## Big Question of the Week

How can God Be Three Persons at the Same Time?

### The Simple Answer

The idea of God being three persons at the same time is hard to understand. That's because God's thought and ways are so different and so much higher than ours. We are humans, God is God! He knows everything.

But we can still try to understand how God can be three-in-one. Take an egg for example, it has three parts: the shell, the white and the yolk but they are all part of the same egg. What about your family? You might be a daughter, a niece and sister all at the same time.

We use the word trinity to describe God as three persons:

God

God's Son Jesus

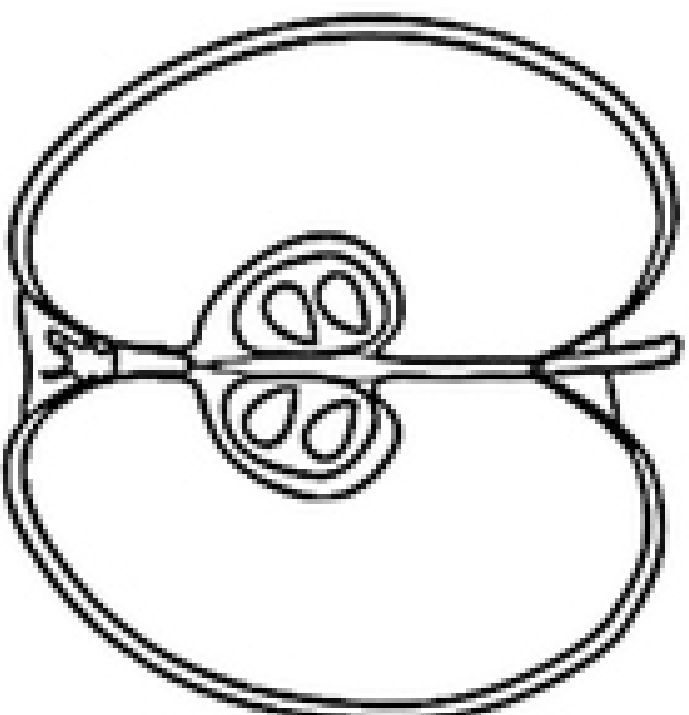

God's Holy Spirit

All three in one!
