INTRODUCTION AND PURPOSE OF THE REPORT

Introduction

- C. Cheveldave & Associates Ltd. was appointed receiver ("Receiver") over all of Sather Ranch Ltd.'s ("SRL" or the "Company") assets, undertakings and properties of every nature and kind pursuant to a Court Order dated November 21, 2019.
- 2. For further information on these receivership proceedings please refer to the Receiver's website www.cheveldave.ca/engagements.
- In preparing this report, the Receiver has been provided with, and has relied upon, unaudited and other financial information, books and records (together, the "Information") prepared by the Company and/or their representatives, and discussions with the Company's management and/or representatives. The Receiver has reviewed the Information for reasonableness, internal consistency and use in the context in which it was provided and in consideration of the nature of evidence provided to this Honourable Court. However, the Receiver has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Canadian Auditing Standards ("CAS") pursuant to the Chartered Professional Accountants Canada Handbook and, accordingly, the Receiver expresses no opinion or other form of assurance contemplated under the CAS in respect of the Information.
- 4. All references to monetary amounts in this report are in Canadian dollars unless otherwise specified.

Background

 SRL was an operating cattle ranch located on the outskirts of Penticton, BC and is owned equally by two shareholders – 0882126 BC Ltd. and AMX Real Estate Inc.
 The Directors of SRL are Mr. Michael Street and Mr. Joseph Sather.

- 6. SRL was incorporated in Alberta on March 21, 2013 and extra-provincially registered in BC on March 27, 2013.
- 7. The ranch lands consisted of one parcel of land owned by SRL comprising approximately 80 acres and access to an additional 160 acres of grazing land by way of a grazing license.
- 8. At the time of the Receiver's appointment, the majority of the cattle inventory had been sold.
- 9. The Receiver realized on SRL's remaining cattle inventory, vehicles, equipment, and land as set out in the Receiver's First Report to this Honourable Court.
- 10. The Receiver's realization efforts resulted in surplus funds being available for distribution to SRL's unsecured creditors.
- 11. On January 14, 2021, the Court made an order establishing a claims process (the "Claims Process Order") for the determination of the claims of Arm's Length Creditors and Related Party Creditors as each of those terms are defined in the Claims Process Order. A copy of the Claims Process Order is attached to this report as Appendix 1.

Purpose of the Receiver's Second Report

- 12. This is the Receiver's second report (the "**Second Report**") and is filed to provide this Honourable Court with the following:
 - a. An update on steps taken by the Receiver with respect to the Claims Process Order.
 - b. Information on the claims received.
 - c. Information to facilitate the scheduling of the hearing of the Related Party notices of application herein.

RECEIVER'S ACTIVITIES CONCERNING THE CLAIMS PROCESS ORDER

- 13. The Claims Process Order required the Receiver to provide notice of the Claims Process to potential creditors, all as set out in sections 3-7 of the Claims Process Order.
- 14. On January 20, 2021, the Receiver mailed out Claim Packages via Canada Post to all known creditors, emailed Claim Packages to all known creditors where the Receiver had email addresses, and posted the Notice to Creditors, Claim Package, and list of creditors to the Receiver's website.
- 15. In addition, the Receiver also arranged for the Notice to Creditors to be published in the Penticton Herald's January 22, 2021 edition.
- 16. As contemplated by paragraph 22 of the Claims Process Order, the Receiver applied to have the Receivership Order and the Claim Process Order recognized and affirmed by the Alberta Court of Queen's Bench. That application was heard on March 18, 2021 and the Orders were so approved and affirmed by the Honourable Mr. Justice Jeffrey of the Alberta Court of Queen's Bench. A copy of the Order is attached as **Appendix 2**.
- 17. The application was brought in Alberta Court of Queen's Bench Action No. 1901-01772 in which AMX Real Estate Inc. and Joseph Sather are the plaintiffs and in respect of which various Related Parties, as defined in the Claims Process Order, are defendants (the "Alberta Action"). The Alberta Action is referred to in paragraph 22 of the Claims Process Order. As part of the relief sought and obtained from the Court on March 18, 2021, the Receiver also obtained an order making SRL a plaintiff in the Alberta Action and obtained orders requiring AMX Real Estate Inc. and Joseph Sather to deliver particulars of their individual and independent causes of action against the defendants (i.e., particulars of those claims that are not derivative in nature and belonging SRL which will be advanced

- or abandoned by the Receiver as appropriate). Those particulars are due no later than 30 days after the determination of the Related Party Claims herein.
- 18. In light of the potential overlap in the factual foundation to certain Related Party claims herein and the claims belonging to Sather Ranch Ltd. in the Alberta Action, the Receiver intends to defer its decision as to what claims to advance (if any) until after the determination of the Related Party claims herein.

CLAIMS RECEIVED BY THE CLAIMS BAR DATE (MARCH 31, 2021)

Claims From Arm's Length Creditors

- 19. The Claims Process Order identified each of the persons who were "Related Party Creditors" and defined "Arm's Length Creditor" as a Creditor who is not a Related Party Creditor.
- 20. On March 31, 2021, two claims were received. Both of these claims are attached to this report as **Appendix 3.** As noted below, although both creditors fall within the definition of "Arm's Length Creditors" in the Claims Process Order, both claimants are relatives of Joseph Sather.
- 21. The first claim received was from the Estate of the Late Palmer E. Sather (the "Palmer Claim") in the amount of \$1,148,617 as broken down as follows:

	Total Claimed	\$1,148,617
f.	Claim for Legal Fees (estimated)	\$50,000
e.	Claim for Damaged Land (estimated)	\$100,000
d.	Claim for Missing / Stolen Cattle	\$198,000
C.	Claim for Palmer Sather's Equipment	\$50,340
b.	Claim for Unpaid Interest Charges	\$144,641
a.	Claim for 80 Acres Fraud	\$605,636

22. The second claim received was from the Estate of the Late Oscar Sather (the "Oscar Claim") in the amount of \$449,576 as broken down as follows:

	Total Claimed	\$449,576
d.	Claim for Legal Fees (estimated)	\$25,000
C.	Claim for Damaged Land (estimated)	\$50,000
b.	Claim for Unpaid Interest Charges	\$72,212
a.	Claim for 80 Acres Fraud	\$302,364

- 23. The land purchased by SRL in 2017 was formerly owned by Palmer Sather (2/3 interest) and Oscar Sather (1/3 interest).
- 24. Upon review and analysis of the Palmer Claim and the Oscar Claim, the Receiver formally disallowed both claims and delivered Notices of Disallowance to both claimants by email on April 12, 2021. Copies of the Receiver's Notice of Disallowances that include specific details that were issued to the claimants are attached as **Appendix 4**.
- 25. No appeal was taken from the Notices of Disallowances such that the Receiver's disallowances of both the Palmer Claim and the Oscar Claim are now final and binding as per the terms of the Claims Process Order.

Claims From Related Party Creditors

- 26. As of the Claims Bar Date, the following claims were received from Related Party Creditors ("Related Party Claims"):
 - a. AMX Real Estate Inc. and Joseph Sather for the amounts of:
 - i. Shareholder's loan \$128,372.30
 - ii. Expenses of Joseph Sather The claim identifies 10 categories of expenses, but only particularizes the quantum of two of those claims for total expenses of \$40,435 (\$20,935 plus \$19,500).
 - iii. Expenses of AMX Real Estate Inc. \$129,537.31.
 - b. Boundary Machine Ltd. \$680,204.86 plus interest and costs.
 - c. Marielle Jacqueline Angella Brule. \$9,259.00 plus interest and costs
 - d. Profectus Financial Inc. \$42,532.70 plus interest and costs.
 - e. Michael Neil Street \$190,300.80 plus interest and costs.

