the pump speed and flow

Toggle Switch - Pump Start/Stop control

Fully Enclosed Box for quiet operations and operator safety while testing

Roughneck Approved - For use in the field

2, 3, or 4 Port Manifold can be adapted for more hoses to be tested at the same time

Digital Pressure Gauge with USB Port for data collection. Uses one 9V battery

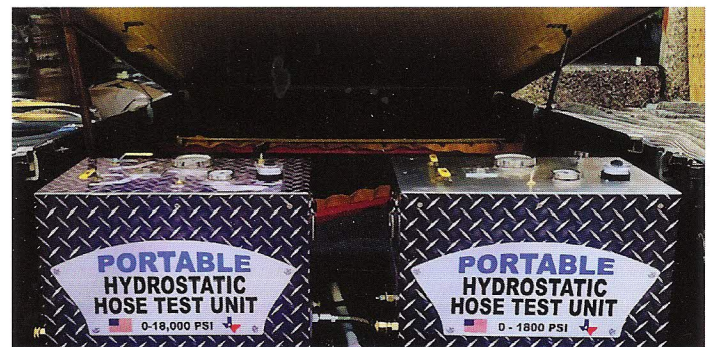

- The USB Port allows user to Plug-n-Play, Laptop, Hard Wired Data Logging Information. This port can relay test data live to other locations or end user.

Annual recertification program available

Custom artwork, colors, and private company logos are available as an option to be placed on the unit

PORTABLE HYDROSTATIC HOSE TEST UNITS

Made in the USA - Hemphill, Texas

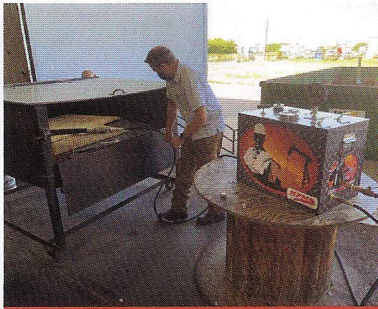

Model No. PHP-18
18,000 PSI

Model No. PHP-18A
1,800 PSI

Industry Applications

- In-House Hose Shops
- Industrial Hose
- Chemical Plants
- Agriculture
- Field Services
- Hydraulic Hoses
- Oil & Gas - Onshore & Offshore
- Mining
- Construction
- Military
- Marine / Shipyards
- Fire & Emergency Services
