ANTI-AGING FORMULA

WHAT IS DVGEN40?

DVGEN40 unique combination of 39 natural ingredients carefully selected for its anti-aging properties. Scientists, Geneticists, Doctors, and a highly qualified team of Chemists have worked hand in hand in the formulation of this product.

What makes DVGEN40 stand out from the rest is the potency and effectiveness of its ingredients, besides the extensive investigation into every single ingredient backed up with the scientific community.

Therefore, this product is the perfect natural alternative to prevent, even reverse signs of aging.

DVGEN40

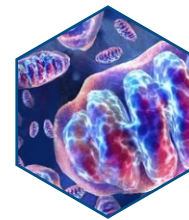

ANTI-AGING 4 IN 1*

TELOMERE, THYMUS, NfR2 AND RN14 ACTIVATOR

39 RAW MATERIALS IN ONE FORMULA

6 Enzymes

SOD (Superoxide Dismutase), Catalase, Pancreatin 4X, Betain HCl, Pepsin + Rutin & Protein.

15 Glandular Blend^{††} + Thymus & DHEA

Liver, Heart, Lung, Stomach, Pancreas, Spleen, Adrenal, Lymph, Orchic, Prostate, Ovary, Pituitary, Uterus, Mammary, Oxbile, DHEA (Dehydroepiandrosterone) + Thymus.

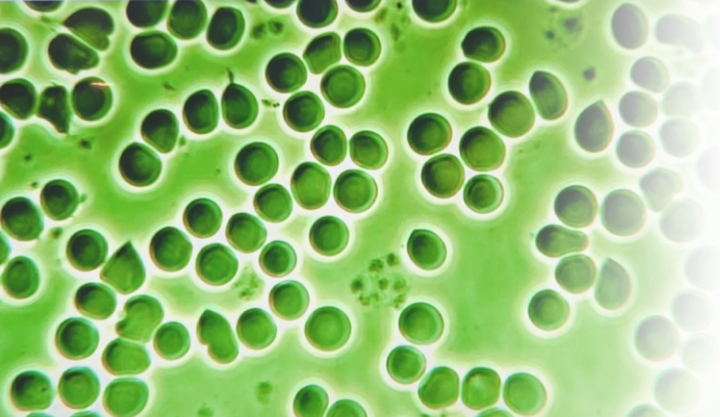

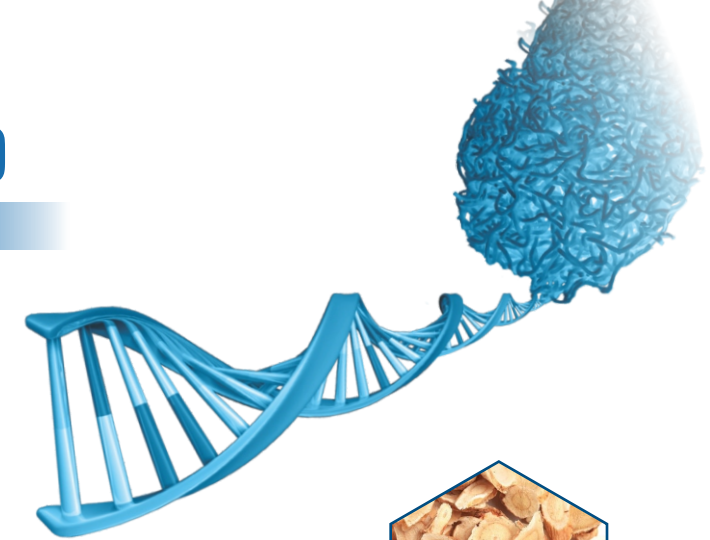

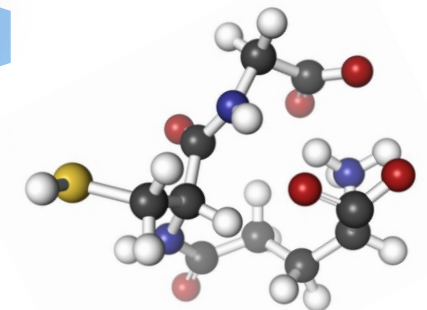

^{††}(from Bovine)

14 Botanical Herbs

Astragalus, Resveratrol, Ginger, Rosemary, Goat's Rue, Clove, Dandelion, Saw Palmetto, Licorice, Alfalfa, Foti, Eleutherococcus, Dong Quai & Sarsaparilla.

3 Aminoacids

L-Glutathione, L-Arginine & L-Lysine.

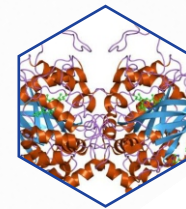

DVGEN40

4 FORMULAS IN ONE
1340 MG

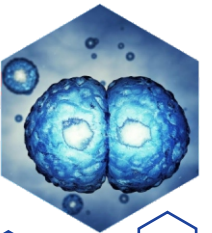

1 **Telomerase Activator:** Astragalus 5:1 & Resveratrol 98%

Telomerase is a specialized enzyme that plays a role crucial in preserving the ends of chromosomes called telomeres, whose function is to protect genetic material (DNA) contained in them. Its main function is to prevent loss of essential genetic information during cell replication. In this way, telomerase can maintain or even extend the length of telomeres, which prevents shortening progressively and theoretically prolongs the lifespan of cells.

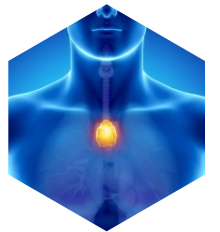

2 **Enzyme NRF2 Activator (Oxidative Stress):** SOD Superoxide Dismutase, Catalase, L-Glutathione, Rosemary (Rosmarinus officinalis), Ginger, Sophora Japonica Rutin .

The NRF2 enzyme plays an important role in the antioxidant response of the body, as it helps regulate the expression of genes involved in defense against stress oxidative.

3 **Thymus Activator:** Galega officinalis Goat's Rue , Lyophilized Thymus, Blend Amino Acids & DHEA (Dehydroepiandrosterone).

Research suggests that one of the best therapies for anti-aging, consists of restoring the tissue in the gland of the Thymus to regenerate the immune system.

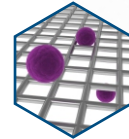

4 **Cell NR14 Activator:** NR14 A Synergistic Blend Of 14 Lyophilized Organs.

PH LABS NR14 is rich in cellular messenger nutrients. Cellular or glandular therapy uses cells and tissues freeze-dried from unborn animals to treat various diseases and conditions, especially as an alternative to keep you healthy.

What Makes Our Product So Unique?

The product is manufactured with micronization technology, which reduces particle size solid to dimensions of a thousandth part, on the scale of micrometers (1 micrometer = 0.001 millimeters).

By obtaining such small particles homogeneously, you can improve the quality and effectiveness of the physical and chemical properties, facilitating its absorption and bio-availability in the body.