- 27. The Related Party Creditor Claims were received in the form of unfiled copies of a Notice of Application seeking approval of such claims together with Affidavits supporting the claims as prescribed by the Claims Process Order.
- 28. Application Response materials received in compliance with the Claims Process
 Order confirms that the entire amount of each Related Party Claim is opposed.

 Details of the Application Responses received are set out below:
 - a. An Application Response of Michael Neil Street, Marielle Jacqueline Angella Brule, 0882126 B.C. Ltd., Boundary Machine Ltd. and Profectus Financial Inc. to the March 31, 2021 Notice of Application of AMX Real Estate Inc. and Joseph Sather opposing all of the orders set out in Part 1 of the Notice of Application. This Application Response and supporting Affidavit material was received on April 20, 2021.
 - b. An Application Response of AMX Real Estate Inc. and Joseph Sather to the March 29, 2021 Notices of Application of Boundary Machine Ltd., Profectus Financial Inc., Marielle Jacqueline Angella Brule and Michael Neil Street opposing all of the orders set out in Part 1 of the Notice of Application. This Application Response and supporting Affidavit material was received on April 21, 2021.
- 29. As anticipated, there are no arm's length claims from third parties that would potentially be prejudiced by the claims process for the determination of the Related Party Claims. Further, all of the Related Party claims are opposed by each of the two "groups" of claimants such that the issues are joined. Based on the foregoing and subject to the Court's direction, the Receiver does not presently plan to have its counsel attend or participate in the hearing of the Related Party Claims.
- 30. The Receiver has requested input from counsel for the Related Party Claims, which has been received in the email attached hereto as **Appendix 5**.

- 31. The Related Parties have not agreed to have the Related Party Claims heard by an arbitrator such that the matter will be heard by a judge of the Supreme Court of British Columbia.
- 32. Counsel for the Related Parties estimate that 10 court days will be required for the hearing of the Related Party Claims. The proposed hearing is to be a summary trial on affidavits, with the following affiants to be cross-examined before the Court:
 - a. Joseph Sather.
 - b. Michael Street.
 - c. Marielle Brule.
 - d. Terry Gosling.
- 33. Subject to the Court's direction, the Receiver does not propose to participate in the hearing of the Related Party's claims.

RECOMMENDATIONS

- 34. The Receiver submits its Second Report and respectfully requests this Honourable Court to:
 - a. approve the Second Report and the activities of the Receiver described herein.
 - b. provide directions to the Receiver as to whether its participation is required in the hearing of the Related Party claims.
 - c. schedule the hearing of the Related Party claims herein.

All of which is respectfully submitted this 11th day of May 2021.

APPROVAL OF CLAIMS PROCESS

2. The Claims Process is hereby approved.

NOTICE OF CLAIMS PACKAGE

- 3. On or before the day which is seven (7) days after the date of this Order, the Receiver shall cause a Claims Package to be sent to:
 - (a) all Known Creditors of Sather Ranch, except for Creditors with an Excluded Claim, by ordinary mail, facsimile transmission, email message, or personal delivery, with such mode of delivery being in the Receiver's discretion based upon a reasonable belief that delivery in such mode will come to the notice of the recipient;
 - (b) to the Federal Crown by delivery to the Department of Justice at 900- 840 Howe Street, Vancouver, BC V6Z 2S9; and
 - (c) to the Provincial Crown by delivery to the Ministry of the Attorney General, Legal Services Branch 400, 1675 Douglas Street, Victoria, BC V8W 917.
- 4. The Receiver shall cause the Notice to Creditors to be placed in the Penticton Herald and on or before ten (10) days after the date of this Order.
- 5. The Receiver shall cause the Notice to Creditors, the Claims Package and a list of creditors to be posted on the Receiver's website address

 https://cheveldave.ca/engagements on or before seven (7) days after the date of this Order, and such posting shall remain in effect until the Claims Bar Date.
- 6. The Receiver shall cause a copy of the Claims Package to be sent to any person requesting such material as soon as practicable.
- 7. If the Receiver becomes aware of further Claims of Persons not included in the initial mailing to Known Creditors after the date of initial distribution, the Receiver shall forthwith distribute copies of the Claims Package to such Persons, but the entitlement of

- each Person to receive notice is abridged to the date the Claims Package is distributed to each such Person, subject to further Order of this Court.
- 8. The delivery of the Claims Package and publication of the Notice to Creditors, in accordance with the foregoing terms of this Order, shall constitute good and sufficient service of such materials and no further notice or service need be given or made and no other document or material need be served.

CLAIMS BAR DATE

- 9. The process for proving Claims and resolving disputed Claims differs depending upon whether the Claim is from a Related Party or whether it is from an Arm's Length Party. A Related Party must prove its claim through a court application on notice to other Related Parties, who will each have standing to oppose any such Claim in whole or in part. An Arm's Length Creditor must proves its claim to the Receiver by way of Proof of Claim. Both processes are set out in more detail in the sections that follow.
- 10. An Arm's Length Creditor, other than a Creditor with an Excluded Claim, shall deliver to the Receiver a Proof of Claim on or before the Claims Bar Date, in default of which the Creditor shall be forever barred from advancing any Claim against Sather Ranch and shall not be entitled to receive any payment from the Receiver.
- 11. A Related Party Creditor having any Claim(s) shall deliver unfiled copies of a Notice of Application seeking approval of such Claim(s), together with Affidavits supporting its Claim(s), to the Receiver and to all other Related Party Creditors on or before the Claims Bar Date, in default of which such Related Party Creditor shall be forever barred from advancing such Claim(s) against Sather Ranch and shall not be entitled to receive any payment in respect of such Claim(s) from the Receiver. A Related Party is at liberty to rely upon as evidence herein any affidavits or documents delivered in response to paragraph 3 of the Receivership Order made on September 17, 2018 in Supreme Court of British Columbia Action No. KEL-S-S-120281 (Kelowna Registry).

ARM'S LENGTH CLAIMS

12. The Receiver shall review each Proof of Claim received by the Claims Bar Date and, thereafter, the Receiver may dispute a Claim in whole or in part by sending the Creditor a Notice of Disallowance in the form attached as **Schedule "D"** ("**Notice of Disallowance**") within fourteen (14) days of receipt of Proof of Claim, by delivering the Notice of Disallowance to the address noted in the subject Proof of Claim, and where an email or facsimile address is provided in the Proof of Claim, delivery in that mode shall be sufficient.

- 13. Any Creditor who disputes a Notice of Disallowance may appeal that decision and seek a determination of the Court of the validity and value of and particulars of its Claim by filing and serving upon counsel for the Receiver, an application, supported by Affidavit material by 4:00 p.m. on the date that is within twenty one (21) days of receipt of Notice of Disallowance. The hearing of the appeal shall be determined as a true appeal, and not as a trial *de novo*. The appeal must be set for hearing no later than fifteen (15) days after receipt of the Notice of Disallowance, or such other date as the Petitioners' and Receiver's counsel may advise they are available.
- 14. Any Creditor who fails to file and serve the applicable Notice of Application and Affidavit material by the deadline set forth in paragraph 13 of this Order shall be deemed to accept the amount of its Claim as set forth in the Notice of Disallowance and such amounts set forth in the Notice of Disallowance shall constitute a proven Claim.

