Item/ project		Cost	Objective	Expected Outcomes	
Active Start Training and Resource Pack		£110	<ul style="list-style-type: none"> Active Start is an early years programme for children up to the age of 7. The programme focuses upon using physical activity and active play to support children to be healthy, to learn and be active for life. The Active Start Training and Resource Pack has been created to inspire and increase activity levels. The programme will support you, as a practitioner, to help children within your setting develop a wide movement vocabulary to support their overall physical, cognitive, social and emotional development. To give our children as many experiences outside the classroom as possible. Ensure that our children's learning provides them with the skills that they will need for later in their life. Learning that is tailored to the individual needs of our children. Development of self-motivation, independence, positive attitudes and confidence. Ensuring that teaching gives challenge to our children. Improve educational outcomes for all children. 	<ul style="list-style-type: none"> Staff to receive training in order to understand the Active Start Resource Pack and how to implement it alongside the Physical Development educational programmes. By creating games and providing opportunities for play both indoors and outdoors, practitioners can support children to develop their core strength, stability, balance, spatial awareness, co-ordination and agility. Develop greater resilience and healthier lifestyles in our children. Encourage growth mindset in our children. Improve our children's attitudes to learning and exercise. Develop our children's metacognition and self-regulation. Reflect upon our strategies used for children's skills linked with the prime areas of learning. 	
Total received	EYPP	£108.00	Total expenditure	EYPP	£110.00
