

Creating Kindness

✦ KIDS CARE ESSENCE & MISSION BAKED INTO OUR MAIN PROGRAM ✦

01 | KINDNESS IN DOING SERVICE ✨

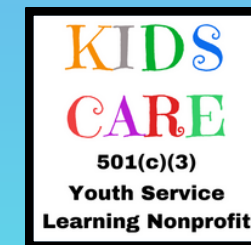

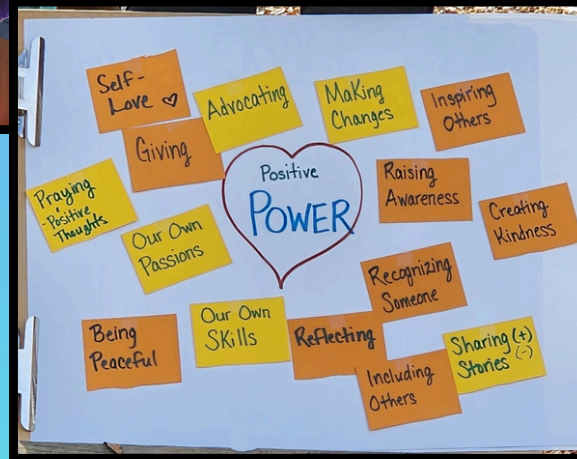

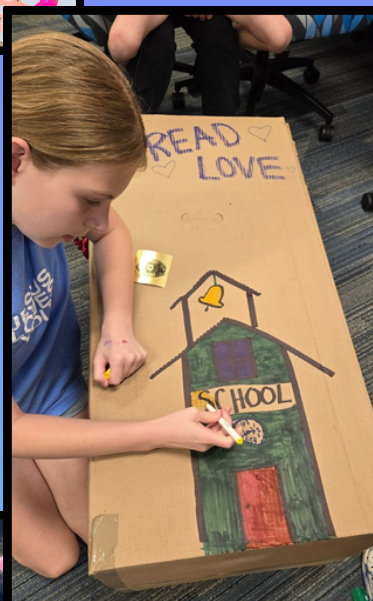

KIDS CARE was born from an eight-year-old girls' heart to gather friends to do nice things for people, the way kids want to, because KIDS do CARE. Our name, KIDS CARE is an acrostic poem:

Kindness In Doing Service (KIDS), Connecting And Respecting Everyone (CARE).

Since 2019, this is still our intention, and the heart behind our monthly service opportunities. As a small nonprofit, we work hard to create a minimum of one service opportunity per month. These experiences are generated off of our youths' volunteer ideas and their hearts desires on how & who they want to serve.