RELATED PARTY CLAIMS

- 15. Any Related Party that opposes another Related Party Claim must, within twenty one (21) days after the Claims Bar Date, deliver to the Receiver and to the applicant an Application Response and any supporting affidavits in regard to that opposition. The Application Response must:
 - (a) specify all the claims that are agreed to and all the claims that are disputed;
 - (b) provide particulars in accordance with the *Supreme Court Civil Rules* identifying the basis of its objection for each itemized component of the claim it disputes;
 - (c) identify which affiants, if any, it wishes to cross examine at the hearing and provide a time estimate for any such cross examinations.
- 16. If a Related Party applicant wishes to tender a reply affidavit, it must within thirty (30) days after the Claims Bar Date, deliver to the Receiver and to the application respondent a copy of any such reply affidavits.
- 17. Any Related Party Claims that are agreed to, unopposed or in respect of which no Application Response is delivered, will be deemed to be accepted.
- 18. Following receipt of the Application Responses referred to above, the Receiver will prepare a Report to the Court summarizing the Claims herein and will schedule a hearing on notice before the Honourable Justice Walker for directions and to address any procedural issues for the hearing of the Notices of Application filed by the Related Parties herein.
- 19. Following or at the hearing referred to above in paragraph 18 of this Order and subject to any directions or orders made at the hearing contemplated in paragraph 18 above, counsel

for the Receiver will use best efforts to schedule a hearing of all Related Party Applications on the first available date on which the Court and all counsel and parties involved are available. The applications are to be scheduled to be heard by the same judge and will be conducted as a Summary Trial pursuant to Rule 9-7 of the *Rules of Court* with a right of cross-examination on Affidavits in front of the presiding judge.

- 20. With the agreement of all participants, instead of proceeding through a Summary Trial, the Related Party Creditors may instead submit their claims to be determined by an Arbitrator of their choosing.
- 21. The right of appeal from a decision of the judge or arbitrator will be governed by the *Court of Appeal Act* and the *Court of Appeal Rules*.
- 22. For greater certainty and subject to this Order and the Receivership Order made herein on November 19, 2019 both being recognized by the Alberta Court of Queen's Bench, the Claims Process herein does not affect any claims that any Related Party may wish to advance against another Related Party in Alberta Court of Queen's Bench Action No. 1901-01772 (Judicial Centre of Calgary), except to the extent that any damages, compensation, indemnity or contribution is sought against Sather Ranch. All Claims brought against Sather Ranch are subject to and governed by this Order, must be proved in the Claims Process hereby established, failing which they shall be forever barred and the Related Party shall not be entitled to pursue such claims against Sather Ranch or the Receiver, or recover or receive any payment or other compensation or relief in respect thereof, whether from Sather Ranch or the Receiver.

GENERAL PROVISIONS

- 23. In the event that the day on which any notice or communication required to be delivered pursuant to this Claims Process is not a Business Day then such notice or communication shall be required to be delivered on the next Business Day.
- 24. In the event of any strike, lock-out or other event which interrupts postal service in any part of Canada, all notices and communications during such interruption may only be delivered by personal delivery, courier, electronic mail or such other method which the Court on application may specify, and any notice or other communication given or made by prepaid mail within the five (5) Business Day period immediately preceding the commencement of such interruption, unless actually received, shall be deemed not to have been delivered. All such notices and communications shall be deemed to have been received, in the case of notice by personal delivery, courier or electronic mail prior to 5:00 p.m. (local time) on a Business Day, when received, if received after 5:00p.m. (local time) on a Business Day or at any time on a non-Business Day, on the next following Business Day, and in the case of a notice mailed as aforesaid, on the fourth Business Day

following the date on which such notice or other communication is mailed.

- 25. References in this Order to the singular shall include the plural, references to the plural shall include the singular and to any gender shall include the other gender.
- 26. Any interested party may apply to this Court for advice or directions in regard to the Claims Process established hereby on not less than two (2) clear business day's notice to the Service List herein and to any other party who may be affected by the advice or direction to be sought.
- 27. This Court requests the aid, recognition and assistance of any court, tribunal, regulatory or administrative body having jurisdiction, wherever located, to give effect to this Order and to assist the Receiver and its agents in carrying out the terms of this Order. All such courts, tribunals and regulatory and administrative bodies are respectfully requested to make such orders and to provide such assistance to the Receiver, as an officer of this Court, as may be necessary or desirable to give effect to this Order or to assist the Receiver and its agents in carrying out the terms of this Order.
- 28. Approval as to the form of the Order herein by counsel appearing, other than counsel for the Receiver, be and is hereby dispensed with.

Schedules: (to be attached to Proof of Claim)

Schedule "A"

A description of the basis on which the Claim arose is as follows (attach separate sheet if necessary):

In late 2016, Mike Street approached me with an Offer on my Dad's (Palmer Sather) 80 acres of farm land. Mike stressed the smell from the nearby Land Fill site was so strong that nobody would want to buy this property. Mike gave me a copy of a recent Appraisal of the property which put the current market value at \$200,000. After stressing all the negatives about the property, Mike convinced me that the property wasn't worth more than the \$225,000 he was offering. Trusting Mike, I agreed to sell the property to Sather Ranch Ltd. What Mike didn't tell me was that he knew the property was worth several times more than what he was Offering (see email from Appraiser). Only in the past couple of years did I realize that Mike was dishonest and that he took advantage of me because of my age and inexperience with properties. Mike Street "conned" me out of the real market value at the time of the sale. I believe that Mike Street should be charged with fraud for his actions.

In tracing records of livestock owned by my Father, my brother Joe Sather and I, discovered that Mike Street had lied to me about the number of cattle my Dad owned. We estimate that more than 100 head of my Dad's cattle were stolen by Mike Street. My Dad was in his 90's and suffering from mild Dementia at the time of the thefts.

Some of my Dad's Equipment and Tools were on the 80 acre property and on the leased property at the river channel (owned by the Penticton Indian Band) when Mike Street started to manage the cattle operations in April of 2013. Mike Street claims that this equipment and tools belonged to Sather Ranch Ltd. when in fact Mike Street again took advantage of my Dad's Dementia and stole these assets from my Dad. Apparently, the Receiver for Sather Ranch Ltd., believed Mike Street's claim (without receipts or Bills of Sale) that this Equipment, Tools and Supplies belonged to Sather Ranch Ltd. and sold these assets to Mike Street at far less than market value. These assets, valued at more than \$50,000.00 belonged to my Dad, Palmer Sather, and were stored on his property. Mike Street had full access to these assets and stole these assets for his own benefit.

Schedule "B"

The following documents are attached and support the basis for the Claim as described above, including any claim for interest or other charges:

- (i)a Summary of Claim amounts;
- (i) Copy of the original Appraisal of 80 acres dated November 27, 2014, used by Mike Street to support his fraudulent claim;
- Copy of email dated September 12, 2016 from Appraiser David Bush advising Street on the much higher value of the property;
- (iii) List of Equipment & Supplies belonging to Palmer Sather at date of Land Sale to Sather Ranch Ltd. (value \$50,340);
- (iv) Copy of Calculation of Amount Defrauded by Mike Street and his partner Marielle Brule;
- (v) Copy of Interest Calculation on the money owed to my Dad's Estate;
- (vi) Copy of Equipment & Supplies On Hand at March 31, 2013;
- (vii) Copy of Cattle Herd Inventory (count supplied by Mike Street);
- (viii) Estimated Damages to 80 acres up to February 2nd 2017 and estimated Legal Fees required to represent the Estate of the Late Palmer Sather and to take legal action in this matter.

