New Shelter Updates

Clearing of 2 acres of the 4.4 acres leased for 99 years at \$1.00 a year was halted as all of the "Endeavor" property has been designated as Historical. An archeologist must be on site for any ground to be disturbed at a cost of \$600-\$700 per day. Everything is on standby.

Special Adoptions

We love success stories. Meet Miss Bee. She was brought to the shelter by someone who couldn't wait until we had room and evidently was thrown out because she was found limping

along the highway a few days later and brought again to the shelter. When she came in it was discovered her paw was shattered and she was badly malnourished. The call went out for help with her vet bill and generous donations made it possible for her to get the vet care she

needed. She ended up losing a couple of toes. Lucky Puppy Rescue was glad to add her to their transport and she is now in New York and adopted into a loving family.
