

## SASKATCHEWAN ARCHERY ASSOCIATION

SAA Officials Coordinator Report 2023 – 2024

Submitted by Sheri Yaworski

This season all clubs have been proactive in ensuring they have the required number of Range Safety Officers / Judges. I appreciate everyone keeping up with this. Last year we had several judge candidates achieve their Provincial judge status. This has been helpful to clubs that want to host more registered events. There have been a few inquiries about the judges pathway, however no one has taken the exam this year. I have had a couple judges that wish to get back into judging and we are working together to get this accomplished. It is still hard to fill all the judging spots required for events, especially outdoor events. Archery Canada has implemented new rules to continue to be an accredited judge that PSO's were required to implement. A new Judges policy was created by the SAA. The policy can be found in Policies and Procedures on the SAA website, Policy #25: Judges Policy. Judges will now have to be active to keep up their Provincial Judge status. Thank you to all of the judges that officiated club events and provincial championships. Especially those that were on the field for the record breaking number of archers, JOP Championship and Indoor Target Provincials, it was a very busy and long weekend, your time and professionalism is greatly appreciated.
