5.3 <i>Individual tests positive for COVID-19 following the use of a LFD at home.....</i>	<i>47</i>
5.4 <i>Onsite Testing individuals with SEND .....</i>	<i>48</i>

## 1.0 Introduction

The Considerations for COVID-19 Risk Assessment is a development document which will help schools identify relevant hazards and control measures. It is important that you don't just put your school name to it as that would not satisfy the law - and would not protect your employees.

Even where the hazards are the same, the control measures you adopt may have to be different from those in the examples to meet the particular conditions in your workplace. It is important to remember that a risk assessment is only effective if you and your staff act upon the controls included within. You must follow through with any actions required and review it on a regular basis, especially if you have identified that your planned control measures aren't working, and improvements can therefore be implemented within your school. As a result, any control measures which aren't relevant must be deleted.

The Management of Health and Safety at Work Regulations 1999, place a duty on all employers to make a suitable and sufficient assessment of the risks to the health and safety of their employees, whilst they are at work, and to others who may be affected by the employer's undertakings.

It is recommended that the School's risk assessment procedure should be developed by the Governing Body in conjunction with the Headteacher and members of the School Leadership Team and in accordance with the appropriate legislation the operational day-to-day responsibility for the management of Health & Safety is a School responsibility.<sup>1</sup> The Health and Safety at Work Act 1974 places overall responsibility for health and safety with the employer, this varies with the type of school, the table below details this.

School Type	Employer
Community schools	North Tyneside Council (2)
Community special schools	
Voluntary controlled schools	
Maintained nursery schools	
Pupil referral units	
Foundation schools	Schools Governing Body
Foundation special schools	
Voluntary aided schools	
Independent schools	Schools Governing Body or Proprietor
Academies and free schools	The Academy Trust
Multi academy trusts	
* As an occupier of the premises, all school governing bodies still have health and safety responsibilities within the schools, even where they aren't the employer.	

<sup>1</sup> <https://www.gov.uk/government/publications/health-and-safety-advice-for-schools/responsibilities-and-duties-for-schools>

<sup>2</sup> Under section 29(5) of the Education Act 2002, local authorities have powers to direct health and safety matters relating to school premises or school activities taking place elsewhere in these types of School and should only use these powers when a school's health and safety arrangements are inadequate.

*The Education Act 2002<sup>3</sup> and the Schools Standards & Frameworks Act 1998<sup>4</sup> also notes that for those Schools they shall comply with any direction given to them by the Local Authority concerning the health and safety of persons on the school's premises or taking part in any school activities elsewhere and in these instances the LA directs those Schools to use the LA Framework Risk Assessments.*

Some schools operate as part of a Public Private Partnership (PPP), Private Finance Initiative (PFI) or Non-Profit Distribution (NPD) arrangement. In these cases, teachers, Teaching Assistants and Administrative staff are typically employed by the local authority. However, some staff in ancillary services, for example catering, caretaking or cleaning staff, may be employed by the organisation contracted to provide these ancillary services.

**The hazards, risks and control measures in this document are non-exhaustive, the school has a duty to ensure that all significant hazards on site are adequately risk assessed with suitable control measures to ensure the risk is low as practicable.**

Schools should share the results of their risk assessment with their workforce. If possible, they should consider publishing it on their website to provide transparency of approach to parents, carers and pupils (HSE would expect all employers with over 50 staff to do so).

## 1.1 Version Control

### Original Format/Template: For Health and Safety Team

<b>Document Title</b>	Considerations for COVID-19 Risk Assessment Development (DRAFT)	<b>Document Reference</b>	HSGUI 036	<b>Version Number</b>	7.0
<b>Reviewer</b>	Health and Safety Team	<b>Previous Review</b>	03 March 2021	<b>Issue Date</b>	02 Sept 2021
<b>Point Number</b>	<b>Reference Point/ Number</b>	<b>Comments</b>			
1 (15/06/20)	Whole Document	Formatted to include version control systems and action plan			
2 (15/06/20)	1.0	Provided an introduction and amended form to provide it as a risk assessment template rather than a sample			
3 (15/06/20)	2.2, 2.3, 2.4, 2.5, 2.6, 2.7	Added text to <i>Risk</i> and <i>Control Measures</i> columns			
4 (15/06/20)	3.2	Added text to <i>Risk</i> column			
5 (15/06/20)	4.4	Added text to <i>Control Measures</i> columns

