#### School Building Construction Program Update

Tieu Hoc Elementary School in Luong Dong, HUE  
Inaugurated on October 16, 2009

Before

The Luong Dong Chang'an is the oldest school in Truoi, Hue City and has more than 100 years of history in it. The school is known to many artists, teachers, and intellectuals of the country. The old school building is situated next to the vacant land above. It is the students and teachers wish to have multi-function rooms, such as a library, reading room, training room for gifted students, computer room, auditorium and a sports activity room, in this vacant land.

After

SAVICE funding for the Luong Dong Chang'an school made it possible to turn the vacant land into a multi-function rooms that the students and teachers has wished for. The construction that started in the summer of 2009 has received a lot of attention and support not only from the local managing board, but also from Dr. Hoang Trong Chau, Professor of Medicine Institute of the University of Hue. The work was completed in time for use at the beginning of the school year of 2009-2010.

HOA Hung Elementary School in Giong Rieng, Ca Mau  
Inaugurated on August 27, 2009

Before

After

The school is a local hut house and is located in the middle of a low valley. The walls were made from thatched leaves. The students endure the sun and the rain that goes through the roof and it is always flooded here during the rainy season. The students need row boats or canoes in order to get to school, which is about 1/2 hour from the ferry Giong Rieng. Even in this condition, the school continued to exists over many years.

Before

After

The inauguration of the new school building has brought joy and happiness to all the students, parents, as well as the teachers. Gratitude was over-flowing to all Savice donors, contributors and volunteers. Savice funding has touched the lives of many people even those who lived in the most Southern tip of the S-shaped country, Ca Mau.

Ky Think Elementary School in Ky Anh, Ha Tinh  
Inaugurated on June 18, 2009

Before

This is a vacant land located right next to the old Ky Think school structure. In 2003, the school tried to request funding from the states to repair and build new classrooms but, there was no funding available. In 2009, Savice became interested in helping the school. After Savice's committee reviewed the proposal, funding was approved to build 3 new classrooms for the school.

After

Ky Think school was established in rural farm lands. The students were always taught to "Always trust the good things in life!" After Savice came to help the school, the State became more mindful and motivated to appropriate local budget to support construction of additional classrooms for the school.

Kon H'Ring Elementary School in Cu'Mgar, Daklak  
Inaugurated on September 13, 2008

Before

This old school was built from old and dilapidated pieces of wooden boards and tree trunks. Though the floor was concrete, the school yard remain unpaved. The school get dusty during dry season and turns into swamp during the rainy season. Classes were divided into 3 shifts to accommodate all the students attending school.

After

On September 13, 2008, the new school building was inaugurated. The occasion was very memorable for all students of the remote area of Cu Mgar. Savice funding was able to change the old school into a new, spacious classrooms and paved school yard. The students were filled with excitement, joy & happiness as they start their first day in school.

**Children's Scholarship Grants Update**

For 2009, Savice has approved a total of 487 scholarship grants. Among the beneficiaries are: 236 Elementary, 251 High School and 5 University students.