Schedule "C"

The following documents are attached and support the basis for my claim that I hold security in respect of this Claim:

Neighbourhood Comments

Rural residential neighbourhood located just northeast of downtown Penticton along the eastern benches overlooking Okanagan Lake. The subject is located beyond the city limits approximately 5.5 km north of Penticton. The neighbourhood is characterized by good lake and valley views to the west. The abandoned Kettle Valley Railway (KVR) right-of-way, now part of the Trans Canada Trail, traverses the neighbourhood from north to south. The area consists of single family residences, hobby farms, orchards, and vineyards and the Campbell Mountain Landfill. The overall neighbourhood enjoys a good market acceptance.

Site Comments

The subject site is accessed by Greyback Mountain Road. The road access located on the southern portion of the site also bisects the property in an east-west direction parallel to the southern boundary along with a powerline. The subject lot is 80.3 acres in size and is rectangular in configuration. Approximately 50 acres are forested hillside and the remaining 30 acres is open rolling native grass land and homesite. Under current zoning the subject property is not able to be subdivided.

The subject is located directly east of the Campbell Mountain Landfill; at the time of the inspection the site was affected by odors from the landfill composting and by equipment noise also emanating from the landfill operations. The proximity to the landfill will result in purchaser resistance.

Topography is generally moderate to gentle upward sloping hillside from Greyback Mountain Road. The site also slopes downwards along the western boundary offering some views of Okanagan Lake. There is a leveled graded building site and a fenced and cross fenced area for livestock, this area is also improved with a manufactured home.

For the purpose of this land valuation the improvements are not considered in the estimated market value found below. The majority of the site is considered to have mild to moderate slopes which reduce the usable area of the site. Services located at the lot line include hydro. A septic system will be required. The site offers partial views of Okanagan Lake and the surrounding valley. Lot size is typical for the immediate area and the subject conforms to neighbouring properties.

Comments on Sales Comparison

An extensive search for comparables, offering similar characteristics as the subject in regards to size and highest and best use, resulted in a limited number of sales to select from; none of which were located in the subject's immediate neighbourhood. Therefore, sales from neighbourhoods similar to the subject have had to be selected for comparison purposes. The 4 comparables available are deemed to best reflect an estimated market value for the subject. Two active listings were also included for information purposes. A per acre unit of comparison has been selected to establish an estimated fair market value for the subject site.

"Units of comparison are used to adjust for differences in size by reducing a sale to a unit basis, so it can be compared with other similar sales and the subject. A useful unit is one that represents market behaviour, and this can sometimes vary from one market or submarket to another" (Basics of Real Estate Appraising Fourth Edition). Often when purchasers are considering rural large acre parcels a sale price per acre is considered, as is the case in this report. When considering a sale price per acre, one must also consider a Law of Diminishing Return which indicates the larger the unit, the lower the unit cost may be. This is typical for acreage type parcels of land, which is further supported by the Direct Comparison Approach.

The area real estate market within this submarket has remained relatively stable over the period between the comparable sale dates and the effective date of this appraisal report, therefore, no time adjustments are required.

Comparable #1, a 20.03-acre parcel improved with access, a detached 960sf workshop, carport and an old trailer indicates an adjusted sale price per acre of \$4,500 (rounded).

Comparable #2, a 41.0-acre parcel is reported to have no site improvements; it indicates an adjusted sale price per acre of \$3,400 (rounded).

Comparable #3, a 30.9-acre parcel improved with access and what is reported as a 500sf hunters cabin and a 20-foot shipping container indicates an adjusted sale price per acre of \$2,500 (rounded).

Comparable #4, an 80-acre parcel is reported to have no established access and no site improvements indicates an adjusted sale price per acre of \$1,700 (rounded).

The above sales when applied to the subject site results in a range of values as follows:

Comparable #1 \$4,500 per/acre @ 80 Acres = \$ 360,000 Comparable #2 \$3,400 per/acre @ 80 Acres = \$ 272,000 Comparable #3 \$2,500 per/acre @ 80 Acres = \$ 200,000 Comparable #4 \$1,700 per/acre @ 80 Acres = \$ 136,000

Comparable #1 at 20 acres represents a smaller parcel with superior site influences. Due to subdivision costs smaller sites will reflect in a higher per acre selling price. As such Comparable #1 is considered to be superior to the subject site and sets the upper range of value. Comparable #2 represents a 40 acre site of lightly treed usable land with no adverse site influences. Given the smaller size and the superior site influences this sale is also considered to be superior. Comparable #3 offers similar terrain to that of the subject site with a mix of grassland and forest and hillside to level bench. This sale is impacted by an abandoned railway line but offers very good valley views. Comparable #4 is similar in size to that of the subject at 80 acres and offers similar topography and good views. It is recognized that this sale is a dated sale. An analysis of market data within the submarket indicates that although Comparable #4 is a dated sale property values have been relatively stable. Therefore, no adjustment for sale date was deemed to be required. Comparable #4 is a court ordered "forced sale" and as such it is considered to represent the lowest range of values for the subject site. The subject site has a superior location to that of Comparable #4 given the close proximity to Penticton. The subject also has superior lake views. However, between the lake view and the subject is the negative impact of the Campbell Mountain Landfill. In summary, given the site influences of the subject site it is considered to be superior to the per acre sale price of Comparable #4.

ADDENDUM

Borrower: Mike Street		
Property Address: 1313 Greyback Mountain Road	File No.:	: 18988A
City: Penticton	Case No	o.:
Lender: BMO / Sather Ranch Ltd. c/o Mike Street	Province: BC	Postal Code: V2A 8T3

The active listings provided in the comparables sales grid as Comparable #5 and #6 would be considered direct competition to the subject site if the subject were to be listed for sale on the MLS system. They have been included for information on the local listings market. Lot 1 Sheep Creek Road represents a listing where it has been reported that the seller is motivated and the property has been priced accordingly. This site offers a non-serviced 80 acres of land with similar topography. Due to servicing costs, the subject site is considered to be superior to Comparable #5 which is being offered at \$2,200 per/acre.

The comparables available reflect an adjusted range of values from a low of \$1,700/acre to a high of \$4,500/acre. Given subjects good proximity to the City of Penticton and the negative impact of the landfill, a lower range value of \$2,500 per acre has been selected to best represent the subject's estimated market value.

Final estimate of market value: 80.0 acres @ \$2,500 per acre = \$200,000 (rounded)

Hi Joe,

I was thinking it might be worth getting a second appraisal so I called Inland Appraisers, here is his reply.

Penticton

Hi Mike,

Thank you for forwarding me the December 2014 appraisal.

Given the intended use of the appraisal there are a number of issues that need appropriate consideration and investigation including in particular the highest and best use. It is a relatively unique property in terms of proximity to the City and therefore the research involved would be more than for a "typical" appraisal.

The fee would be \$1500 plus disbursements and GST. The disbursements would include a copy of the Title and any charges on Title that require investigation, and would likely run from \$20 to \$80. The fee would be payable at the time of the inspection.

I could not do the inspection until next week sometime, or possibly not until the last week of September. It would take anywhere from one to three weeks to complete the report.

Lastly, I have not conducted any review of the December 2014 report, however, my initial thought on reading the estimated market value is that it is highly likely that the estimated value from my report could be vastly higher. This of course cannot be determined without doing the appraisal. I only mention it because I anticipate you may be surprised by the difference between the two estimated values.

Please let me know if there are any questions, or if you would like me to proceed on the above basis.

