Premium Textiles in Noble Fiber

ITURRIOZ alpaca is an Architectural Textile Atelier, dedicated exclusively to textiles crafted from **100% Baby Alpaca PREMIUM** - exceptionally soft, warm textiles with a quiet and timeless presence.

Founded in 2006 by Mariana Iturrioz Mardones (Argentine–Spanish), the brand was originally launched as Baby Alpaca Collection for the Latin American market before evolving into **ITURRIOZ alpaca** for the European market, while preserving the same dedication to material integrity, refined finishing and enduring design.

We collaborate with interior designers and architects, offering a structured trade service with stock availability in Spain and made-to-order capabilities for tailored project developments.

Since 2022, the brand operates through a European import and logistics structure, with dispatch from Benalmádena (Málaga).
