

December 7, 2022

Dear Patients,

This letter is to inform you that in order to provide better quality of care, I have decided to downsize my practice. I am going to reduce the size of my patient panel and will release all inactive patients whom I have not met. I will provide essential medical care until March 12, 2023.

You can call 811 Health Link BC to be put on their waitlist for a new care provider. Please also find attached the local and telehealth options for making appointments until you are able to find a new family physician or nurse practitioner.

STEPS will continue to recruit family physicians and will be in contact with you directly should they be successful.

Thank you for understanding.

A handwritten signature in black ink, appearing to be 'Joline Choi', with a stylized flourish at the end.

Dr. Joline Choi