Regards,

Schedules: (to be attached to Proof of Claim)

Schedule "A"

A description of the basis on which the Claim arose is as follows (attach separate sheet if necessary):

In late 2016, Mike Street approached my Mother (Connie Sather) and I with an Offer on the 1/3rd portion of the 80 acres at 1313 Greyback Mountain Road, Penticton, BC, owned by the Estate of the Late Oscar Sather, administered by my Mother (Connie) and I (Arlene Moser, daughter of Oscar and Connie Sather). In our meeting with Mike Street, he stressed that the smell from the nearby Land Fill site was so strong that nobody would want to buy this property. Mike Street gave me a copy of a recent Appraisal of the property which put the current market value at \$200,000. After stressing all the negatives about the property, Mike Street convinced my Mom and I that the property wasn't worth more than the \$225,000 the was offering of which \$75,000 would be paid to my Father's Estate. Trusting Mike Street, I agreed to sell the property to Mike Street and/or Sather Ranch Ltd. What Mike Street didn't tell me was that he knew the property was worth several times more than what he was Offering (see email attached from his Appraiser). Only recently did I realize that Mike Street was dishonest and that he took advantage of my elderly Mother and I because of her age and inexperience with this type of property (farm land). Mike Street "conned" my Mother and my Father's Estate out of thousands of dollars, knowing the real market value at the time of the sale was many times more than what he claimed. This is a deliberate fraud by Mike Street and I believe that he should be charged with fraud for his actions.

Schedule "B"

The following documents are attached and support the basis for the Claim as described above, including any claim for interest or other charges.

Summary of Claim (amounts):

Copy of the original Appraisal of 80 acres dated November 27, 2014, used by Mike Street to (ii) support his fraudulent claim;

Copy of email dated September 12, 2016 from Appraiser David Bush advising Street on the (iii)

much higher value of the property:

Copy of Calculation of Amount Defrauded by Mike Street and his partner Marielle Brule; (iv)

Copy of Interest Calculation on the money owed by Mike Street and/or Sather Ranch Ltd. to (V) my Dad's Estate;

Estimated Damages to 80 acres up to February 2nd 2017 and estimated Legal Fees required (vi) to represent the Estate of the Late Oscar Sather in any court action against Mike Street, Marielle Brule and Sather Ranch Ltd.

Schedule "C"

The following documents are attached and support the basis for my claim that I hold security in respect of this Claim:

- (ii)
- (iii)
- (iv)
- (v)
- (vi)

Neighbourhood Comments

Rural residential neighbourhood located just northeast of downtown Penticton along the eastern benches overlooking Okanagan Lake. The subject is located beyond the city limits approximately 5.5 km north of Penticton. The neighbourhood is characterized by good lake and valley views to the west. The abandoned Kettle Valley Railway (KVR) right-of-way, now part of the Trans Canada Trail, traverses the neighbourhood from north to south. The area consists of single family residences, hobby farms, orchards, and vineyards and the Campbell Mountain Landfill. The overall neighbourhood enjoys a good market acceptance.

Site Comments

The subject site is accessed by Greyback Mountain Road. The road access located on the southern portion of the site also bisects the property in an east-west direction parallel to the southern boundary along with a powerline. The subject lot is 80.3 acres in size and is rectangular in configuration. Approximately 50 acres are forested hillside and the remaining 30 acres is open rolling native grass land and homesite. Under current zoning the subject property is not able to be subdivided.

The subject is located directly east of the Campbell Mountain Landfill; at the time of the inspection the site was affected by odors from the landfill composting and by equipment noise also emanating from the landfill operations. The proximity to the landfill will result in purchaser resistance.

Topography is generally moderate to gentle upward sloping hillside from Greyback Mountain Road. The site also slopes downwards along the western boundary offering some views of Okanagan Lake. There is a leveled graded building site and a fenced and cross fenced area for livestock, this area is also improved with a manufactured home.

For the purpose of this land valuation the improvements are not considered in the estimated market value found below. The majority of the site is considered to have mild to moderate slopes which reduce the usable area of the site. Services located at the lot line include hydro. A septic system will be required. The site offers partial views of Okanagan Lake and the surrounding valley. Lot size is typical for the immediate area and the subject conforms to neighbouring properties.

Comments on Sales Comparison

An extensive search for comparables, offering similar characteristics as the subject in regards to size and highest and best use, resulted in a limited number of sales to select from; none of which were located in the subject's immediate neighbourhood. Therefore, sales from neighbourhoods similar to the subject have had to be selected for comparison purposes. The 4 comparables available are deemed to best reflect an estimated market value for the subject. Two active listings were also included for information purposes. A per acre unit of comparison has been selected to establish an estimated fair market value for the subject site.

"Units of comparison are used to adjust for differences in size by reducing a sale to a unit basis, so it can be compared with other similar sales and the subject. A useful unit is one that represents market behaviour, and this can sometimes vary from one market or submarket to another" (Basics of Real Estate Appraising Fourth Edition). Often when purchasers are considering rural large acre parcels a sale price per acre is considered, as is the case in this report. When considering a sale price per acre, one must also consider a Law of Diminishing Return which indicates the larger the unit, the lower the unit cost may be. This is typical for acreage type parcels of land, which is further supported by the Direct Comparison Approach.

The area real estate market within this submarket has remained relatively stable over the period between the comparable sale dates and the effective date of this appraisal report, therefore, no time adjustments are required.

Comparable #1, a 20.03-acre parcel improved with access, a detached 960sf workshop, carport and an old trailer indicates an adjusted sale price per acre of \$4,500 (rounded).

Comparable #2, a 41.0-acre parcel is reported to have no site improvements; it indicates an adjusted sale price per acre of \$3,400 (rounded).

Comparable #3, a 30.9-acre parcel improved with access and what is reported as a 500sf hunters cabin and a 20-foot shipping container indicates an adjusted sale price per acre of \$2,500 (rounded).

Comparable #4, an 80-acre parcel is reported to have no established access and no site improvements indicates an adjusted sale price per acre of \$1,700 (rounded).

The above sales when applied to the subject site results in a range of values as follows:

Comparable #1 \$4,500 per/acre @ 80 Acres = \$ 360,000 Comparable #2 \$3,400 per/acre @ 80 Acres = \$ 272,000 Comparable #3 \$2,500 per/acre @ 80 Acres = \$ 200,000 Comparable #4 \$1,700 per/acre @ 80 Acres = \$ 136,000

Comparable #1 at 20 acres represents a smaller parcel with superior site influences. Due to subdivision costs smaller sites will reflect in a higher per acre selling price. As such Comparable #1 is considered to be superior to the subject site and sets the upper range of value. Comparable #2 represents a 40 acre site of lightly treed usable land with no adverse site influences. Given the smaller size and the superior site influences this sale is also considered to be superior. Comparable #3 offers similar terrain to that of the subject site with a mix of grassland and forest and hillside to level bench. This sale is impacted by an abandoned railway line but offers very good valley views. Comparable #4 is similar in size to that of the subject at 80 acres and offers similar topography and good views. It is recognized that this sale is a dated sale. An analysis of market data within the submarket indicates that although Comparable #4 is a dated sale property values have been relatively stable. Therefore, no adjustment for sale date was deemed to be required. Comparable #4 is a court ordered "forced sale" and as such it is considered to represent the lowest range of values for the subject site. The subject site has a superior location to that of Comparable #4 given the close proximity to Penticton. The subject also has superior lake views. However, between the lake view and the subject is the negative impact of the Campbell Mountain Landfill. In summary, given the site influences of the subject site it is considered to be superior to the per acre sale price of Comparable #4.

The active listings provided in the comparables sales grid as Comparable #5 and #6 would be considered direct competition to the subject site if the subject were to be listed for sale on the MLS system. They have been included for information on the local listings market. Lot 1 Sheep Creek Road represents a listing where it has been reported that the seller is motivated and the property has been priced accordingly. This site offers a non-serviced 80 acres of land with similar topography. Due to servicing costs, the subject site is considered to be superior to Comparable #5 which is being offered at \$2,200 per/acre.

