

Congratulations

Congratulations, and welcome to the Adams County Republican Committee! At the County Committee level, we are the GRASS-ROOTS; we are the organizing infrastructure in the Political arena. You have more than just a seat at the table; you are part of the Agency in charge of charting the course for the Nation's Future. The "Party" isn't going to save you, your children, or the Nation. You are from the ground up. The County Committee is the Agency that steers the ship – and only at this level will we steer our Nation back on course to the Constitutional affirmation of our God-given rights. This Agency will save our Nation from the intoxicated-on power overlords at every level, from local Municipalities, School Boards, County seats, to Harrisburg and DC.

You have volunteered for one of the most critical positions in the Republican Party, the Agency. As a member of the Adams County Republican Committee (ACRC), you are the face and voice of the Republican Party in your precinct. You are the grassroots starting point in growing the Committee's political unit as the Agency in charge of who holds political positions at all levels. You also hold an elected office (or by appointment) just like any local, county, or state official. You have a responsibility to those who put their faith in you to fulfill the job duties, which the Founder's entrusted you with – the Constitution and Bill of Rights.

When you became a Republican Precinct Committeeman/woman, you took on a vital leadership role within the Agency with principles of:

- | | | |
|-------------------------------------|---|-----------------------|
| • Freedom, Faith, and Family | • Advancing American Values & Traditions | • Life & Liberty |
| • Equal Rights -not- Equal Outcomes | • Foster the Founders' Wisdom & Vision | • Natural Law |
| • Free-Market Economy | • Unalienable Rights of the People | • Minimal Regulations |
| • Fiscal Responsibility | • Restoring the Party of Lincoln & Reagan | • Lower Taxes |
| • Limited Government | • Sovereign Authority of the Whole People | • A Secure Border |

The strength of our decree as an Agency will be under attack from the apparatus and the leftist ideologues – from all sides. We will be working tirelessly to empower others and grow a more robust network to better counter the radical narrative that has gained a foothold in Adams County and across the Nation. To ensure true Conservative Republicans win up and down the ballot; we will be vetting candidates, weighing, and measuring each, so that Adams County voters are better informed when they arrive at the ballot box. A testament to the strength of the Adams County Republican Committee is our broad-based interest in important issues of the day. That interest compels us to act as true Republicans when called upon, speak out, and engage in public discourse. Now is not the time to be complacent! The ACRC exists for a reason. Let's utilize the tools at our disposal and WIN BIGLY! We must let all the people in our precincts know that we are working for them and listening to their voices in the process.

We will not win the Nation back at the national, state, or even at the county level; we will win it back at the precinct level, one vote at a time. Many know the "fundamentals" of an election — such as registering voters, canvassing communities, telephone calls — and they're not always glamorous. However, these fundamentals will not WIN elections unless we can get more than thirty-one percent of Republican voters to the polls, which is why we need to continue to build the Agency. That's why we are thankful that you've chosen to roll up your sleeves to take America back at the grassroots level.

You are the vital link to the success of restoring our Nation to the Constitutional Republic. We are the GRASS-ROOTS. We are the INFRASTRUCTURE. We are the AGENCY. The only one to save you is YOU! We are counting on you, and we are here for you! We hope that this handbook will help you effectively carry out the duties described in the ACRC's By-Laws and assist you as you serve in your precinct. Thank you for your commitment to stand with us and help make Adams County a successful model for other Counties across our land.

Charlotte Shaffer, Chair
Jake Butcher, Vice-Chair
