# ONE-STOP SHOP FOR PEST CONTROL

## LINDA WILLIFORD

Beebe's Pest & Termite Control in Foley is a family-owned and operated business that Barney Beebe, Sr. started in 1979 in Baton Rouge, Louisiana. The main headquarters relocated to Foley, Alabama, in 2000. The company now serves Louisiana, Alabama, and Mississippi and has recently expanded to Florida. Ryan Beebe, son of the owner and president Barney Beebe, Jr., says the family business has been serving the communities along the Gulf Coast for 45 years.

Ryan Beebe, one of the managers at Beebe's Pest & Termite Control, worked part-time while going to high school, and upon graduating, Beebe says, "I'm now a part of the 3rd generation and work full-time with my father. Ryan Beebe carries numerous certifications and qualifications and is licensed in four states. They provide residential, commercial, industrial, and marine services.

Beebe says, "We are a one-stop shop. We deal with all shapes and sizes of pests, including termites, ants, bed bugs, mosquitos, rodents, and wildlife." Beebe's Pest & Termite Control provides 24-hour/365-day response time with a satisfaction guarantee:

“Should pests persist in between scheduled treatments, simply let us know and we’ll reservice your home for no additional cost to you. That’s our guarantee to you.”

In Baldwin County, Beebe’s Pest & Termite Control has grown to five branches, 25 service representatives, and 14 secretaries.

Beebe says, “The biggest pest problem in the Foley area are termites, then fire ants, and spiders.” He said, “the most unique, complexed and challenging pests are bed bugs.” They are somewhat prevalent in condos and rental properties along the coastline due to the fact of the influx of travelers that bring the bed bugs with them. Bed Bugs love to hitchhike. The adult bed bugs feed on the blood of animals and humans. The adult bugs are about the size of an apple seed, reddish brown, and wingless. If you have a problem with these pests, you need to call a professional to help you eliminate them.

Another challenging pest is the ant. There are many species of them. Beebe says, “Once the technician can identify the species, then they can use baits, gels, or granular products that will kill their colonies. Some species are known to damage the wiring of computers because they are drawn to the heat that is generated. Beebe’s Pest & Termite Control uses EPA-approved products that are odorless and safe for pets and humans.

Beebe’s Pest & Termite Control technicians are trained on-site at the Foley branch. They have an in-house training director who teaches 40 hours of classroom and 40 hours in the field. Also, their technician representatives attend the University of Florida for continuing education.

Beebe says, “We pride ourselves on building relationships within the community.” They do demonstrations at festivals, local chambers, and home and garden shows. They also participate in fundraisers for charities, churches, local police and fire departments, and school and athletic programs. Beebe says, “Pest control plays an important role in the ecosystem. The world is a better place because of it.”

Beebe’s Pest & Termite Control offers free estimates. Call 251-943-8166 or go to [www.beebespest.com](http://www.beebespest.com). Their website has special offers of coupons and discounts. Office hours are Monday-Friday, 7 am-4 pm. Saturday appointments are available on request. See their ad on page 11.

## Cinnamon Rolls Recipe

### DOUGH MIXTURE:

MIX IN A STAND MIXER WITH A DOUGH HOOK:

**2 TBSP DRY ACTIVE YEAST**

**½ CUP SUGAR**

**2 CUPS MILK (WARM 1 MINUTE 25 SECONDS IN MICROWAVE)**

Whisk together in large mixing bowl and let bloom. (15-20 minutes)

Set bowl with above mixture into stand mixer with dough hook, turn on mixer to low and add:

**2 EGGS**

**2 TSP KOSHER SALT**

**½ CUP ROOM TEMPERATURE BUTTER**

**7 TO 7-½ CUPS BREAD FLOUR**

Mix on low till combined and then continue to mix on medium speed for 2 minutes (dough should be soft, fairly smooth).

Remove dough from bowl onto slightly floured surface with a tuck and fold method, form the dough into a ball and place into a very lightly oiled bowl to rise. Cover and let rise till slightly more than doubled. Gently remove dough again to a lightly floured surface and divide in half, setting one aside.

### CINNAMON ROLL MIXTURE:

**MIX 1 AND ½ STICKS BUTTER (VERY SOFT), 1 CUP BROWN SUGAR, 1/3 CUP OF SAIGON CINNAMON.**

Roll dough into an approximate 12" by 18" rectangle, using half of cinnamon roll mixture: spread evenly on dough, leaving a good 1" empty on the edge closest to you as you roll. As gently and tightly as you can, roll the dough towards you. Slice with non-flavored dental floss into approx. 1-1/2" slices (slide floss under roll, pull up on both sides and towards the center for a smooth cut).

Arrange in lightly greased pan and let rise, covered and in a warm place for 1 hour or till a little more than doubled in size.

Bake in a 350-degree oven for 25-30 minutes.

### FROSTING:

**1-8 OZ. PKG CREAM CHEESE, ROOM TEMPERATURE**

**1 STICK BUTTER, ROOM TEMPERATURE**

**3-1/2 TO 4 CUPS OF POWDERED SUGAR**

Whip till silky smooth, frost rolls.

### *From the Kitchen of* **Karen Johnson**

Karen gives credit to her mother-in-law, Marjorie Johnson, who taught her this recipe which originated from a recipe for cinnamon swirl bread. These cinnamon rolls were a favorite in Karen's Iowa small-town Swedish community of 783.