The comparables available reflect an adjusted range of values from a low of \$1,700/acre to a high of \$4,500/acre. Given subjects good proximity to the City of Penticton and the negative impact of the landfill, a lower range value of \$2,500 per acre has been selected to best represent the subject's estimated market value.

Final estimate of market value: 80.0 acres @ \$2,500 per acre = \$200,000 (rounded)

Penticton

Hi Mike,

Thank you for forwarding me the December 2014 appraisal.

Given the intended use of the appraisal there are a number of issues that need appropriate consideration and investigation including in particular the highest and best use. It is a relatively unique property in terms of proximity to the City and therefore the research involved would be more than for a "typical" appraisal.

The fee would be \$1500 plus disbursements and GST. The disbursements would include a copy of the Title and any charges on Title that require investigation, and would likely run from \$20 to \$80. The fee would be payable at the time of the inspection.

I could not do the inspection until next week sometime, or possibly not until the last week of September. It would take anywhere from one to three weeks to complete the report.

Lastly, I have not conducted any review of the December 2014 report, however, my initial thought on reading the estimated market value is that it is highly likely that the estimated value from my report could be vastly higher. This of course cannot be determined without doing the appraisal. I only mention it because I anticipate you may be surprised by the difference between the two estimated values.

Please let me know if there are any questions, or if you would like me to proceed on the above basis.

Appendix 4 Receiver's Notices of Disallowance of Claims

NOTICE OF DISALLOWANCE

IN THE SUPREME COURT OF BRITISH COLUMBIA

BETWEEN:

MICHAEL NEIL STREET and MARIELLE JACQUEILINE ANGELLA BRULE

PLAINTIFFS

AND:

SATHER RANCH LTD. by its Court Appointed Receiver and Manager, C. Cheveldave & Associates Ltd.

DEFENDANT

.

To: The Estate of the Late Palmer E. Sather (the "Claimant")

Pursuant to the Claims Process, C. Cheveldave & Associates Ltd. (the "Receiver"), in its capacity of court appointed receiver of Sather Ranch Ltd., hereby gives you notice that your Proof of Claim dated March 29, 2020 has been reviewed and the Receiver has disallowed your Claim for the following reasons.

There has been no information provided that demonstrates that there is a debtor-creditor relationship between Sather Ranch Ltd. ("SRL") and the Claimant.

Based on the information set out in the Schedules to the Proof of Claim (the "Claim Details") provided to the Receiver, the underlying basis of the Claim is an alleged fraud by one of the Plaintiffs – Michael Neil Street ("Street") in connection with the purchase of lands located at 1313 Greyback Mountain Road in Penticton, BC (the "Ranch") by SRL. In addition, the Claim Details allege that Street committed theft with respect to certain equipment and cattle. Furthermore, the Claimant also claims amounts for interest, legal fees and "damage to land".

SRL was beneficially owned 50% each by Street and Joseph Sather ("Joe"), Palmer Sather's son. At all relevant times, both Joe and Street were directors of SRL. It is further understood that Joe and his sister Carol Sather-Byman each held powers of attorney for Palmer Sather and as such owed Palmer Sather ("Palmer") a duty of care, including the duty to act honestly and in good faith and to act in the best interest of Palmer.

It is the Receiver's understanding that, based upon the information in the Proof of Claim, neither the allegation of fraud nor the allegation of theft have been reported to the applicable law enforcement agencies, no criminal charges have been laid, and neither allegation has been proven in court.

The Claim Details assert the allegations of fraud and theft against Street (not SRL). If those allegations are only made against Street (and not SRL), then the Claim must be disallowed as the Claims Process herein only involves the determination of claims against SRL.

To the extent the Receiver is to consider those claims as against SRL (i.e. that Street acted in his capacity as a director of SRL), then the Claimant fails to address Joe's involvement or the duties Joe owed to Palmer. The Claimant does not allege that Joe participated or acquiesced to the alleged fraud and theft. The Claimant fails to reconcile Joe's duties to his father and his duties to the SRL. If the allegations are properly advanced against SRL, then those allegations necessarily impugn the conduct of Joe as a director of SRL. The Claimant, however, makes no criticism of Joe's conduct herein. That omission calls into question the merits of the Claim.

SRL purchased the Ranch pursuant to the terms of a contract of purchase and sale dated November 4, 2016 between Palmer Sather, the Estate of Oscar Sather, and Constance Sather as vendors and SRL as purchaser (the "Contract"). Pursuant to the Contract, the sale was to complete on January 3, 2017. The Receiver understands the sale did complete and that SRL operated the cattle ranch business on the property from January 3, 2017.

Palmer was a party to the Contract and Palmer, or his attorneys Carol and Joe, were aware of the ranching operations by SRL on the property after the Ranch was acquired.

The claims appear to be statute barred by the *Limitation Act*. As noted, SRL purchased or otherwise acquired the subject assets on or about January 3, 2017 and operated the ranching operations therefrom thereafter. Palmer, through his attorney, was a party to the transaction and thus his estate was aware of its terms. Accordingly, any claim arising from the transfer would be statute barred if it was not commenced after January 3, 2019 (i.e. more than 2 years after the transaction completed). The claims are thus statute barred.

Claim for 80 Acres Fraud:

The claim asserted is not recognized or recoverable at law. Even if it was, as noted above, the claim is statute barred and not supported by evidence.

Palmer sold his interest in the Ranch pursuant to the terms of the Contract he entered with SRL.

The claim asserts that SRL did not pay fair market value for the Ranch. There is no obligation recognized at law that requires a purchaser to pay fair market value. The parties are free to negotiate and agree upon any amount of consideration. SRL paid the purchase price in the Contract, and thus wholly discharged its obligations under the Contract.

In negotiations, there is no duty of care owed by a prospective purchaser to accurately represent to the seller the fair market value of the subject property. Each party has a duty to take care of their own interest and cannot rely upon the counterparty to do so.

If Street (on behalf of SRL) did in fact make a representation as to the value of the Ranch before Palmer (or his attorney) entered into the Contract, then Palmer (or his attorney) could not rely reasonably on any such representation. In negotiations, a vendor cannot reasonably rely upon representations as to value made by the prospective purchaser.

Finally, as it pertains to the allegation that the sale was below fair market value, there is no admissible evidence or expert evidence establishing what the fair market value was at the time of the transaction. The information contained on the schedule titled "Calculation of Amount Defrauded" (amount of \$605,636) is unsubstantiated. There is no supporting information that substantiates the calculation of the alleged "underpayment". No information was provided to support the amounts claimed as "Estimated Annual Increase In Value". The amounts claimed as "Estimated Annual Increase In Value" are arbitrary but in any event would require expert evidence as to the value, which evidence has not been provided. Consequently, even if the Claimant had established an enforceable cause of action, it has not established any damages that would be payable in connection with that claim.

Claim for Unpaid Interest Charges:

The claim asserted is not recognized or recoverable at law. The Claimant has not identified any contractual, statutory or other basis by which the Claimant is entitled to interest at the rate claimed or at any rate. The amount claimed of \$144,641 is unsubstantiated and not supported by any evidence or documents.

Claim for Palmer's Equipment

The Claimant alleges that Street stole certain equipment belonging to Palmer. To the extent the Receiver is to consider those claims as against Street in his capacity as a director of SRL and thus properly advanced against SRL, the Claimant has not established this claim on its merits.

First, as noted above, any such claim became statute barred in or about January 2019.