<sup>4</sup> <http://www.legislation.gov.uk/ukpga/1998/31/contents>

6 (08/07/20)	1.0	Added text to <i>introduction</i> relating to sharing risk assessment
7 (08/07/20)	2.1, 2.2, 2.3, 2.5, 2.6,	Added text to <i>Control Measures</i> columns
8 (08/07/20)	3.1	Added text to <i>Control Measures</i> columns
9 (08/07/20)	4.1, 4.2, 4.4, 4.8, 4.9, 4.12, 4.13, 4.14, 4.15	Added text to <i>Risk</i> and <i>Control Measures</i> columns
10 (14/08/20)	2.6	Added text to <i>Control Measures</i> columns
11 (14/08/20)	3.2	Added text to <i>Control Measures</i> columns
12 (14/08/20)	4.16	Added a new <i>Hazard</i> and includes relevant <i>Risk</i> and to <i>Control Measures</i> columns
13 (28/01/21)	2.2, 2.3, 2.6, 2.7	Added text to <i>Control Measures</i> columns
14 (28/01/21)	3.1	Added text to <i>Control Measures</i> columns
15 (28/01/21)	4.2, 4.3, 4.10, 4.11	Added/removed text to <i>Control Measures</i> and <i>Site Comments</i> columns
16 (28/01/21)	5.0	Added new <i>Hazards</i> and <i>Control Measures</i> related to <i>testing</i>
17 (28/01/21)	Whole Document	Updated Header to remove <i>Engie</i> references
18 (25/02/21)	2.1, 2.2, 2.3, 2.6	Added text to <i>Control Measures</i> columns
19 (25/02/21)	3.1	Added text to <i>Control Measures</i> columns
20 (25/02/21)	4.15	Added text to <i>Control Measures</i> columns
21 (25/02/21)	5.1, 5.2, 5.3, 5.4	Added text to <i>Hazard</i> , <i>Risk</i> and <i>Control Measures</i> columns
22 03/03/21)	2.6	<i>Control Measures</i> relating to Clinically Vulnerable Staff have been amended in line with Government Guidance and findings of Individual Risk Assessments
23 (02/09/21)	Whole Document	Reviewed to bring in line with government guidance issued for Autumn 2021 (marked in <b>Orange</b> )

## 2.0 PEOPLE MANAGEMENT AND COMMUNICATION

Hazard	Risk	Control Measures	Site Comments
<p><b>2.1 Reopening a building following closure (including partial) summer holidays</b></p>	<p>Employees, pupils, contractors, visitors.</p> <p><i>i.e.,</i> Fatality, serious illness or injury due to not using suitable equipment which could cause fire, explosions, Legionellosis, gas release, explosion, collapse, etc.</p>	<ul style="list-style-type: none"> <li>• All outstanding inspections, testing or servicing of equipment relating to hot and cold-water systems; gas safety; fire safety; kitchen equipment; security including access control and intruder alarm systems; ventilation, lifts/hoists is in place and deemed suitable prior to opening</li> <li>• Legionella monitoring has been maintained during <b>summer holidays national—restrictions</b> as has the onsite flushing requirements in line with guidance provided by specialist Legionella advice</li> <li>• All systems have been recommissioned before re-opening, as would normally be done after a long holiday period. This includes gas, heating, water supply, mechanical and electrical systems, and catering equipment.</li> <li>• All areas and surfaces have been cleaned and disinfected prior to reopening</li> <li>• Pest control for insect infestations have been contacted and remedied</li> <li>• Thorough clean the kitchen prior to reopening before food preparation resumes if closed during national restrictions</li> <li>• School has reviewed Chartered Institute of Building Services Engineers' guidance on <a href="#">emerging from lockdown</a> and ensured that all buildings have been checked and comply with this prior to reopening.</li> </ul>	<ul style="list-style-type: none"> <li>• All inspections have been carried out.</li> <li>• Legionella checks were maintained twice weekly during the summer holidays.</li> <li>• School was still operational over the summer holidays.</li> <li>• Full deep clean has been carried out during school operation times as all rooms are being used. All weekly inspections are carried out as normal. These are conducted by the Headteacher in liaison with the School Business Manager.</li> <li>• This is undertaken by the Headteacher/ School Business Manager- as part of routine checks.</li> <li>• All systems used continually throughout the academic year</li> <li>• Deep cleans occur every week and during holiday breaks.</li> <li>• No pests as building has not been fully closed.</li> </ul>

