POND SUPPLIES	DISCRIPTION	QUANTITY	TOTAL DUE	Macon County SWCD Fall Fish Sale PAGE 2
HB Blue Dye \$20 quart HB Black Dye \$20 quart	Pond dye can be used to limit sunlight penetration and help limit algae & vegetation growth. We recommend 1 quart of blue and 1 quart of black per acre.			
Triton High Protein Fish Food 50lbs. =\$50	Triton Fish food is a 45% protein (fishmeal based) fish foo that can be fed to fish to increase growth rates and enhance the overall health of the fish .			
HB All Seasons Blend Bacteria \$11/ pound	Bacteria product is used to reduce the level of nutrients in the pond which are the primary culprit of excessive algae & vegetation growth. This product aids in the nutrient reduction process which leads to more manageable nutrient levels. We recommend 4lbs of bacteria per acre per month			
Texas Hunter Automatic Fish Feeder \$850	Texas Hunter fish feeder is the premium fish feeder available on the market and is operated by a programable timer and powered off of a 12v battery and solar panel (all included)
