

**Meraki Health Safety Policy: No Driving During Telehealth Appointments**

For the safety of our patients and others, **Meraki Health strictly prohibits driving during telehealth appointments.** Patients must be in a **safe, stationary, and private location** before beginning their session.

**Liability Disclaimer:**

Meraki Health and its providers are not liable for any accidents, injuries, or legal consequences resulting from a patient's failure to comply with this policy. If a patient is found driving during a session, the provider reserves the right to terminate the appointment immediately.
