
NURSES HONORING NURSES

Nursing is a calling, a lifestyle, a way of living. Nurses today honor our colleagues who are no longer with us and their life as a nurse. They are not remembered by his/her years as a nurse, but by the difference he/she made during those years by stepping into people's lives, by special moments.

The Nurse Honor Guard recognizes and honors the nursing heroes who have dedicated their lives to the nursing profession.

Upon Request, we proudly offer the Nightingale Tribute for the deceased during the memorial, graveside, church or funeral service.

The Honor Guard Service includes reciting of the Nightingale Tribute, placing of a white rose on the casket or next to the urn to symbolize the nursing devotion to their profession, a poem for the nurse, and a last roll call, as well as the presentation of a nursing lamp to a living representative of the deceased nurse.
