

FIRE ESCAPE LADDER DIRECTIONS

Fire ladders are located on the 3rd floor, under the windows.

#1

Pull open ladder cover located under the window.

#2

Separate the red safety strap from the black ladder straps, so it hangs near wall.

#3

Set the ladder on the sill & pull the tab. Drop ladder out the window.

#4

Use the ladder storage box as an additional step. Hold on to the red safety strap to maintain balance.

#5

Use red safety strap to maintain balance while climbing out the window.

#6

Once you have a grip on the ladder outside, let the safety strap go and climb down.
