

SASKATCHEWAN ARCHERY ASSOCIATION JUNIOR OLYMPIC PROGRAM

BADGE REQUIREMENTS

Archers must shoot at least two scores at each distance to move to the next classifications. Scores must be shot at regular JOP nights. Archers are not classified according to age or type of equipment used but only according to the scores they shoot.

Badges may also be earned with a single score shot at the JOP championships, SAA Provincial Championships or other registered tournament.

Scores should be consecutive to earn the next level it is under the Clubs JOP Coordinators discretion. If an Archer is shooting scores two or more levels above their badge level it is the Clubs JOP Coordinators discretion to move Archers.

For example: if the archer's previous badge was Junior Bowman and the next scores are over 160 at 10m then the archer will receive both the Junior Archer and Bowman badges.

10 Meters

Yeoman 60
Junior Bowman 80
Junior Archer 100
Bowman 140
Bowman II 160