North Tyneside Council

**North Tyneside Council** - Schools Health and Safety, Quadrant, (1<sup>st</sup> Floor),  
The Silverlink North, Cobalt Business Park, North Tyneside, NE27 0BY

			<ul style="list-style-type: none"> <li>• Kitchen cleaned as used throughout school operation times.</li> <li>• ROSPA check done before lockdown and equipment used since, repairs have been undertaken summer term 2020.</li> </ul>
<p><b>2.2 Prevent spread of COVID-19</b></p>	<p>Employees, pupils, contractors, visitors.</p> <p>Contracting Coronavirus</p>	<ul style="list-style-type: none"> <li>• A register is in place at the school identifying staff members who have received the vaccination for COVID-19.</li> <li>• The government has removed the requirement to wear face coverings in law, but it is recommended that face coverings are worn in school when:             <ul style="list-style-type: none"> <li>○ Participating in the LFD testing in the ATS testing area at the school.</li> <li>○ In enclosed and crowded spaces when staff meet people they don't normally meet.</li> <li>○ Pupils and staff are accessing public and dedicated transport.</li> </ul> </li> <li>• Staff and pupils wash or sanitise their hands when they remove their face covering.</li> <li>• Access to handwashing facilities and hand sanitiser readily available around the school site.</li> <li>• <a href="#">Face covering guidance</a> followed.</li> <li>• Staff to be advised to continue to make sensible decisions regarding their proximity to others both in class and when working with colleagues.</li> <li>• <del>Face coverings will be worn by adults and pupils when moving around the premises where social distancing cannot easily be maintained (where pupils in year 7 (which would be children who were aged 11 on 31 August 2020) and above are educated)</del></li> </ul>	<ul style="list-style-type: none"> <li>• Education settings should make sure their contingency plans cover the possibility that it may be advised that face coverings should temporarily be worn in settings in their area. This may include face coverings in communal areas and/or classrooms, for pupils, students and staff.</li> <li>• Education settings should make sure your Outbreak Management plans cover the possibility that in some local areas it may become necessary to reintroduce 'bubbles' for a temporary period, to reduce mixing between groups.</li> <li>• Although social distancing is no longer a legal requirement for staff and pupils, Headteachers still have a legal duty to ensure the health and safety of their staff and pupils.</li> </ul>

North Tyneside Council

North Tyneside Council - Schools Health and Safety, Quadrant, (1<sup>st</sup> Floor), The Silverlink North, Cobalt Business Park, North Tyneside, NE27 0BY

		<ul style="list-style-type: none"> <li>• <del>Face coverings will be worn in classrooms or during activities unless social distancing can be maintained. This does not apply in situations where wearing a face covering would impact on the ability to take part in exercise or strenuous activity, for example in PE lessons. (where pupils in year 7 (which would be children who were aged 11 on 31 August 2020) and above are educated)</del></li> <li>• In primary schools, face coverings will be worn by staff and adult visitors in situations where social distancing between adults is not possible (for example, when moving around in corridors and communal areas). Children in primary school do not need to wear a face covering.</li> <li>• Staff/pupils wishing to wear face coverings when on the school site can do so.</li> <li>• Face visors or shields will not be worn as an alternative to face coverings.</li> <li>• School will have a small contingency supply of face coverings available for people who are struggling to access a face covering; are unable to use their face covering as it has become damp, soiled or unsafe; or have forgotten their face covering</li> <li>• Ongoing communications (posters, emails, inductions, briefing, has been provided to all staff, pupils and visitors regarding face coverings which includes: <ul style="list-style-type: none"> <li>○ When they should be worn</li> <li>○ How they should be removed</li> <li>○ Safe storage requirements</li> <li>○ When they require changing</li> </ul> </li> <li>• <del>School will engage with the NHS Test and Trace process</del></li> <li>• The school will keep a record of pupils and staff known to be symptomatic or to have tested positive, so that they can provide assistance <u>if</u> contacted by NHS Track and Trace.</li> </ul>	<ul style="list-style-type: none"> <li>• Measures previously put in place (e.g., one-way systems/dedicated access/egress points into the building) to ease congestion when staff and pupils are entering/exiting and moving about the building can still continue.</li> <li>• Consideration be given to phasing in school activities where year groups and staff will interact during the start of the school term.</li> <li>• Adult to wear face coverings is not mandatory but in place for staff who wish to do so.</li> <li>• Yes we have Covid boxes with additional resources in them. These are kept stocked up as and when it runs out.</li> <li>• Yes and risk assessment updated. Headteacher regularly sends out communication to staff, parents and Governors. Staff are aware of the processes which school has in place.</li> </ul>

