

The Nightingale Lamp is a symbol of Nursing Knowledge as well as comfort and courage lighting the way, and the white rose symbolizes devotion to the profession of nursing.

Florence Nightingale

What is the Nurses Honor Guard and What Do They Do?

A Volunteer Group of Nurses

We are active/retired nurses who volunteer our time to attend the funeral services or celebration of life to honor the life and service of a nurse who has passed away. This service is free of charge to the family.

Who do we honor with a tribute?

If someone has been a nurse at any point in life, we want to pay tribute to that funeral/graveside service. We will attend the services of LPNs, RNs, CNMs, NPs, and CRNAs in Fulton and Montgomery Counties.

Our goal is to make sure that at the end of life or at their passing, NO NURSE IS FORGOTTEN

Living Tributes

We have just started to offer an “Honor the Living” tribute, where we visit nurses in hospice/palliative or Assisted Living/nursing home care to let them know **while they are living** that their lives, sacrifices, and service are valued.

Volunteers are needed!

As many members work full-time, the more nurses who join us, the better our ability will be to make sure that we can honor ALL who request the services. If you know retirees or per diems, please encourage them to contact us!

FulMont NHG nurses at their first tribute

What do I need to do to get started?

There are no dues to join; however, volunteers need to get traditional white uniforms (dress or pants—no fashion scrubs preferred), nurse’s cap, white hosiery, and white shoes. Capes can be borrowed, made, or purchased. .

Interested in joining us?

Please send your

- name
- mailing address
- email address
- telephone number
- county/counties you would be willing to travel to for a tribute