Second, the fact that Joe (Palmer's son and his power of attorney) never objected to the SRL's use of those assets prior to the receivership herein supports the inference that SRL had the right and entitlement to that property. SRL's financial statements and capital asset ledger information provide that SRL owned various equipment pieces, tools, supplies, etc. The SRL financial statements and financial transactions were approved annually by the shareholders. There is no indication that any of the directors or shareholders objected to the financial statements or financial transactions.

Third, the amount claimed of \$50,340 is not supported by evidence to establish that was the market value of each item as at the date of the alleged theft. The claim for damages is thus not substantiated or supported by evidence.

Fourth, the objective documentary evidence supports the inference that SRL purchased those assets and was lawfully entitled to be in possession of, use and eventually sell them. The Contract specifically included: storage sheds, pumphouse, wells, power poles, fencing, and miscellaneous equipment. This supports that the equipment in question was included in the purchase of the Ranch. The failure of the Claimant to disclose and distinguish the personal property acquired pursuant to the terms of the Contract from those subject to its Claim herein is a serious impediment to the claim.

Claim for Missing/Stolen Cattle

The Claimant alleges that Street stole cattle belonging to Palmer. To the extent the Receiver is to consider those claims as against Street in his capacity as a director of SRL and thus properly advanced against SRL, the Claimant has not established this claim on its merits.

As noted above, any such claim became statute barred in or about January 2019.

In addition, the evidentiary foundation to establish this claim would require tracing the livestock records of Palmer and of SRL. While the Claim Details refer to "tracing records of livestock owned by [Palmer], no such records were provided in support of the claim. There were no detailed inventory records, cattle tag records, or any other documentation or evidence provided to substantiate the cattle count information alleged in the Claim Details.

Further, as noted above, the shareholders approved the financial statements (which includes cattle inventory). Prior to the receivership, there is no information that indicates that Joe objected to the financial statements or financial transactions. As noted, Joe is both Palmer's son and one of his attorneys. Where Palmer's estate makes no allegation of wrongdoing against Joe,

the Receiver reasonably expects that Joe would have objected to and identified any cattle, or their proceeds, that belonged to his father and not to SRL.

Finally, the amount claimed of \$198,000 is unsubstantiated. There is no supporting information or evidence to substantiate the average price of \$1,800 per head that is used in the calculation.

Based on the information and documents provided and assuming the claim is not statute barred, there is no basis upon which to conclude that any of Palmer's cattle were converted by SRL, nor is there any evidentiary basis to conclude what the value of any such cattle would be.

Claim for Damaged Land

The claim asserted is not recognized or recoverable at law. The Claimant has not identified any contractual, statutory or other basis by which the Claimant is entitled to compensation for any such alleged damage. The Claim is vague. The Claimant fails to identify both the affected property and the alleged damage.

The amount claimed of \$100,000 is unsubstantiated. There is no information provided concerning damage incurred and the cost of damage.

Claim for Legal Fees

The claim asserted is not recognized or recoverable at law. The claimant has not identified any contractual, statutory or other basis by which SRL is required to compensate the Claimant for legal fees. Further there is no evidence or documents establishing that the Claimant incurred \$50,000 in legal fees.

NOTICE OF DISALLOWANCE

IN THE SUPREME COURT OF BRITISH COLUMBIA

BETWEEN:

MICHAEL NEIL STREET and MARIELLE JACQUEILINE ANGELLA BRULE

PLAINTIFFS

AND:

SATHER RANCH LTD. by its Court Appointed Receiver and Manager, C. Cheveldave & Associates Ltd.

DEFENDANT

.

To: The Estate of the Late Oscar Sather (the "Claimant")

Pursuant to the Claims Process, C. Cheveldave & Associates Ltd. (the "**Receiver**"), in its capacity of court appointed receiver of Sather Ranch Ltd., hereby gives you notice that your Proof of Claim dated March 29, 2020 has been reviewed and the Receiver has disallowed your Claim for the following reasons:

The Claim was submitted by Arlene Moser, in her capacity as the Executor of the Estate of her father Oscar Sather. The proof of claim must be signed by the Creditor who upon signing certifies the information specified in the proof of claim form and the Claim the Details. Ms. Moser did not sign the Proof of Claim as required thereby rendering the certificate of the facts defective. Had the Receiver been inclined to accept a part of the Claim, it would have requested this defect to be remedied. The Receiver has considered and adjudicated the Claim as if the Claim was signed and thus properly submitted to it. For the reasons set out herein, the Claim has been disallowed.

There has been no information provided that demonstrates that there is a debtor-creditor relationship between Sather Ranch Ltd. ("SRL") and the Claimant.

Based on the information set out in the Schedules to the Proof of Claim (the "Claim Details") provided to the Receiver, the underlying basis of the Claim is an alleged fraudulent misrepresentation or fraud by one of the Plaintiffs – Michael Neil Street ("Street") in connection

with the purchase of lands located at 1313 Greyback Mountain Road in Penticton, BC (the "Ranch") by SRL.

It is the Receiver's understanding that, based upon the information in the Proof of Claim, the allegation of fraudulent misrepresentation or fraud was not reported to the applicable law enforcement agencies, no criminal charges have been laid, and the allegations have not been proven in court.

The Claim Details assert the allegations of fraudulent misrepresentation against Street (not SRL). If those allegations are only made against Street (and not SRL), then the Claim must be disallowed as the Claims Process herein only involves the determination of claims against SRL.

SRL purchased the Ranch pursuant to the terms of a contract of purchase and sale dated November 4, 2016 between Palmer Sather, the Estate of Oscar Sather, and Constance Sather as vendors and SRL as purchaser (the "Contract"). Pursuant to the Contract, the sale was to complete on January 3, 2017. The Receiver understands the sale did complete and that SRL operated the cattle ranch business on the property from January 3, 2017.

The Claimant was a party to the Contract.

The claim appears to be statute barred by the *Limitation Act*. As noted, SRL purchased the Ranch on or about January 3, 2017. The Claimant, through his attorney, was a party to the transaction and thus his estate was aware of its terms. Accordingly, any claim arising from the transfer would be statute barred if it was not commenced after January 3, 2019 (i.e. more than 2 years after the transaction completed). The claim is thus statute barred.

Claim for 80 Acres Defrauded from Estate:

The claim asserted is not recognized or recoverable at law. Even if it was, as noted above, the claim is statute barred and not supported by evidence.

The Claimant sold his interest in the Ranch pursuant to the terms of the Contract he entered with SRL.

The claim asserts that SRL did not pay fair market value for the Ranch. There is no obligation recognized at law that requires a purchaser to pay fair market value. The parties are free to negotiate and agree upon any amount of consideration. SRL paid the purchase price in the Contract, and thus wholly discharged its obligations under the Contract.

In negotiations, there is no duty of care owed by a prospective purchaser to accurately represent to the seller the fair market value of the subject property. Each party has a duty to take care of their own interest and cannot rely upon the counterparty to do so.

If Street (on behalf of SRL) did in fact make a representation as to the value of the Ranch before the Claimant (or his attorney) entered into the Contract, then the Claimant (or his attorney) could not rely reasonably on any such representation. In negotiations, a vendor cannot reasonably rely upon representations as to value made by the prospective purchaser.

Finally, as it pertains to the allegation that the sale was below fair market value, there is no admissible evidence or expert evidence establishing what the fair market value was at the time of the transaction. The information contained on the schedule titled "Calculation of Amount Defrauded" (amount of \$302,364) is unsubstantiated. There is no supporting information that substantiates the calculation of the alleged "underpayment". No information was provided to support the amounts claimed as "Estimated Annual Increase In Value". The amounts claimed as "Estimated Annual Increase In Value" are arbitrary but in any event would require expert evidence as to the value, which evidence has not been provided. Consequently, even if the Claimant had established an enforceable cause of action, it has not established any damages that would be payable in connection with that claim.