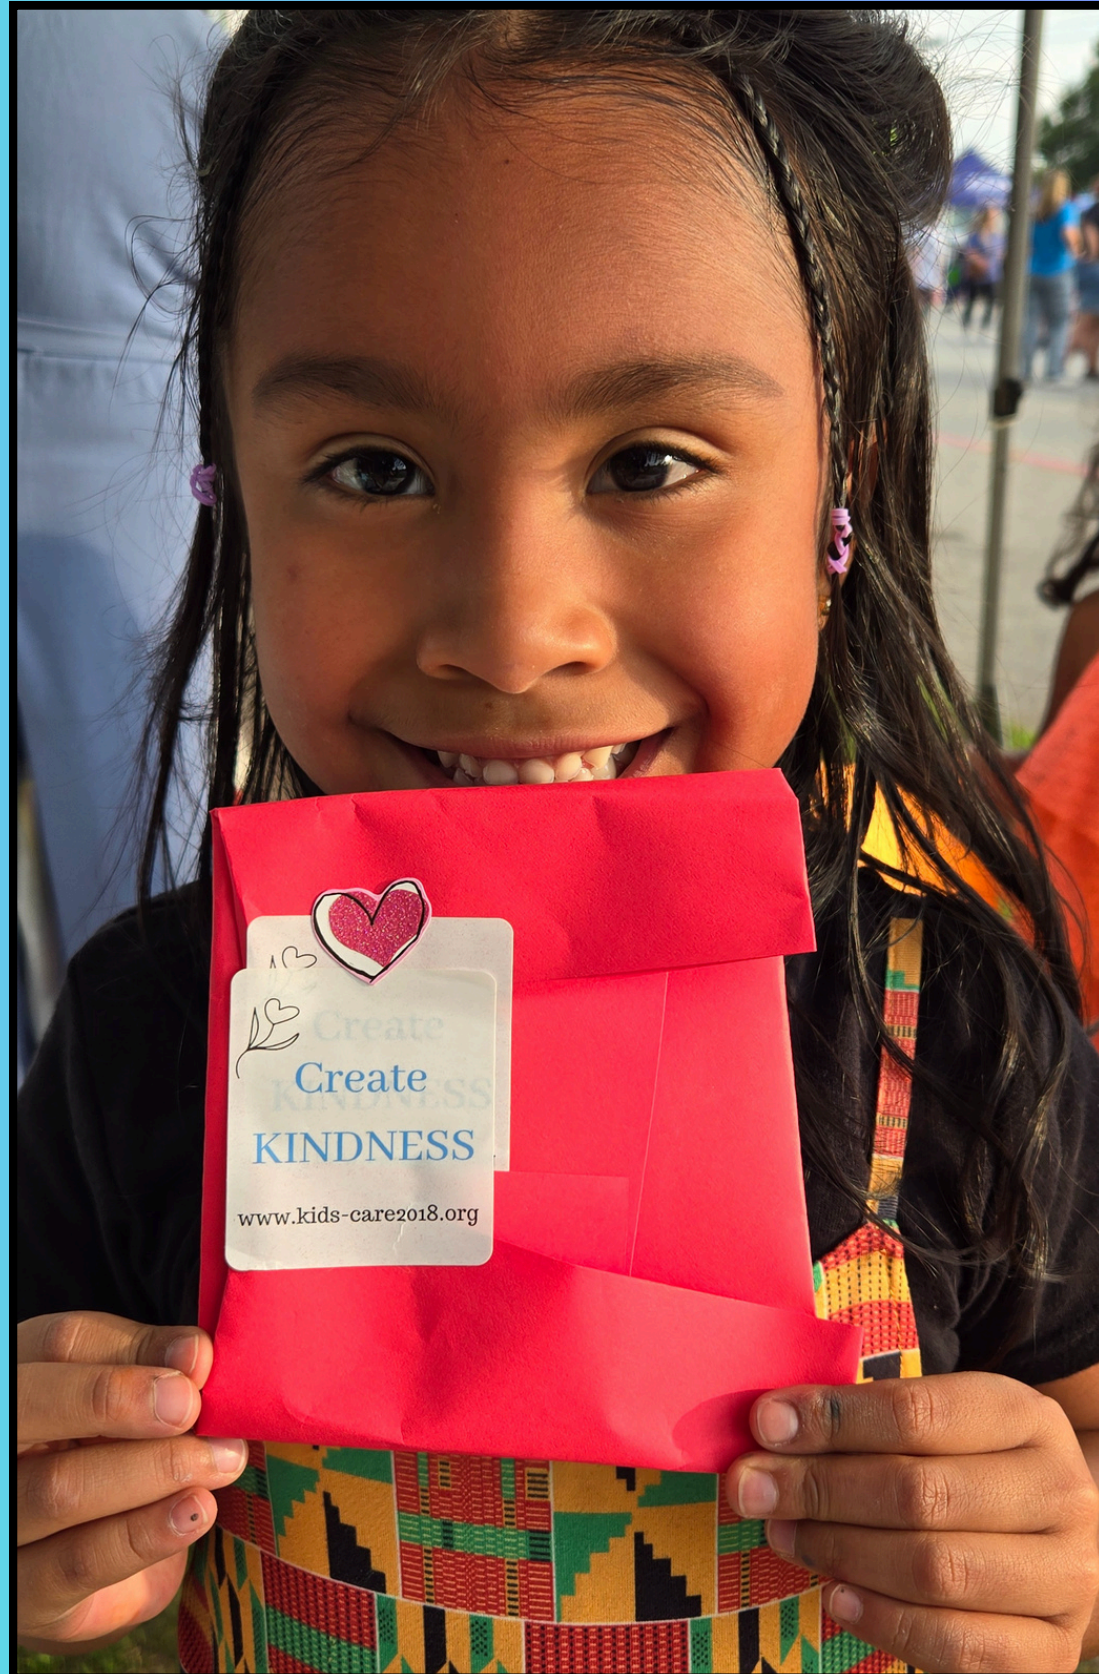

COMMUNITY SERVICE OPPORTUNITIES OFFERED ONCE A MONTH ✨

✨ SERVICE EXPERIENCES ARE CREATED FROM YOUTHS SERVICE IDEAS & DESIRES

02

A safe place to be kind.

We've experienced, that gathering like-minded individuals in one space, for the specific purpose & intention of creating kindness, naturally produces a safe place to express kindness. With no fear of being judged, and no pressure for being too nice, new ideas, dreams, and actions of kindness are generated.

We love our youth gatherings where we create space to listen & explore kindness with kids.

FIRST RESPONDERS, VETERANS & ACTIVE MILITARY, HOSPITAL STAFF & PATIENTS

KIDS CARE loves supporting first responders, vets and active military personnel, hospital staff & patients. We often deliver kindness Cards, in-kind donations and the occasional positive chalk messages. These small gestures are aimed to show our big Love for them all.

We are very proud to also work hand in hand with a few local first responders to serve our community together. Check out our "Backing the Need " and "Recycling Cans for a Cause" programs. Additionally, educating our volunteers and the public about these special groups and suggesting ways to express gratitude is a heartfelt priority of our nonprofit.

✦ 04 LOCAL NONPROFITS

KIDS CARE is proud to consistently donate various in-kind donations & service hours to local non profits. Our monthly missions and partnerships within the community spark numerous giving opportunities to support our neighbors in need. Teaching our volunteer families about our local nonprofits, such as what they do, who they serve and what they need, can really reflect back a level of gratitude that may be otherwise missed.

