

Kaskell Manufacturing, INC

CAPABILITIES

- QUALITY ASSURANCE LAB
 - Sheffield RS30 CMM
 - Brown & Sharpe Reflex CMM
 - All Inspection Equipment calibrated

CAPABILITIES

- 4TH AXIS MILLING
- CNC MILLING
- CNC TURNING
- MANUAL MACHINING
- SURFACE GRINDING
- CYLINDRICAL GRINDING
- PROTOTYPE TO PRODUCTION RUNS
- REVERSE ENGINEERING
- ASSEMBLY

PRIMARY NAIC CODES

- 332710 — Machine Shops
- 332995—Ordnance and Acc. Manufacturing
- 332999—Misc. Fabricated Metal Products
- 336992—Military & Tank Component Mfg.
- 332721—Precision Turned Products
- 332722—Bolt, Nut Screw & Washer Mfg.
- 336413—Aircraft & Aux. Mfg.
- 332439—Metal Container Mfg.
- 333514—Special Die & Tool, Die Set, Jig, & Fixture Mfg.

COMPANY CERTIFICATIONS

Cage Code: 1TNL6

JCP Certification : 0036077

DUNS Number: 169870958

WBENC Certified as Woman Owned Small Business - Certificate # W060274

WBENC Certified as Women's Business Enterprise - Certificate # 2005113344

Kaskell Manufacturing, Inc., is precision manufacturer capable of lot sizes from prototype to production quantities. We offer reverse engineering and complete manufacturing to print specifications. Certified as a Woman's Business Enterprise through the [Women's Business Enterprise National Council \(WBENC\)](#), and a [Woman Owned Small Business \(WOSB\)](#).

Kaskell Manufacturing is conveniently located off I-75 in Springboro, Ohio between Cincinnati and Dayton. Established in 2000, our company is focused on maintaining the highest quality while remaining competitively priced.

Our diverse capabilities allow us to provide solutions to a broad range of our customer's requirements. Our capabilities include both **conventional and CNC machining, including milling and turning. We specialize in 4th axis, high speed vertical machining and palletized CNC horizontal machining. We have complete grinding capabilities both flat and cylindrical to tolerances of .0002.**

Quality Policy: **"We are committed to maintaining only the most exacting quality standards through the measuring of our quality objectives, continuous improvement, customers' requirement's, statutory and regulatory requirements , and the commitment of our entire staff.**

PAST PERFORMANCE / CUSTOMERS

Large Fabricating Company - Machined components for Stryker Vehicle.

Ventari / Mil-Mar Century Corporation—Machined components for Stryker vehicle, Hippo water storage unit, and the Improved Boat Cradle.

Ambulatory Equipment Manufacturer—Supply prototype, production parts and engineering samples for ambulatory products.

Robotics Automation company —Stock and supply gripper components for EOAT tooling.
