⚡ THE BAND ⚡

While Ambush (MB) has been making its mark on the Myrtle Beach music scene for just three years, each member brings a deep and accomplished musical background to the stage. Collectively, the band represents nearly 200 years of combined musical experience, creating a live show built on musicianship, authenticity, and a genuine love of performing.

KEVIN KEITH ⚡ LEAD VOCALS

A former poet, sommelier, and tech writer, Kevin is a fourth-generation musician whose passion for music runs deep. Equal parts performer and student of music history, he brings a versatile vocal style and broad musical perspective that help define the character and sound of *Ambush*.

RON BRINN ⚡ DRUMS

A lifelong musician with roots firmly planted in jazz, Ron Brinn brings a unique dynamic to *Ambush* as his first true rock and roll project. Influenced by legendary drummers Gene Krupa and Buddy Rich, Ron's style combines technical precision, expressive feel, and a rhythmic foundation that gives the band its unmistakable pulse.

CHRIS BELL ⚡ GUITAR AND VOCALS

Chris spent years as a professional rock guitarist with Sony Records before trading the Windy City for the beach in 2020. These days, he's enjoying the best of both worlds—bringing his Chicago rock and blues roots to the Grand Strand while enjoying everything that comes with life at the beach. And when it comes to how long he plans to keep playing? Chris puts it pretty simply: "I'll playing on the beach until Jesus comes back."

STEPH DOYLE ⚡ BASS AND VOCALS

Steph's musical journey spans both country and rock, with experience performing in multiple bands across both genres. A former Air Force serviceman and graphic artist, he brings a unique blend of musical instinct, life experience, and visual creativity to *Ambush*. His approach to bass is rooted in strong groove, powerful tone, and serving the song while energizing the stage.

TOM BRUNO ⚡ GUITAR AND VOCALS

Born and bred in New York and rooted in The Bronx, Tom was playing in his first rock band by 16, cutting his teeth at school dances, parties, band battles, and the local bar scene. His style is shaped by guitar legends including Jimmy Page, Eric Clapton, Tony Iommi, Peter Frampton, Ace Frehley, Joe Perry, and the Allman Brothers. For Tom, it's not just about playing the notes—it's about the energy, the connection, and having a damn good time doing it.

⚡ AMBUSH ORIGINS ⚡

Founded in 2023, Ambush (MB) was built on a simple idea: bring the raw power, timeless sound, and unmistakable spirit of Southern Rock and Classic Rock to audiences across the Grand Strand.

Formed by lead vocalist Kevin Keith and drummer Ron “The Immortal” Brinn, the Little River, South Carolina-based band wasted no time hitting the local club scene, delivering crowd-pleasing performances packed with singalong anthems, driving guitar riffs, and high-energy favorites.

As the band grew, so did its sound. Through a series of lineup changes, Ambush (MB) refined its chemistry, expanded its repertoire, and forged the dynamic stage presence that has become its trademark.

The next chapter began in 2025 with the addition of Dayton, Ohio transplant Scott Brandenburg on lead guitar, whose playing added new firepower to the band’s sound. In 2026, bassist Steph Doyle joined the lineup, bringing fresh energy, groove, and musical versatility that further elevated the band’s live performances.

Today, Ambush (MB) continues to build momentum with a powerful mix of Southern Rock, Classic Rock, and blues-infused favorites. Fueled by Kevin Keith’s commanding vocals, a tight rhythm section, and soaring guitar work, the band delivers every show with authenticity, passion, and the kind of energy that keeps audiences on their feet from the first note to the last.