		<p>passengers including using larger vehicles <del>or cordoning off seats and eliminating face-to-face seating</del></p> <ul style="list-style-type: none"> <li>○ Taking appropriate actions to reduce risk if hygiene rules <del>and social distancing is</del> are not possible, for example when transporting children with complex needs who need support to access the vehicle or fasten seatbelts</li> </ul>	
<p><b>4.14 Practical Lessons i.e. Science or D&amp;T</b></p>	<p>Employees, pupils, contractors, visitors.</p> <p>Contracting Coronavirus</p>	<ul style="list-style-type: none"> <li>● <del>Prep rooms and other stores are only to be used by one person at a time</del></li> <li>● Pupils will wash hands with soap and water prior to and following any practical – this will be appropriately managed to ensure pupils are doing this in a socially distanced manner</li> <li>● If hand washing is not manageable, then hand gels should be used, and these must be non-alcohol based (due to the flammability of alcohol-based gels). When purchasing non-alcohol-based hand gels ensure they claim to kill 99.99% of viruses and bacteria (this is a regulated term in the UK, meaning the product must have passed a BSI test).</li> <li>● Practical activity risk assessments will be reviewed prior to the lesson to take into account safety measures associated with COVID-19 and a decision will be made whether it can be safely managed as a class activity or a demo</li> <li>● Timetables have been reviewed to take into account that practical lessons will take longer than normal to complete</li> <li>● <del>Long and complex multi-step practical's will be avoided apart from with very experienced pupils.</del></li> <li>● <del>Practical tools and equipment will be setup at the pupil workstations. This will be done before the lesson by staff who follow social distancing rules at all times.</del></li> <li>● <del>Where pupils need to move around the room, they should raise their hand to attract the teacher's attention and ask permission</del></li> </ul>	<ul style="list-style-type: none"> <li>● Although social distancing is no longer a legal requirement for staff and pupils, Headteachers still have a legal duty to ensure the health and safety of their staff and pupils. Measures previously put in place (e.g., one-way systems/dedicated access/egress points into the building) to ease congestion when staff and pupils are entering/exiting and moving about the building can still continue.</li> <li>● Consideration be given to phasing in school activities where year groups and staff will interact during the start of the school term. Staff are to be advised to continue to make sensible decisions regarding their proximity to others both in class and with colleagues</li> </ul>

		<p>to move to use a particular piece of equipment. The teacher can then monitor movement and ensure that only one person is in any zone.</p> <ul style="list-style-type: none"> <li>• In food rooms, pupils may need to access fridges during a practical activity – minifridges or cool boxes will be purchased and used at each workstation, rather than expecting pupils to move around the room to collect chilled items. Non-chilled ingredients will be at the pupil workstation prior to starting the activity.</li> <li>• Once the practical has finished, pupils will tidy up their equipment, wash their hands using soap and water and then leave the room in an orderly fashion similar to their arrival into the room. Then the teachers / technician will clear away equipment used.</li> <li>• At the end of any practical session, all equipment and spare material will be cleared away by the technician and wiped with a suitable cleanser prior to being stored away for future use. Machines or other fixed equipment that has been used will be wiped clean and readied for use in the next session. Waste material will be placed in a suitable bin and removed from the room prior to the next session.</li> <li>• Demonstrations will not involve pupils crowding around a bench, but will still be done by making use of data projectors and digital cameras / visualizers</li> <li>• Teachers will keep their distance when observing the pupils as they work through the practical activity, it is therefore essential that competencies of pupils to carry out task without the intervention of the teacher will be considered within the risk assessment</li> <li>• Eye protection will be sanitised before and after every use.</li> </ul>	<ul style="list-style-type: none"> <li>• N/A</li> <li>• Practical sessions are few and far between within our setting. Any practical science experiments would be undertaken within the relevant classroom. These recommendations will be taken on board as and when required.</li> </ul>
