

EThings: Service Provider User Manual

If you are a service provider, we have a platform for you to reach out to your local communities. You just need to sign up into the app, chose the area in which you provide the service, and select the services that you provide.

As easy as 1, 2, 3... once you have added service, people in your area searching for that service will see your name and contact details. You will get the call directly from the customer.

1. Sign Up

Ethings makes it amazingly simple to sign up as a service provider in easy three steps.

The image shows a mobile app interface for signing up as a service provider. The screen displays the EThings logo and the text "Welcome to EThings". Below the logo, there are two radio buttons: "Want To Provide Some Services." (which is selected) and "Want To Book a Service.". Below the radio buttons, there are two input fields: "Name" with the value "Kamal Kishore" and "Mobile Number" with the value "9494949494". A large blue "SignUp" button is at the bottom. Below the button, there is a link "Already Have An Account? SIGN IN" and the text "Powered By ID4 Consultancy Pvt. Ltd.". The screen is annotated with three steps: Step 1: Select 'Want to Provide Some Services' radio button; Step 2: Provide your 'Name' and 'Mobile Number'; Step 3: Tap 'Sign Up'. Blue arrows indicate the flow from Step 1 to Step 2, and from Step 2 to Step 3.

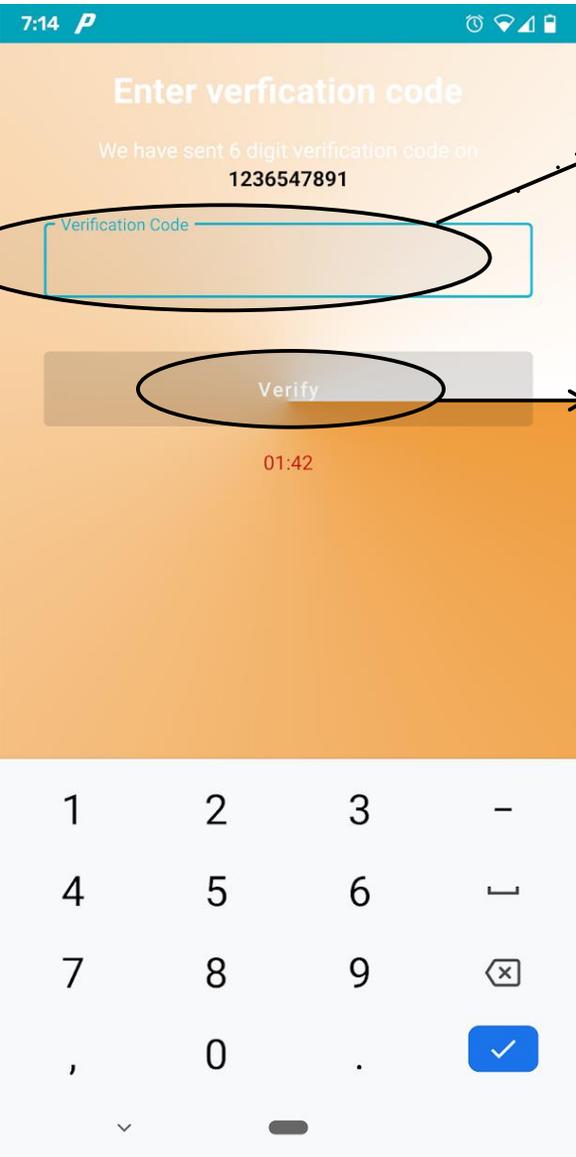

Step 1: Select 'Want to Provide Some Services' radio button,

Step 2: Provide your 'Name' and 'Mobile Number'

Step 3: Tap 'Sign Up'

EThings will SMS you a verification code. It will automatically read the code and sign you up.

If for some reason it does not work, please enter the code manually on the verification screen.

The screenshot shows a mobile app interface for entering a verification code. At the top, the status bar shows the time 7:14 and various icons. The app header is teal with the letter 'P'. The main screen has an orange background with the title 'Enter verification code'. Below the title, it says 'We have sent 6 digit verification code on 1236547891'. There is a text input field labeled 'Verification Code' which is highlighted with a black oval. Below the input field is a grey button labeled 'Verify', also highlighted with a black oval. A red timer '01:42' is visible below the button. At the bottom of the screen is a numeric keypad with digits 1-9, 0, a backspace key, and a blue checkmark button. To the right of the screenshot, there are two annotations: 'Step 1: Enter the verification code received in SMS.' with an arrow pointing to the input field, and 'Step 2: Tap 'Verify'' with an arrow pointing to the 'Verify' button. A large blue downward-pointing arrow is positioned between the two steps.

