

Year-Round Check List

What Should I Do First?

At first, the job of a Committee Member may seem slightly overwhelming, especially if your precinct has not been active in the past. However, by working with the ACRC and by following a systematic approach to the position, you will not only get the job done, but you will also get it done well!

Yearly “To Do” List

The Calendar of “to-do” items will get you started. This will give you a general idea about what you should be spending your time on each month. Following the calendar are explanatory sections on many of the items. If you have questions on how to complete any of these tasks, feel free to contact the Adams County Republican Committee Chair, Vice-Chair, or your Region Captain.

January & February
