**College grads and upper-level students are also encouraged to apply for a contract 3D Civil Engineering Visualization production position with Real Image Solutions!**

RIS, a highly respected transportation agency service provider located in Orlando, FL, is a full-service visualization company that offers clients:

- 123BIM Realtime Visualization
- Road Safety Audit 3D
- 3D Renderings & Animations
- 2D/3D Photo Composites
- 2D/3D Proposal Graphics
- 2D/3D Technical Illustrations

**Position and Responsibilities:**

- ✓ Responsible for the 3D production for a variety of transportation renderings utilizing 3ds Max
- ✓ Deliver high quality visualizations within sometimes short and demanding timeframes
- ✓ Critically read and digest feedback + direction from RIS/client, with clear communication throughout the visualization process
- ✓ Provide summary updates and progress reports

This is a fully remote position, and the successful candidate will be expected to utilize their own computer hardware/software.

**Pay:**

Commensurate to skills and level of experience.

**REQUIRED QUALIFICATIONS:**

- ✓ Demonstrated knowledge and experience in the use of AutoCAD/Civil 3D or Microstation, 3ds Max, and the Adobe Creative Suite
- ✓ Ability to understand transportation design plans to turn them into 3D models
- ✓ Ability to collaborate effectively to produce high quality visualizations for clients
- ✓ Ability to edit photos to produce high end final visualization deliverables
- ✓ Ability to adapt to change in designs and project scope in a fast-paced, deadline-oriented environment
- ✓ Ability to take instruction, but also work independently
- ✓ Technical aptitude, problem-solving ability, and attention to detail
- ✓ Excellent English language communication skills

**PREFERRED QUALIFICATIONS:**

- ➢ Bachelor's or Associate's degree, or upper-level student studying Civil Engineering, Graphic Design, or closely related field

- Demonstrated visualization production experience in the AEC industry, with an "artistic eye" for producing high quality visualizations for project needs is strongly preferred
- Proficiency in key software programs such as InfraWorks, ConceptStation, Lumen RT a bonus
- Understanding of CADD and GIS applications (Bentley/Autodesk CADD platforms
- Strong written and oral communication skills

**Sample Work:**
Where possible, please provide links to your work samples including applications used to produce them.

**What You Will Do:**
RIS's visualization business is looking for a dynamic and highly collaborative Transportation Visualization Specialist or qualified student to join our growing company. In this role you will be expected to work independently, with supervision and guidance as necessary, to provide visualization services on a variety of transportation projects including state and local roads, interstates and interchanges, bridges, toll roads, intelligent transportation systems, as well as transit and rail facilities.

Real Image Solutions is an Equal Opportunity/Affirmative Action Employer. All qualified candidates will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or other characteristics protected by law.