05 ✨

BRIDGING
THE GAP
BETWEEN
YOUTH &
SENIORS

01

We have grown a beautiful partnership with Sterling Estates of West Cobb retirement community. Experiences we share together create joy, laughter, friendship, respect & fulfillment.

02

Some experience we've shared have included Christmas caroling, board game days, creating kindness cards together, sidewalk chalk love, and a special summer of in-house theater.

03

In 2024, we partnered together to engage 150 pen pals. After 6 months of correspondence, we had a fabulous meet & greet party. Sweet new relationships were formed and plenty of heart smiles were shining.

07 KINDNESS CARDS

To date we have created, inspired & given 3,789 Kindness Cards.

Kindness cards are given to first responders, veterans & active military, hospital staff, sick children, senior citizens, students and other beautiful beings.

Expressing gratitude, thanks, sympathy, encouragement and other positive messages is an excellent form of authentic Kindness.

Taking time to wish others well is a true gift for both the givers & the receivers.

08

SOCIAL EMOTIONAL LEARNING

Our service learning experiences are always used to reach youth on all levels, including expanding their social & emotional awareness.

Topics of the heart and character are learned thru service and touched upon during our special heart talks before & after service experiences. These include compassion, empathy vrs. sympathy, bravery, courage, patience, perseverance, creativity, respect, acceptance, self pride, commitment, sacrifices, community, curiosity, belief, self confidence, humility, gratitude, appreciation, integrity, leadership, friendship, intergenerational respect, diversity, and more!