Claim for Unpaid Interest Charges:

The claim asserted is not recognized or recoverable at law. The Claimant has not identified any contractual, statutory or other basis by which the Claimant is entitled to interest at the rate claimed or at any rate. The amount claimed of \$72,212 is unsubstantiated and not supported by any evidence or documents.

Claim for Damaged Land

The claim asserted is not recognized or recoverable at law. The Claimant has not identified any contractual, statutory or other basis by which the Claimant is entitled to compensation for any such alleged damage. The Claim is vague. The Claimant fails to identify both the affected property and the alleged damage.

The amount claimed of \$50,000 is unsubstantiated. There is no information provided concerning damage incurred and the cost of damage.

Claim for Legal Fees

The claim asserted is not recognized or recoverable at law. The claimant has not identified any contractual, statutory or other basis by which SRL is required to compensate the Claimant for legal fees. Further there is no evidence or documents establishing that the Claimant incurred \$25,000 in legal fees.

I have to disagree with the suggestion that the applicants not make preliminary oral submissions in support of their respective claims, or provide concluding oral submissions. That is a fundamental right and not one we are prepared to waive. Moreover, the Notices of Application were not prepared with that truncated process in mind, and therefore don't adequately frame the issues to be addressed.

Making submissions will add 1.5 days to this estimate; I suggest we book 10 days in total.

Scott and Steven,

Following on your respective notes below, Mr. Sather's preference is that this matter be heard by the Court.

With respect to process, given that the parties' positions and the particulars of the claims are already set out in the various notices of application and replies, I don't see the need for more than cross-examination on the affidavits, followed by argument. With respect to cross-examination, we expect to require 4 days total for cross-examination of Mr. Street, Ms. Brule, and Ms. Gosling. As with Mr. Dvorak, we may need a half-day for re-direct, pending further direction.

For argument, we propose written argument to be filed shortly after the conclusion of the evidentiary portion of the hearing, possibly with an attendance before the presiding judge to answer any questions. I expect the latter could be accomplished in one half-day.

To summarize, the process would unfold roughly as follows:

- a) Street cross-examination of Mr. Sather 2 days
- b) Re-Direct of Mr. Sather ½ day
- c) Sather cross-examination of Street group 4 days
- d) Re-Direct of Street Group affiants ½ day
- e) Questions on Argument 1/2 day

Based on the above, 7 1/2 days would be required to complete the process.

Best,

Dan J.

Steve,

Thank you for the email below.

I will wait to hear from Dan as to Mr. Sather's position on mode and timing.

In response to your question, the Receiver did receive two arm's length claims, but both have been disallowed. They will be addressed in the Receiver's Report that will be finalized once we have heard from Dan as to his clients' position on process and timing.

Subject: RE: Sather Ranch - Hearing of Related Party Claims

[THIS MESSAGE ORIGINATED FROM OUTSIDE OUR FIRM]

Scott and Dan;

- A. First, our clients would prefer to have the Related Party Claims determined through arbitration, conducted by a sole arbitrator pursuant to the Vancouver Arbitration Centre Domestic Arbitration Rules (the "**Rules**"). We would propose that:
- 1. the commencement date be May 3, 2021, and the parties (i.e. the Street group and the Sather group) each pay $\frac{1}{2}$ of the fees;
- 2. the Notices of Application stand as the Notices to Arbitrate, and the Responses stand as the Response to Notice to Arbitrate;
- 3. the Arbitrator be appointed pursuant to Rule 8;
- 4. the Affidavits stand as direct evidence in the Arbitration, subject to directions from the Arbitrator; and
- 5. the Arbitration process be conducted substantially in accordance with the process contemplated under the Claims Process Order, as supplemented by any directions provided by the Arbitrator.
- B. If those terms are not acceptable, and if we cannot agree upon alternative terms for arbitration of the Claims, the following will clarify our time estimates for the court applications:
- 1. The presentation of all claims made by the Street group will require 2 days.
- 2. The cross examination of Mr. Sather will, we expect, consist of two parts, but should proceed concurrently. First, Mr. Sather will be cross examined on his various affidavits sworn to date in response to the claims made by the Street group. Second, Mr. Sather will be cross examined

- on his various affidavits sworn in support of his claims and those of AMX. We anticipate that Mr. Sather will be under cross examination for a total of two days.
- 3. Depending upon the decider's rules for the process, we may require up to half a day for redirect
- 4. I would expect that a further half day will be required for closing submissions on behalf of the Street group.
- 5. In total, we should allow 5 days for the Street group's processes.

Finally, can you confirm that no claims, other than Related Party Claims, were submitted by the Claims Bar Date?

Thanks;

Steven Dvorak

Subject: Sather Ranch - Hearing of Related Party Claims

Counsel,

As required by paragraph 18 of the claims process order, the Receiver is preparing a report to the court regarding the claims received and to seek directions, address any procedural issues (including whether the Receiver needs to participate in the hearing) and finally to assist in the scheduling of the hearing of the Related Party Claims.

I am writing to you to ask that you confirm your client's preference as to the adjudicator (judge or arbitrator) and to confirm how much time you think will be required for the hearing assuming all of the Related Party Claims are heard together by the same decision maker.

Paragraph 20 of the claims process order enables the applicants and respondents to agree to have the claims determined by an arbitrator of their choosing. Is that something you wish to consider? Or alternatively, please confirm if your client's preference is that the Related Party Claim be heard by the Court.

As to the time required, I would appreciate your input as to the amount of time we should reserve for the hearing of these applications. The following time estimates have been provided in the Notices of Application and Application Responses.

Application of Boundary Machine Ltd.

- Applicant's time estimate: 2 days
- Respondents' time estimate: 3 days
- Witnesses to be Cross Examined:
 - Mike Street (8 hours)
 - o Marielle Brule (4 hours)
 - Terry Gosling (2 hours)

Application of Marielle Brule

- Applicant's time estimate: 2 days
- Respondents' time estimate: 3 days
- Witnesses to be Cross Examined:
 - Mike Street (8 hours)
 - Marielle Brule (4 hours)
 - Terry Gosling (2 hours)

Application of Profectus Financial Inc.

- Applicant's time estimate: 2 days
- Respondents' time estimate: 3 days
- Witnesses to be Cross Examined:
 - Mike Street (8 hours)
 - o Marielle Brule (4 hours)
 - Terry Gosling (2 hours)

Application of Mike Street

- Applicant's time estimate: 2 days
- Respondents' time estimate: 3 days
- Witnesses to be Cross Examined:
 - Mike Street (8 hours)
 - Marielle Brule (4 hours)
 - o Terry Gosling (2 hours)

Application of AMX Real Estate Inc. and Joseph Sather.

- Applicant's time estimate: 1 hour
- Respondents' time estimate: 3 days
- Witnesses to be Cross Examined: Joseph Sather

- Witnesses to be Cross Examined:
 - Mike Street (8 hours)
 - Marielle Brule (4 hours)
 - o Terry Gosling (2 hours)

Adding the above estimates up would require 15 court days. I assume that they are to be heard together such that your intent may have been that 3 days is required. I suspect that estimate, however, may be low. For that reason, I am writing to ask that you consider further the amount of court time required as if we were scheduling a trial and to set out exactly what you anticipate you would need for your submissions (as applicant and respondent) and for cross examinations you wish to conduct so that we can get a better time estimate for the hearing as a whole.

I look forward to hearing from you at your earliest convenience.

Thank you,
