ITS HOT HOT HOT!!!

WOW! The news I am getting is that most of the country is experiencing hotter than normal temperatures. 90s in Michigan and Ohio. Of course, Florida is seeing 100+ "real feel". Meanwhile on our western trip we are having 40's at night. At Glacier Park we got to experience SNOW falling from the sky and sticking for a little while at the lower elevations. The Going to the Sun Road is not open yet as they had 30' of snow plus 3' the day we arrived. We did get to go about 1/2 way up and it was beautiful.

I do get a chance to talk to some of our members when we have cell service. I hear that we have picked up few new participants and I can't wait to meet them. We have been gone about 6 weeks and are almost halfway thru the RV Tour portion of our summer trip. We will be meeting up with Jeff and Mary Bailey in a couple of weeks which will be nice. We are "the worst heat of the summer LOL.

We are "planning" on being home mid-August just in time to experience the worst heat of the summer LOL.

The Holiday Party planning is well underway, and it looks like the Ladies have some neat ideas for us.

There are some changes going on at the National level with the present Director of Rider Education stepping down sometime after Wing Ding and once they have found a replacement. If you are interested in becoming a member of the National Team, please feel free to contact National for the job requirements.

Have Great and Safe 4th of July!!!!!!

Watch the Heat, stay hydrated and be SAFE

Where is your First Aid Kit?

Hello everyone,

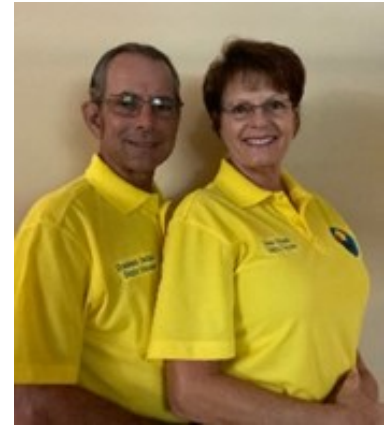

If I were to ask you where your First Aid Kit is located on your bike, trike, or trailer you could probably answer me without hesitation, exactly where it is located. What would happen if you were the one who is incapacitated and is in need of your First Aid Kit? Would other members on the ride be able to quickly find it without your assistance? Any GWRRA Member who is a Level 3 or higher is required to carry their own First Aid Kit, but this is not a perfect world and it could be possible they do not have one with them. In an emergency, it is possible for people to go into panic mode and they might not be thinking clearly as they frantically search for a First Aid Kit.

What could we do to make it easier to locate a First Aid Kit in an emergency? You could place "First Aid Kit" vinyl stickers on the exterior of your bike, trike, or trailer to indicate the location of a First Aid Kit. Attached are photos of what the stickers look like and where you could mount

them. They can be purchased on Amazon or other places on line for a couple of dollars.

You or someone in your Chapter may also carry an AED (Automated External Defibrillator) with them. It would also be necessary to quickly locate this device in an emergency. Vinyl stickers for that device can also be purchased and placed on the outside of the location on your bike, trike, or trailer where it can be found.

Florida District Riding and Medic First Aid (MFA) classes are available upon request to maintain your Levels status. For ARC (Advanced Two-Wheel Riding Courses) or for TRC (Trike Riding Courses) contact Dominick at

Dominickflde@gmail.com.

For MFA Classes contact Claudia at rvega19854@gmail.com.

We are here to assist you with your training needs.
