

A Well-Rounded Journey from Pre-K to 8th Grade

At GetSMART Online Academy, our curriculum is thoughtfully designed to nurture curiosity, spark creativity, and build essential skills at every stage of your child's development.

Core Subjects

Mathematics

- Early numeracy, problem-solving, critical thinking, and real-world math applications from foundational concepts through pre-algebra.

Science

- Exploring earth, life, and physical sciences with hands-on activities, virtual labs, and STEAM integration to encourage investigation and discovery.

Language Arts

- Building strong readers and communicators with phonics, comprehension, grammar, creative writing, research skills, and literature studies.

Social Studies

- Understanding history, geography, cultures, and civic responsibility, helping students connect past and present and appreciate global perspectives.
-

Enrichment & Specials

STEAM Projects

- Students of all ages participate in cross-curricular projects that combine science, technology, engineering, art, and math—encouraging creativity and innovation.

Art & Music

- Weekly opportunities for creative expression, from drawing and painting to music appreciation and performance.

Physical Education & Wellness

- Promoting healthy bodies and minds through online fitness sessions, mindfulness activities, and outdoor movement challenges.

Beyond the Basics

Social-Emotional Learning

- Activities and lessons that foster empathy, resilience, teamwork, leadership, and self-confidence.

World Languages & Culture

- Exposure to new languages and global traditions, sparking curiosity about the wider world.

Clubs & Community

- Virtual clubs, talent shows, community service projects, and special events to help students connect, lead, and discover new interests.
-

Personalized Support

- Small Classes: Every student receives individualized attention and encouragement.
- Tutoring Included: Personalized support is built into our program, at no extra cost.
- Teacher Office Hours: Daily access to teachers for help, questions, and check-ins.
- Family Partnership: Regular updates and progress reports keep families involved every step of the way.