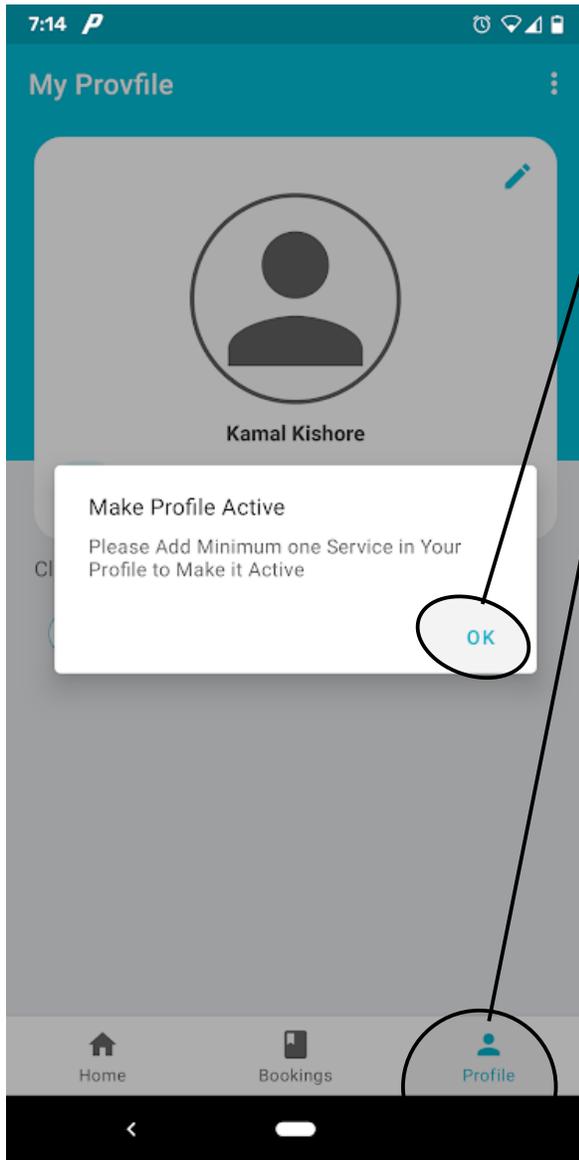

Step 1: Enter the verification code received in SMS.

Step 2: Tap 'Verify'

2. Adding the Services

Ethings makes everything, including adding your services, as easy as 1, 2, 3... after the sign up, Ethings will present you the profile page where you can add the service.

Anytime later, you can come to this page using the profile menu by tapping 'Profile' button at bottom right corner.

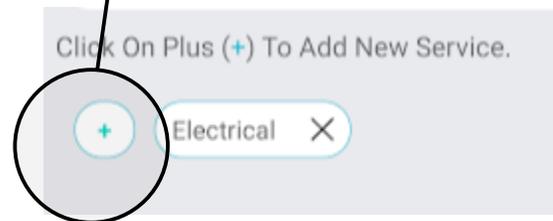

Ethings will navigate you to activate the profile. Tap 'OK' to add a service and activate your profile for customer search.

OR

Step 1: Navigate to profile menu by tapping Profile button at right bottom.

Step 2: Tap the '+' button on profile screen to add a service.

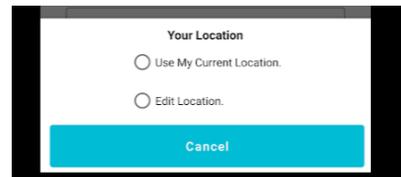

This will bring you to the page where you can add service.

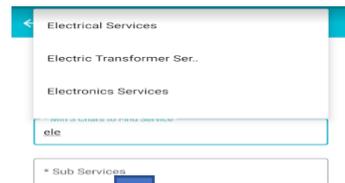

The screenshot shows a mobile app interface for adding a new service. The form has a teal header with a back arrow and the text 'Add new service'. Below the header are several input fields, each with a grey placeholder text: '* Your Service Location', 'Business or Shop Name', '* Min 3 Chars to Find Service', '* Sub Services', '* Service Address', 'Road Name, Area, Colony', 'Landmark', '* Mobile Number', and 'Alternate Mobile/WhatsApp Number'. Three black ovals are drawn around the first three fields: '* Your Service Location', '* Min 3 Chars to Find Service', and '* Sub Services'. Arrows point from these ovals to the right, towards the step descriptions. At the bottom of the form is a black navigation bar with a white back arrow and a white home indicator.

Step 1: Add service location by tapping this box. This location will be used to match the customer.

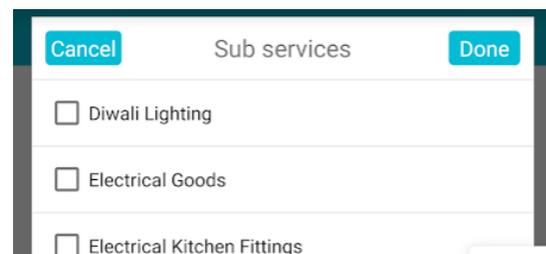

Either use current location by selecting 'Use My Current Location' or provide a location using 'Edit Location'.

Step 2: Select the service you provide. Just first 3 letters of the service and choose from the list presented.

Step 3: Tap 'Sub Service' box and select all applicable sub services that you provide.

Once you have selected sup-service, swipe down to fill state, city, and PIN code. Once done, tap 'Add' bar and the service will be added to your profile.

If any customer is searching for this service in the or nearby the service area, they will see your profile as service provider. Repeat these steps to add as many services as you provide.
