

Got Trees?

Got Chainsaw?

Need Knowledge?

**Join landowners, sugarmakers, and foresters for LEVEL 1 of the
GAME OF LOGGING
at Gateway Farm
Rte 116 North of Bristol
October 13 or October 14
\$50 per person deposit (returned the day of the class)**

Course Requirements:

~ No indoor classroom is required; however, a covered area for the Level 2 maintenance/sharpening session is handy when weather conditions are poor.

~ Students “**must bring**” - a sound hard hat; hearing/eye protection; lunch; water; long pants; sturdy leather/work/hiking boots (steel or carbon toes are recommended); weather/work appropriate clothing; a good attitude; well rested mind; and a drug/alcohol free body.

~ Chain saw chaps, if possible. The instructor has an extra pair of chaps that can be used when operating the chain saw. Leather/chain saw gloves (optional)

~ Personal chain saw (optional) with new chain. You can use the instructor’s saw if necessary.

~ Students under 18 must have parent’s permission and be physically capable of operating a chain saw.

~ **Classes typically run from 8:00 a.m. until 4:00 p.m. and start promptly on-time.**

~ Classes are rarely cancelled due to weather – high winds, lightning, heavy rains are the exception. Light rain/snow, hot/cold are acceptable conditions.

~ GOL uses a "hands on" teaching format, however, there will be 6 to 9 other individuals in the class and all will be practicing the skills taught by the instructor, one at a time. There will be a fair amount of standing, watching, and most importantly, learning. Be sure to dress well for standing still in “cold weather.”
