The following specific criteria will be used for the selection of archery athletes to compete at the 2027 Canada Winter Games:

1. Archer must participate in all Consolidation camps if selected for the team. Consideration to alternate training may be given to athletes at a greater distance than 3 hours from the consolidation camp.
2. Archers must shoot and submit scores from a minimum of Six (6) Registered 600 round (AC and/or World Archery) or other World Archery member national associations (e.g. USA Archery) 18M indoor rounds between September 1, 2025, and October 30, 2026 to obtain a ranking score. One (1) of the scores must be from a qualifying match play event after August 2026. A list of archers with submitted qualifying scores will be posted on the SAA website at the start of each month (October 2025 to Nov 2026).

Ranking scores will be determined as follows: The best six (6) eligible 600 round scores submitted will have an 'Average Arrow Value' (AAV) calculated and the three (3) best match play scores from the designated match play qualifier events submitted during the qualifying period will have an "Average Arrow Value" calculated and ranked for selection. Total cumulative AAV of an athlete's top three (3) 600 Round and top (3) eligible match play scores will determine the final ranking score based on AAV. The top archer and one (1) alternate per equipment division and gender category with the highest ranking AAV will make up the team.

Based on previous games, to be competitive at the Games, the **Minimum Qualifying Scores (MQS) be:** Compound Male 565/600; Compound Female 550/600; Recurve Male 495/600; Recurve Female 480/600; Barebow Male 345/600; Barebow Female 335/600.

Tie Break Rule: In the event of a tie, the following tie break procedures will be taken in the following priority.

1. The athlete's fourth highest score submitted will be added to the cumulative total ranking score.
2. In the event that implementation of tie break procedure number one results in a tie, the athlete's fifth highest score submitted will be added to the cumulative total ranking score.
3. In the event that implementation of tie break procedure number one and two results in a tie, team selection will be made utilizing a match play shoot off, if still tied after the match play round a single arrow shoot off, closest to the center will break the tie.
